LEGISLATIVE COUNSEL'S DIGEST

SB 876, as amended, Committee on Budget and Fiscal Review.  
~~Budget Act of 2014.~~ *Education finance.*

*(1) Existing law establishes the Child Care Facilities Revolving Fund, a continuously appropriated fund, to provide funding for the renovation, repair, or improvement of an existing building to make it suitable for licensure for child care and development services and for the purchase of new relocatable child care facilities for lease to local educational agencies and contracting agencies that provide child care and development services. Existing law requires local educational agencies and contracting agencies using facilities made available by the use of these funds to be charged a leasing fee, as specified, and requires the Superintendent of Public Instruction to deposit any revenue derived from the lease payments into the fund. Existing law requires augmentations to the fund made in the Budget Act of 2014 to be used for renovation or repair of existing local educational facilities or new relocatable child care facilities for lease to local educational agencies that provide California state preschool program services.*

*This bill would require the funding for the renovation, repair, or improvement of an existing building to make it suitable for licensure for child care and development services to be used for loans, would require the loans to be repaid within a period that does not exceed 10 years, and would require the Superintendent to deposit all revenue derived from the loan repayments into the fund, thereby making an appropriation. The bill would also require augmentations to the fund made in the Budget Act of 2014 to be used for loans for renovation or repair of existing local educational agency facilities to ensure those facilities meet applicable health and safety standards or the purchase of new relocatable child care facilities for lease to local educational agencies, for the purpose of expanding access to California state preschool program services.*

*(2) Existing law requires the cost of child care services provided for CalWORKs recipients to be governed by regional market rates and requires the regional market rate ceilings to be established at the 85th percentile of the 2005 regional market rate survey for that region.*

*This bill, commencing January 1, 2015, would instead require the regional market rate ceilings to be established at the greater of either the 85th percentile of the 2009 regional market rate survey for that region, reduced by 9%, or the 85th percentile of the 2005 regional market rate survey for that region.*

*(3) Existing law requires the Department of Finance and the Department of General Services to approve or disapprove annual state subsidized child care and development program contract funding terms and conditions, including both family fee schedules and regional market rate schedules that are required to be adhered to by contract. Existing law, commencing January 1, 2015, requires the State Department of Education to implement the regional market schedule based upon the county aggregates, as determined by the Regional Market survey conducted in 2009 and require the regional market rate schedule to be reduced by 13%, except as specified.*

*This bill would instead require the regional market rate schedule to be reduced by 9%, except as specified.*

*(4) Existing law authorizes a child development contractor to retain a reserve fund balance equal to 5% of the sum of the maximum reimbursable amount of all contracts to which the contractor is a party, or \$2,000, whichever is greater, and authorizes a California state preschool program contracting agency to retain in the reserve fund an additional 10% of the sum of the maximum reimbursable amount of all*

*preschool contracts to which the contracting agency is a party for purposes of professional development for California state preschool program staff.*

*This bill would clarify the reserve fund balance limits that apply to child development contractors and California state preschool program contracting agencies, as specified.*

*(5) Existing law requires a school district or charter school, as a condition of receipt of apportionment for pupils in a transitional kindergarten program, to ensure that teachers who are assigned to a transitional kindergarten class after July 1, 2015, be credentialed and, by August 1, 2020, have a minimum number of units in early childhood education or childhood development, comparable experience in a preschool setting, or a child development permit issued by the Commission on Teacher Credentialing.*

*This bill would instead require a school district or charter school, as a condition of receipt of apportionment for pupils in a transitional kindergarten program, to ensure that credentialed teachers who are first assigned to a transitional kindergarten class after July 1, 2015, have, by August 1, 2020, a minimum number of units in early childhood education or childhood development, comparable experience in a preschool setting, or a child development teacher permit issued by the Commission on Teacher Credentialing.*

*(6) Existing law, commencing with the 2015–16 school year, authorizes a school district, charter school, or county office of education to provide independent study courses for pupils enrolled in kindergarten and grades 1 to 12, inclusive, in accordance with prescribed conditions. Existing law provides for the computation of the average daily attendance for pupils enrolled in courses offered pursuant to these provisions.*

*This bill would revise the computation of the average daily attendance for those independent study courses by providing that if more than 10% of the total average daily attendance of a school district, charter school, or county office of education is claimed pursuant to those courses, the amount of average daily attendance for all pupils enrolled by that school district, charter school, or county office of education enrolled in those courses that exceeds 10% of the school district's, charter school's, or county office of education's total average daily attendance shall be reduced, as specified.*

*(7) Existing law establishes the California Career Pathways Trust as a state education and economic and workforce development initiative,*

*requires the State Department of Education to administer the trust as a competitive grant program, as specified, and provides that a grant recipient may be a school district, county office of education, direct-funded charter school, or community college district.*

*This bill would provide that a regional occupational center or program operated as a joint powers authority may also be a grant recipient.*

*(8) Existing law requires the Chancellor of the California Community Colleges to publicly post annual segmentwide and community college district goals, and requires the chancellor, in coordination with stakeholders, specified committees of the Legislature, and the Department of Finance, to develop, and the board of governors to adopt, a framework of indicators designed to measure and assess the ongoing condition of a community college's operational environment in specified areas. Existing law requires, as a condition of the receipt of specified funds, each community college within a community college district to annually develop, adopt, and post a goals framework that addresses at least all of the specified areas referenced above in connection with the measurement and assessment of the ongoing condition of a community college's operational environment.*

*This bill would state legislative intent regarding these goals frameworks and would require the board of governors to annually develop, adopt, and publicly post a systemwide goals framework that addresses at least all of the specified areas referenced above in connection with the measurement and assessment of the ongoing condition of a community college's operational environment.*

*(9) Existing law requires the California State University and the University of California to report, by March 15 of each year, on specified performance measures, including various calculations of graduation rates and amounts spent per degree, for the preceding academic year.*

*This bill would express the intent of the Legislature that the appropriate policy and fiscal committees of the Legislature review these performance measures in a collaborative process with the Department of Finance, the Legislative Analyst's Office, individuals with expertise in statewide accountability efforts, the University of California, the California State University, and the California Community Colleges, and consider any recommendations for their modification and refinement, as specified.*

*(10) Existing law establishes procedures to be followed by the University of California if it plans to use any of the support appropriation in the annual budget for a subsequent fiscal year for capital expenditures, as specified. Under existing law, these procedures include the submission of specified data to the Joint Legislative Budget Committee.*

*This bill would revise these procedures to provide for the submission of this data to the committees in each house of the Legislature that consider the annual state budget and the budget subcommittees in each house of the Legislature that consider appropriations for the University of California, instead of to the Joint Legislative Budget Committee.*

*(11) Existing law requires the Regents of the University of California to give public notice of a project to bidders by publication twice in one newspaper of general circulation published in the county in which the major portion of the project is located and in one trade paper circulated in the county in which the major portion of the work is to be done, as specified, within the 60-day period preceding the day set for the receiving of bids.*

*This bill would authorize the regents to give public notice of a project to bidders under this provision either in the newspaper and trade paper as indicated above or electronically on the Internet Web site of the university.*

*(12) Existing law authorizes a school district or charter school to maintain a transitional kindergarten program and defines transitional kindergarten as the first year of a 2-year kindergarten program that uses a modified kindergarten curriculum that is age and developmentally appropriate. Existing law requires the Superintendent of Public Instruction to administer all California state preschool programs. Existing law requires those programs to include part-day age and developmentally appropriate programs designed to facilitate the transition to kindergarten for 3- and 4-year-old children. Existing law requires the county board of supervisors and the county superintendent of schools to select members of a local planning council. Existing law requires a local planning council to conduct an assessment of child care needs in the county no less than once every 5 years.*

*Of the moneys appropriated in the Budget Act of 2014, this bill would allocate certain of those moneys for purposes of professional development stipends, to be administered by local planning councils, for teachers in transitional kindergarten and teachers in the California state preschool program, as provided. By imposing a new duty on a*

*local planning council, the bill would create a state-mandated local program.*

*(13) This bill would make nonsubstantive changes to these provisions.*

*(14) Funds allocated by this bill would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution, as provided.*

*(15) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.*

*This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.*

*(16) This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.*

~~This bill would express the intent of the Legislature to enact statutory changes relating to the Budget Act of 2014.~~

Vote: majority. Appropriation: ~~no~~-yes. Fiscal committee: ~~no~~ yes. State-mandated local program: ~~no~~-yes.

*The people of the State of California do enact as follows:*

1     SECTION 1. Section 8278.3 of the Education Code is amended  
2     to read:  
3     8278.3. (a) (1) The Child Care Facilities Revolving Fund is  
4     hereby established in the State Treasury to provide funding for  
5     loans for the renovation, repair, or improvement of an existing  
6     building to make the building suitable for licensure for child care  
7     and development-services services, and for the purchase of new  
8     relocatable child care facilities for lease to local educational  
9     agencies and contracting agencies that provide child care and  
10    development services, pursuant to this chapter. The Superintendent  
11    may transfer state funds appropriated for child care facilities into  
12    this fund for allocation to local educational agencies and  
13    contracting agencies, as specified, for the purchase, transportation,  
14    and installation of facilities for replacement and expansion of  
15    capacity. Local educational agencies and contracting agencies  
16    using facilities made available purchased by the use of these funds

1 shall be charged a leasing fee, either at a fair market value for those  
2 facilities or at an amount sufficient to amortize the cost of purchase  
3 and relocation, whichever amount is lower, over a 10-year period.  
4 Upon full repayment of the purchase and relocation costs, title  
5 shall transfer from the State of California to the local educational  
6 agency or contracting agency. *Loans for renovation or repair shall*  
7 *be repaid within a period that does not exceed 10 years.* The  
8 Superintendent shall deposit all revenue derived from the lease  
9 payments *or renovation or repair loan repayments* into the Child  
10 Care Facilities Revolving Fund.

11 (2) Notwithstanding Section 13340 of the Government Code,  
12 all moneys in the fund, including moneys deposited from lease  
13 ~~payments~~, *payments or loan repayments*, are continuously  
14 appropriated, without regard to fiscal years, to the Superintendent  
15 for expenditure pursuant to this article.

16 (3) Augmentations to the Child Care Facilities Revolving Fund  
17 made in the Budget Act of 2014 shall be used for *loans for*  
18 *renovation or repair* of existing local educational agency facilities  
19 *to ensure those facilities meet applicable health and safety*  
20 *standards or the purchase of new relocatable child care facilities*  
21 *for lease to local educational agencies that provide agencies, for*  
22 *the purpose of expanding access to California state preschool*  
23 *program services pursuant to this chapter.*

24 (b) On or before August 1 of each fiscal year, the Superintendent  
25 shall submit to the Department of Finance and the Legislative  
26 Analyst's Office a report detailing the number of funding requests  
27 received and their purpose, the types of agencies that received  
28 funding from the Child Care Facilities Revolving Fund, the  
29 increased capacity that these facilities generated, a description of  
30 the manner in which the facilities are being used, and a projection  
31 of the lease payments *and loan repayments* collected and the funds  
32 available for future use.

33 (c) A local educational agency that provides child care pursuant  
34 to the California School Age Families Education Program (Article  
35 7.1 (commencing with Section 54740) of Chapter 9 of Part 29 of  
36 Division 4 of Title 2) is eligible to apply for and receive funding  
37 pursuant to this section.

38 *SEC. 2. Section 8357 of the Education Code is amended to*  
39 *read:*

1     8357. (a) The cost of child care services provided under this  
2 article shall be governed by regional market rates. Recipients of  
3 child care services provided pursuant to this article shall be allowed  
4 to choose the child care services of licensed child care providers  
5 or child care providers who are, by law, not required to be licensed,  
6 and the cost of that child care shall be reimbursed by counties or  
7 agencies that contract with the State Department of Education if  
8 the cost is within the regional market rate. For purposes of this  
9 section, “regional market rate” means care costing no more than  
10 1.5 market standard deviations above the mean cost of care for  
11 that region. The regional market rate ceilings shall be established  
12 at the 85th percentile of the 2005 regional market rate survey for  
13 that region. *Commencing January 1, 2015, the regional market*  
14 *rate ceilings shall be established at the greater of either the 85th*  
15 *percentile of the 2009 regional market rate survey for that region,*  
16 *reduced by 9 percent, or the 85th percentile of the 2005 regional*  
17 *market rate survey for that region.*

18     (b) Reimbursement to license-exempt child care providers shall  
19 not exceed 60 percent of the family child care home rate established  
20 pursuant to subdivision (a), effective July 1, 2011.

21     (c) Reimbursement to child care providers shall not exceed the  
22 fee charged to private clients for the same service.

23     (d) Reimbursement shall not be made for child care services  
24 when care is provided by parents, legal guardians, or members of  
25 the assistance unit.

26     (e) A child care provider located on an Indian reservation or  
27 rancheria and exempted from state licensing requirements shall  
28 meet applicable tribal standards.

29     (f) For purposes of this section, “reimbursement” means a direct  
30 payment to the provider of child care services, including  
31 license-exempt providers. If care is provided in the home of the  
32 recipient, payment may be made to the parent as the employer,  
33 and the parent shall be informed of his or her concomitant legal  
34 and financial reporting requirements. To allow time for the  
35 development of the administrative systems necessary to issue direct  
36 payments to providers, for a period not to exceed six months from  
37 the effective date of this article, a county or an alternative payment  
38 agency contracting with the State Department of Education may  
39 reimburse the cost of child care services through a direct payment  
40 to a recipient of aid rather than to the child care provider.

1 (g) Counties and alternative payment programs shall not be  
2 bound by the rate limits described in subdivision (a) when there  
3 are, in the region, no more than two child care providers of the  
4 type needed by the recipient of child care services provided under  
5 this article.

6 (h) Notwithstanding any other ~~provision~~ of law, reimbursements  
7 to child care providers based upon a daily rate may only be  
8 authorized under either of the following circumstances:

9 (1) A family has an unscheduled but documented need of six  
10 hours or more per occurrence, such as the parent's need to work  
11 on a regularly scheduled day off, that exceeds the certified need  
12 for child care.

13 (2) A family has a documented need of six hours or more per  
14 day that exceeds no more than 14 days per month. In no event shall  
15 reimbursements to a provider based on the daily rate over one  
16 month's time exceed the provider's equivalent full-time monthly  
17 rate or applicable monthly ceiling.

18 (3) This subdivision shall not limit providers from being  
19 reimbursed for services using a weekly or monthly rate, pursuant  
20 to subdivision (c) of Section 8222.

21 *SEC. 3. Section 8447 of the Education Code is amended to*  
22 *read:*

23 8447. (a) The Legislature hereby finds and declares that greater  
24 efficiencies may be achieved in the execution of state subsidized  
25 child care and development program contracts with public and  
26 private agencies by the timely approval of contract provisions by  
27 the Department of Finance, the Department of General Services,  
28 and the State Department of Education and by authorizing the State  
29 Department of Education to establish a multiyear application,  
30 contract expenditure, and service review as may be necessary to  
31 provide timely service while preserving audit and oversight  
32 functions to protect the public welfare.

33 (b) (1) The Department of Finance and the Department of  
34 General Services shall approve or disapprove annual contract  
35 funding terms and conditions, including both family fee schedules  
36 and regional market rate schedules that are required to be adhered  
37 to by contract, and contract face sheets submitted by the State  
38 Department of Education not more than 30 working days from the  
39 date of submission, unless unresolved conflicts remain between  
40 the Department of Finance, the State Department of Education,

1 and the Department of General Services. The State Department of  
2 Education shall resolve conflicts within an additional 30 working  
3 day time period. Contracts and funding terms and conditions shall  
4 be issued to child care contractors no later than June 1. Applications  
5 for new child care funding shall be issued not more than 45  
6 working days after the effective date of authorized new allocations  
7 of child care moneys.

8 (2) Notwithstanding paragraph (1), until January 1, 2015, the  
9 State Department of Education shall implement the regional market  
10 rate schedules based upon the county aggregates, as determined  
11 by the Regional Market survey conducted in 2005. Commencing  
12 January 1, 2015, the State Department of Education shall  
13 implement the regional market rate schedules based upon the 85th  
14 percentile of county aggregates, as determined by the Regional  
15 Market survey conducted in 2009. Commencing January 1, 2015,  
16 the regional market rate schedule developed pursuant to this  
17 paragraph shall be reduced by ~~13~~ 9 percent. If a ceiling for a county  
18 is less than the ceiling provided for that county before January 1,  
19 2015, the State Department of Education shall use the ceiling from  
20 the Regional Market survey conducted in 2005.

21 (3) It is the intent of the Legislature to fully fund the third stage  
22 of child care for former CalWORKs recipients.

23 (c) With respect to subdivision (b), it is the intent of the  
24 Legislature that the Department of Finance annually review  
25 contract funding terms and conditions for the primary purpose of  
26 ensuring consistency between child care contracts and the child  
27 care budget. This review shall include evaluating any proposed  
28 changes to contract language or other fiscal documents to which  
29 the contractor is required to adhere, including those changes to  
30 terms or conditions that authorize higher reimbursement rates, ~~that~~  
31 modify related adjustment factors, ~~that~~ modify administrative or  
32 other service allowances, or ~~that~~ diminish fee revenues otherwise  
33 available for services, to determine if the change is necessary or  
34 has the potential effect of reducing the number of full-time  
35 equivalent children that may be served.

36 (d) Alternative payment child care systems, as set forth in Article  
37 3 (commencing with Section 8220), shall be subject to the rates  
38 established in the Regional Market Rate Survey of California Child  
39 Care Providers for provider payments. The State Department of  
40 Education shall contract to conduct and complete a Regional

1 Market Rate Survey no more frequently than once every two years,  
2 consistent with federal regulations, with a goal of completion by  
3 March 1.

4 (e) By March 1 of each year, the Department of Finance shall  
5 provide to the State Department of Education the state median  
6 income amount for a four-person household in California based  
7 on the best available data. The State Department of Education shall  
8 adjust its fee schedule for child care providers to reflect this  
9 updated state median income; however, no changes based on  
10 revisions to the state median income amount shall be implemented  
11 midyear.

12 (f) Notwithstanding the June 1 date specified in subdivision (b),  
13 changes to the regional market rate schedules and fee schedules  
14 may be made at any other time to reflect the availability of accurate  
15 data necessary for their completion, provided these documents  
16 receive the approval of the Department of Finance. The Department  
17 of Finance shall review the changes within 30 working days of  
18 submission and the State Department of Education shall resolve  
19 conflicts within an additional 30 working day period. Contractors  
20 shall be given adequate notice before the effective date of the  
21 approved schedules. It is the intent of the Legislature that contracts  
22 for services not be delayed by the timing of the availability of  
23 accurate data needed to update these schedules.

24 *SEC. 4. Section 8450 of the Education Code is amended to*  
25 *read:*

26 8450. (a) All child development contractors are encouraged  
27 to develop and maintain a reserve within the child development  
28 fund, derived from earned but unexpended funds. Child  
29 development contractors may retain all earned funds. For purposes  
30 of this section, “earned funds” are those for which the required  
31 number of eligible service units have been provided.

32 (b) (1) Earned funds shall not be expended for ~~any~~ activities  
33 proscribed by Section 8406.7. Earned but unexpended funds shall

11 *amounts of all preschool contracts to which the contracting agency*
