No. 1143

Introduced by Senator Liu

February 20, 2014

An act to amend Sections 51749.5 and 51749.6 of the Education Code, relating to pupil instruction.

LEGISLATIVE COUNSEL'S DIGEST

SB 1143, as amended, Liu. Pupil instruction: independent study.

Existing law, notwithstanding any other law, and commencing with the 2015–16 school year, authorizes a school district, charter school, or county office of education to provide independent study courses for pupils enrolled in kindergarten and grades 1 to 12, inclusive, in accordance with prescribed conditions. Existing law provides for the computation of the average daily attendance for pupils enrolled in courses offered pursuant to these provisions. Existing law requires the Superintendent of Public Instruction to conduct an evaluation, as provided, of independent study courses offered pursuant to these provisions and to report the findings to the Legislature and the Director of Finance no later than September 1, 2019.

This bill would revise the computation of the average daily attendance for those independent study courses by providing ~~that~~ *that*, if more than 10% of the total average daily attendance of a school district, charter

school, or county office of education is claimed pursuant to those courses, then the average daily attendance for pupils enrolled in the courses that is in excess of 10% of the school district’s, charter school’s, or county office of education’s total average daily attendance shall be reduced, as specified. ~~The bill would delay the report date to no later than September 15, 2019.~~ The bill also would make nonsubstantive changes.

 State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 51749.5 of the Education Code is
 2 amended to read:
 3 51749.5. (a) Notwithstanding any other law, and commencing
 4 with the 2015–16 school year, a school district, charter school, or
 5 county office of education may, for pupils enrolled in kindergarten
 6 and grades 1 to 12, inclusive, provide independent study courses
 7 pursuant to the following conditions:
 8 (1) The governing board or body of a participating school
 9 district, charter school, or county office of education adopts
 10 policies, at a public meeting, that comply with the requirements
 11 of this section and any applicable regulations adopted by the state
 12 board.
 13 (2) A signed learning agreement is completed and on file
 14 pursuant to Section 51749.6.
 15 (3) Courses are taught under the general supervision of
 16 certificated employees who hold the appropriate subject matter
 17 credential pursuant to Section 44300 or 44865, or subdivision (I)
 18 of Section 47605, meet the requirements for highly qualified
 19 teachers pursuant to the federal No Child Left Behind Act of 2001
 20 (20 U.S.C. Sec. 6301 et seq.), and are employed by the school
 21 district, charter school, or county office of education at which the
 22 pupil is enrolled, or by a school district, charter school, or county
 23 office of education that has a memorandum of understanding to
 24 provide the instruction in coordination with the school district,
 25 charter school, or county office of education at which the pupil is
 26 enrolled.
 27 (4) (A) Courses are annually certified, by school district, charter
 28 school, or county office of education governing board or body

1 resolution, to be of the same rigor and educational quality as
2 equivalent classroom-based courses, and shall be aligned to all
3 relevant local and state content standards.

4 (B) This certification shall, at a minimum, include the duration,
5 number of equivalent daily instructional minutes for each schoolday
6 that a pupil is enrolled, number of equivalent total instructional
7 minutes, and number of course credits for each course. This
8 information shall be consistent with that of equivalent
9 classroom-based courses.

10 (5) Pupils enrolled in courses authorized by this section shall
11 meet the applicable age requirements established pursuant to
12 Sections 46300.1, 46300.4, 47612, and 47612.1.

13 (6) Pupils enrolled in courses authorized by this section shall
14 meet the applicable residency and enrollment requirements
15 established pursuant to Sections 46300.2, 47612, 48204, and
16 51747.3.

17 (7) (A) Certificated employees and each pupil shall communicate
18 in person, by telephone, or by any other live visual or audio
19 connection no less than twice per calendar month to assess whether
20 each pupil is making satisfactory educational progress.

21 (B) For purposes of this section, satisfactory educational
22 progress includes, but is not limited to, applicable statewide
23 accountability measures and the completion of assignments,
24 examinations, or other indicators that evidence that the pupil is
25 working on assignments, learning required concepts, and
26 progressing toward successful completion of the course, as
27 determined by certificated employees providing instruction.

28 (C) If satisfactory educational progress is not being made,
29 certificated employees providing instruction shall notify the pupil
30 and, if the pupil is less than 18 years of age, the pupil's parent or
31 legal guardian, and conduct an evaluation to determine whether it
32 is in the best interest of the pupil to remain in the course or whether
33 he or she should be referred to an alternative program, which may
34 include, but is not limited to, a regular school program. A written
35 record of the findings of an evaluation made pursuant to this
36 subdivision shall be treated as a mandatory interim pupil record.
37 The record shall be maintained for a period of three years from
38 the date of the evaluation and, if the pupil transfers to another
39 California public school, the record shall be forwarded to that
40 school.

1 (D) Written or computer-based evidence of satisfactory
2 educational progress, as defined in subparagraph (B), shall be
3 retained for each course and pupil. At a minimum, this evidence
4 shall include a grade book or summary document that, for each
5 course, lists all assignments, examinations, and associated grades.

6 (8) A proctor shall administer examinations.

7 (9) (A) Statewide testing results for pupils enrolled in any course
8 authorized pursuant to this section shall be reported and assigned
9 to the school or charter school at which the pupil is enrolled, and
10 to any school district, charter school, or county office of education
11 within which that school's or charter school's testing results are
12 aggregated.

13 (B) Statewide testing results for pupils enrolled in a course or
14 courses pursuant to this section shall be disaggregated for purposes
15 of comparing the testing results of those pupils to the testing results
16 of pupils enrolled in classroom-based courses.

17 (10) A pupil shall not be required to enroll in courses authorized
18 by this section.

19 (11) The pupil-to-certificated-employee ratio limitations
20 established pursuant to Section 51745.6 are applicable to courses
21 authorized by this section.

22 (12) For each pupil, the combined equivalent daily instructional
23 minutes for enrolled courses authorized by this section and enrolled
24 courses authorized by all other laws and regulations shall meet the
25 minimum instructional day requirements applicable to the local
26 educational agency. Pupils enrolled in courses authorized by this
27 section shall be offered the minimum annual total equivalent
28 instructional minutes pursuant to Sections 46200 to 46208,
29 inclusive, and Section 47612.5.

30 (13) Courses required for high school graduation or for
31 admission to the University of California or California State
32 University shall not be offered exclusively through independent
33 study.

34 (14) A pupil participating in independent study shall not be
35 assessed a fee prohibited by Section 49011.

36 (15) A pupil shall not be prohibited from participating in
37 independent study solely on the basis that he or she does not have
38 the materials, equipment, or Internet access that are necessary to
39 participate in the independent study course.

1 (b) For purposes of computing average daily attendance for
2 each pupil enrolled in one or more courses authorized by this
3 section, the following computations shall apply:

4 (1) (A) For each schoolday, add the combined equivalent daily
5 instructional minutes, as certified in paragraph (4) of subdivision
6 (a), for courses authorized by this section in which the pupil is
7 enrolled.

8 (B) For each schoolday, add the combined daily instructional
9 minutes of courses authorized by all other laws and regulations in
10 which the pupil is enrolled and for which the pupil meets applicable
11 attendance requirements.

12 (C) For each schoolday, add the sum of subparagraphs (A) and
13 (B).

14 (2) If subparagraph (C) of paragraph (1) meets applicable
15 minimum schoolday requirements for each schoolday, and all other
16 requirements in this section have been met, credit each schoolday
17 that the pupil is demonstrating satisfactory educational progress
18 pursuant to the requirements of this section, with up to one school
19 day of attendance.

20 (3) (A) Using credited schoolday attendance pursuant to
21 paragraph (2), calculate average daily attendance pursuant to
22 Section 41601 or 47612, whichever is applicable, for each pupil.

23 (B) The average daily attendance computed pursuant to this
24 subdivision shall not result in more than one unit of average daily
25 attendance per pupil.

26 (4) Notwithstanding any other law, average daily attendance
27 computed for pupils enrolled in courses authorized by this section
28 shall not be credited with average daily attendance other than what
29 is specified in this section.

30 (5) If more than 10 percent of the total average daily attendance
31 of a school district, charter school, or county office of education
32 is claimed pursuant to this section, then the amount of average
33 daily attendance for all pupils enrolled by that school district,
34 charter school, or county office of education in courses authorized
35 pursuant to this section that is in excess of 10 percent of the total
36 average daily attendance for the school district, charter school, or
37 county office of education shall be reduced by either (A) the
38 statewide average rate of absence for elementary school districts
39 for kindergarten and grades 1 to 8, inclusive, or (B) the statewide
40 average rate of absence for high school districts for grades 9 to

1 12, inclusive, as applicable, as calculated by the department for
2 the prior fiscal year, with the resultant figures and ranges rounded
3 to the nearest 10th.

4 (c) For purposes of this section, “equivalent total instructional
5 minutes” means the same number of minutes as required for an
6 equivalent classroom-based course.

7 (d) Nothing in this section shall be deemed to prohibit the right
8 to collectively bargain any subject within the scope of
9 representation pursuant to Section 3543.2 of the Government Code.

10 (e) (1) The Superintendent shall conduct an evaluation of
11 independent study courses offered pursuant to this section and
12 report the findings to the Legislature and the Director of Finance
13 no later than September~~15, 1~~, 2019. The report shall, at a
14 minimum, compare the academic performance of pupils in
15 independent study with demographically similar pupils enrolled
16 in equivalent classroom-based courses.

17 (2) The requirement for submitting a report imposed under
18 paragraph (1) is inoperative on September~~15, 1~~, 2023, pursuant
19 to Section 10231.5 of the Government Code.

20 (3) A report to be submitted pursuant to paragraph (1) shall be
21 submitted in compliance with Section 9795 of the Government
22 Code.

19 (3) A physical or electronic copy of the signed learning
