Senate Bill No. 941

CHAPTER 433

An act to add Article 1.4 (commencing with Section 678) to Chapter 5 of Division 3 of the Harbors and Navigation Code, relating to vessels.

[Approved by Governor September 18, 2014. Filed with Secretary of State September 18, 2014.]

LEGISLATIVE COUNSEL'S DIGEST

SB 941, Monning. Vessel operator cards.

(1) Existing law prohibits the operation or navigation of a for-hire vessel, as defined, in the waters of California while carrying passengers, except by a person who holds a valid operator’s license issued by the Division of Boating and Waterways. Under existing law, a person applying for an operator’s license is required to undergo an examination, that may include, among other things, an inspection of the for-hire vessel.

Existing law requires the division to approve boating safety courses and personal watercraft education courses, as specified.

This bill would prohibit the operation of a vessel that is propelled by an engine in the waters of the state except by a person who is in possession of a valid vessel operator card developed and issued by the division, and would impose that prohibition on persons pursuant to a specified schedule. The bill would exempt certain persons from that requirement, as specified.

The bill would require the division, on or before January 1, 2018, to develop vessel operator cards and issue a vessel operator card to a person who provides the division with proof that the person has passed a vessel operator examination and would authorize the division to develop an examination. The bill would require the division to provide links to approved examinations on its Internet Web site. The bill would require the division to charge specified fees for those cards, would establish the Vessel Operator Certification Account in the Harbors and Watercraft Revolving Fund, and would require the fees to be deposited in that account. The bill would authorize the division to expend the moneys in the account, upon appropriation by the Legislature, for purposes of the vessel operator card program.

The bill would require an amount not to exceed $4,000,000 to be transferred, upon appropriation in the annual Budget Act, from the Harbors and Watercraft Revolving Fund to the Vessel Operator Certification Account in the form of a loan to be used by the division to develop and establish the program. The bill would require the division to repay the loan from fees received from the issuance of vessel operator cards within 8 years of the effective date of this act.
The bill would require the division on or before April 1, 2019, and annually thereafter, to prepare a report that contains specified information, including, among other things, the total number of vessel operator cards issued and the number of violations reported to the division. The bill would also require the division on or before April 1, 2023, and again on April 1, 2028, to post on its Internet Web site specified recommendations relating to the program.

The bill would provide that a violation of the bill’s provisions is an infraction, and would require a court to order a person who violates those provisions to complete and pass a boating safety course approved by the division. By creating a new crime, this bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The people of the State of California do enact as follows:

SECTION 1. Article 1.4 (commencing with Section 678) is added to Chapter 5 of Division 3 of the Harbors and Navigation Code, to read:

(c) A vessel operator examination developed or approved by the division shall be consistent with the National Association of State Boating Law Administrators’ National Boating Education Standards, as applicable to basic vessel operations, rules of navigation, and boating safety only.

678.7. (a) An amount not to exceed four million dollars ($4,000,000) shall, upon appropriation in the annual Budget Act, be transferred from the Harbors and Watercraft Revolving Fund to the Vessel Operator Certification Account in the form of a loan to be used by the division to develop and establish the program under this article.

(d) The loan shall not impair the intended expenditure purposes of the Harbors and Watercraft Revolving Fund.

678.9. (a) On or before April 1, 2019, and on or before April 1 annually thereafter, the division shall prepare a report that includes all of the following information with respect to the prior calendar year:

2. The fees collected, and the costs incurred, by the division pursuant to this article.

4. The number of violations of this article reported to the division.
(b) The report shall be posted on the division’s Internet Web site.

(c) On or before April 1, 2023, and again on April 1, 2028, the report prepared by the division and posted on its Internet Web site shall include recommendations, developed by the division, in consultation with the technical advisory group established pursuant to subdivision (b) of Section 678.3, relating to any program changes to improve boater safety in California or, alternatively, reasons why the program should not be continued.

678.11.
