AMENDED IN SENATE APRIL 3, 2014

SENATE BILL

No. 1199

Introduced by Senator Hancock

February 20, 2014

An act to amend Sections 5093.54 and 5093.545 of the Public Resources Code, relating to wild and scenic rivers.

LEGISLATIVE COUNSEL'S DIGEST

SB 1199, as amended, Hancock. Wild and scenic rivers: Mokelumne River.

The California Wild and Scenic Rivers Act includes specified rivers and segments thereof within the California Wild and Scenic River system, which are subject to various protections under the act. Existing law requires the Natural Resources Agency to coordinate the activities of state agencies whose activities affect the rivers in the system, as specified, and to study and submit to the Governor and the Legislature reports on the suitability or nonsuitability of designated potential additions to the system.

This bill would include within the system specified segments of the Mokelumne River, and would designate those segments as wild, scenic, or recreational.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. The Legislature finds and declares both of the
2 following:

3 (a) The Mokelumne River contains extraordinary scenic,
4 recreational, historical, cultural, and water quality values of
5 statewide significance that deserve to be preserved in their
6 free-flowing state for the benefit and enjoyment of the people of
7 the state.

8 (b) In designating the Mokelumne River as a component of the
9 California Wild and Scenic River System, it is the intent of the
10 Legislature that this act will accomplish the preservation of those
11 values.

12 SEC. 2. Section 5093.54 of the Public Resources Code is
13 amended to read:

14 5093.54. The following rivers and segments thereof are
15 designated as components of the system:

16 (a) Klamath River. The main stem from 100 yards below Iron
17 Gate Dam to the Pacific Ocean; the Scott River from the mouth
18 of Shackelford Creek west of Fort Jones to the river mouth near
19 Hamburg; the Salmon River from Cecilville Bridge to the river
20 mouth near Somes Bar; the North Fork of the Salmon River from
21 the intersection of the river with the south boundary of the Marble
22 Mountain Wilderness area to the river mouth; Wooley Creek from
23 the western boundary of the Marble Mountain Wilderness area to
24 its confluence with the Salmon River.

25 (b) Trinity River. The main stem from 100 yards below Lewiston
26 Dam to the river mouth at Weitchpec; the North Fork of the Trinity
27 from the intersection of the river with the southern boundary of
28 the Salmon-Trinity Primitive Area downstream to the river mouth
29 at Helena; New River from the intersection of the river with the
30 southern boundary of the Salmon-Trinity Primitive Area
31 downstream to the river mouth near Burnt Ranch; South Fork of
32 the Trinity from the junction of the river with State Highway Route
33 36 to the river mouth near Salyer.

34 (c) Smith River. The main stem from the confluence of the
35 Middle and South Forks to its mouth at the Pacific Ocean; the
36 Middle Fork from its source about three miles south of Sanger
37 Lake as depicted on 1956 USGS 15' "Preston Peak" topographic
38 map to the middle of Section 7 T17N R5E; the Middle Fork from

1 the middle of Section 7 T17N R5E to the middle of Section 6 T17N
2 R5E; the Middle Fork from the middle of Section 6 T17N R5E to
3 one-half mile upstream from the confluence with Knopki Creek;
4 the Middle Fork from one-half mile upstream from the confluence
5 with Knopki Creek to the confluence with the South Fork; Myrtle
6 Creek from its source in Section 9 T17N R1E as depicted on 1952
7 USGS 15' "Crescent City" topographic map to the middle of
8 Section 28 T17N R1E; Myrtle Creek, from the middle of Section
9 28 T17N R1E to the confluence with the Middle Fork; Shelly
10 Creek from its source in Section 1 T18N R3E as depicted on 1951
11 USGS 15' "Gasquet" topographic map to the confluence with
12 Patrick Creek; Kelly Creek from its source in Section 32 T17N
13 R3E as depicted on 1951 USGS 15' "Gasquet" topographic map
14 to the confluence with the Middle Fork; Packsaddle Creek from
15 its source about 0.8 miles southwest of Broken Rib Mountain as
16 depicted on 1956 USGS 15' "Preston Peak" topographic map to
17 the eastern boundary of Section 3 T17N R1E; Packsaddle Creek
18 from the eastern boundary of Section 3 T17N R4E to the northern
19 boundary of Section 3 T17N R4E; Packsaddle Creek from the
20 northern boundary of Section 3 T17N R4E to the confluence with
21 the Middle Fork; East Fork Patrick Creek from its source in Section
22 10 T18N R3E as depicted on 1951 USGS 15' "Gasquet"
23 topographic map to the confluence with West Fork Patrick Creek;
24 West Fork Patrick Creek from its source in Section 18 T18N R3E
25 as depicted on 1951 15' "Gasquet" topographic map to the
26 confluence with East Fork Patrick Creek; Griffin Creek from its
27 source about 0.2 miles southwest of Hazel View Summit as
28 depicted on 1956 USGS 15' "Preston Peak" topographic map to
29 the confluence with the Middle Fork; Knopki Creek from its source
30 about 0.4 miles west of Sanger Peak as depicted on 1956 USGS
31 15' "Preston Peak" topographic map to the confluence with Middle
32 Fork; Monkey Creek from its source in the northeast quadrant of
33 Section 12 T18N R3E as depicted on 1951 USGS 15' "Gasquet"
34 topographic map to the northern boundary of Section 26 T18N
35 R3E; Monkey Creek from the northern boundary of Section 26
36 T18N R3E to the confluence with the Middle Fork; Patrick Creek
37 from the junction of the East and West Forks of Patrick Creek to
38 the confluence with Middle Fork; the North Fork from the
39 California-Oregon boundary to the confluence with an unnamed
40 tributary in the northern quarter Section 5 T18N R2E as depicted

1 on 1951 USGS 15' "Gasquet" topographic map; the North Fork
2 from the confluence with an unnamed tributary in northern quarter
3 of Section 5 T18N R2E to the southernmost intersection of eastern
4 boundary Section 5 T18N R2E as depicted on 1951 USGS 15'
5 "Gasquet" topographic map; the North Fork from the southernmost
6 intersection of the eastern boundary Section 5 T18N R2E as
7 depicted on 1951 USGS 15' "Gasquet" topographic map to the
8 confluence with Stony Creek; the North Fork from the confluence
9 with Stony Creek to the confluence with the Middle Fork; Diamond
10 Creek from the California-Oregon state boundary to the confluence
11 with High Plateau Creek; Diamond Creek from the confluence
12 with High Plateau Creek to the confluence with the North Fork;
13 Bear Creek from its source in Section 24 T18N R2E as depicted
14 on 1951 USGS 15' "Gasquet" topographic map to the confluence
15 with Diamond Creek; Still Creek from its source in Section 11
16 T18N R1E as depicted on 1952 USGS 15' "Crescent City"
17 topographic map to the confluence with the North Fork Smith
18 River; North Fork Diamond Creek from the California-Oregon
19 state boundary to the confluence with Diamond Creek; High
20 Plateau Creek from its source in Section 26 T18N R2E as depicted
21 on 1951 USGS 15' "Gasquet" topographic map to northern
22 boundary Section 23 T18N R2E; High Plateau Creek from the
23 northern boundary Section 23 T18N R2E to the confluence with
24 Diamond Creek; the Siskiyou Fork from its source about 0.7 miles
25 southeast of Broken Rib Mountain as depicted on 1956 USGS 15'
26 "Preston Peak" topographic map to the confluence with the South
27 Siskiyou Fork; the Siskiyou Fork from its confluence with the
28 South Siskiyou Fork to the confluence with the Middle Fork; the
29 South Siskiyou Fork from its source about 0.6 miles southwest of
30 Buck Lake as depicted on 1956 USGS 15' "Preston Peak"
31 topographic map to the confluence with the Siskiyou Fork; the
32 South Fork from its source about 0.5 miles southwest of Bear
33 Mountain as depicted on 1956 USGS 15' "Preston Peak"
34 topographic map to Blackhawk Bar; the South Fork from
35 Blackhawk Bar to the confluence with the Middle Fork; Williams
36 Creek from its source in Section 31 T14N R4E as depicted on 1952
37 USGS 15' "Ship Mountain" topographic map to the confluence
38 with Eight Mile Creek; Eight Mile Creek from its source in Section
39 29 T14N R4E as depicted on 1955 USGS 15' "Dillon Mountain"
40 topographic map to the confluence with the South Fork; the

1 Prescott Fork from its source about 0.5 miles southeast of Island
2 Lake as depicted on 1955 USGS 15' "Dillon Mountain"
3 topographic map to the confluence with the South Fork; Quartz
4 Creek from its source in Section 31 T16N R4E as depicted on 1952
5 USGS 15' "Ship Mountain" topographic map to the confluence
6 with the South Fork; Jones Creek from its source in Section 36
7 T16N R3E as depicted on 1952 USGS 15' "Ship Mountain"
8 topographic map to the middle of Section 5 T15N R3E; Jones
9 Creek from the middle of Section 5 T15N R3E to the confluence
10 with the South Fork; Hurdygurdy Creek from its source about 0.4
11 miles southwest of Bear Basin Butte as depicted on 1956 USGS
12 15' "Preston Peak" topographic map to the confluence with the
13 South Fork; Gordon Creek from its source in Section 18 T16N
14 R3E as depicted on 1951 USGS 15' "Gasquet" topographic map
15 to the confluence with the South Fork; Coon Creek from the
16 junction of the two-source tributaries in the southwest quadrant of
17 Section 31 T17N R3E as depicted on 1951 USGS 15' "Gasquet"
18 topographic map to the western boundary Section 14 T16N R2E;
19 Coon Creek from the western boundary Section 14 T16N R2E to
20 the confluence with the South Fork; Craigs Creek from its source
21 in Section 36 T17N R2E as depicted on 1951 USGS 15' "Gasquet"
22 topographic map to the confluence with the South Fork; Buck
23 Creek from its source at Cedar Camp Spring as depicted on 1952
24 USGS 15' "Ship Mountain" topographic map to the confluence
25 with the South Fork; Muzzleloader Creek from its source in Section
26 2 T15N R3E as depicted on 1952 USGS 15' "Ship Mountain"
27 topographic map to the confluence with Jones Creek; Canthook
28 Creek from its source in Section 2 T15N R2E as depicted on 1952
29 USGS 15' "Ship Mountain" topographic map to the confluence
30 with South Fork.

31 (d) Eel River. The main stem from 100 yards below Van Arsdale
32 Dam to the Pacific Ocean; the South Fork of the Eel from the
33 mouth of Section Four Creek near Branscomb to the river mouth
34 below Weott; Middle Fork of the Eel from the intersection of the
35 river with the southern boundary of the Middle Eel-Yolla Bolly
36 Wilderness Area to the river mouth at Dos Rios; North Fork of the
37 Eel from the Old Gilman Ranch downstream to the river mouth
38 near Ramsey; Van Duzen River from Dinsmores Bridge
39 downstream to the river mouth near Fortuna.

1 (e) American River. The North Fork from its source to the Iowa
2 Hill Bridge; the Lower American from Nimbus Dam to its junction
3 with the Sacramento River.

4 (f) (1) West Walker River. The main stem from its source to
5 the confluence with Rock Creek near the town of Walker; Leavitt
6 Creek from Leavitt Falls to the confluence with the main stem of
7 the West Walker River.

8 (2) Carson River. The East Fork from the Hangman's Bridge
9 crossing of State Highway Route 89 to the California-Nevada
10 border.

11 (3) The Legislature finds and declares that, because the East
12 Fork Carson River and West Walker River are interstate streams,
13 and a source of agricultural water and domestic water for
14 communities within the Counties of Alpine and Mono where they
15 originate, it is necessary that the following special provisions apply:

16 (A) Nothing in this subdivision shall be construed to prohibit
17 the replacement of diversions or changes in the purpose of use,
18 place of use, or point of diversion under existing water rights,
19 except that (i) no replacement or change shall operate to increase
20 the adverse effect, if any, of the preexisting diversion facility or
21 place or purpose of use, upon the free-flowing condition and natural
22 character of the stream, and (ii) after January 1, 1990, no new
23 diversion shall be constructed unless and until the secretary
24 determines that the facility is needed to supply domestic water to
25 the residents of any county through which the river or segment
26 flows and that the facility will not adversely affect the free-flowing
27 condition and natural character of the stream.

28 (B) Nothing in this chapter shall be construed as quantifying or
29 otherwise affecting any equitable apportionment, or as establishing
30 any upper limit, between the State of California and the State of
31 Nevada of the waters of these streams.

32 (g) (1) The South Yuba River: From Lang Crossing to its
33 confluence with Kentucky Creek below Bridgeport.

34 (2) Nothing in this subdivision shall prejudice, alter, delay,
35 interfere with, or affect in any way, the existing rights of the Placer
36 County Water Agency; the implementation of those rights; any
37 historic water use practices; the replacement, maintenance, repair,
38 operation, or future expansion of existing diversions, storage,
39 powerhouses, or conveyance facilities or other works by the Placer
40 County Water Agency; or changes in the purpose of use, places

1 of use, points of diversion, or ownership of those existing water
2 rights; nor shall anything in this subdivision preclude the issuance
3 of any governmental authorization needed for utilization of those
4 rights, except that no changes shall operate to increase the adverse
5 effect, if any, of the preexisting facilities or places, or the purposes
6 of use upon the free-flowing and natural character of the river
7 segment designated in this subdivision.

8 (h) Albion River. The Albion River from one-fourth mile
9 upstream of its confluence with Deadman Gulch downstream to
10 its mouth at the Pacific Ocean.

11 (i) Gualala River. The main stem Gualala River from the
12 confluence of the North and South Forks to the Pacific Ocean.

13 (j) (1) Cache Creek from one-fourth mile below Cache Creek
14 Dam to Camp Haswell.

15 (2) North Fork Cache Creek from the Highway 20 bridge to the
16 confluence with the main stem.

17 (3) The designation of Cache Creek under paragraphs (1) and
18 (2) shall not prejudice, alter, delay, interfere with, or affect in any
19 way, the existing water rights of the Yolo County Flood Control
20 and Water Conservation District, or public water agencies within
21 the Cache Creek watershed lying in the County of Lake, including
22 the range of operations permitted under these existing water rights;
23 any historic water use practices within existing water rights; or the
24 replacement, maintenance, repair, or future expansion within
25 existing water rights of existing diversion, storage, powerhouse,
26 or conveyance facilities or other works by the Yolo County Flood
27 Control and Water Conservation District or public water agencies
28 within the Cache Creek watershed lying in the County of Lake.

29 (4) The designation of Cache Creek under paragraphs (1) and
30 (2) shall not prejudice, alter, delay, interfere with, or affect any
31 changes to the existing water rights of the Yolo County Flood
32 Control and Water Conservation District, including changes to the
33 purpose of use, place of use, points of diversion, quantity of water
34 diverted, or ownership, or applications by the district for new water
35 rights; provided, that the changes or applications do not involve
36 the construction of a dam, reservoir, diversion, or other water
37 impoundment facility within the segments of Cache Creek
38 designated in paragraphs (1) and (2). Any such change or
39 application shall be subject to all applicable constitutional,

1 statutory, and judicial requirements, including the public trust
2 doctrine.

3 (5) As the waters of the Cache Creek watershed are the sole
4 source of supply within that watershed for the County of Lake, the
5 designation of Cache Creek under paragraphs (1) and (2) shall not
6 prejudice, alter, delay, interfere with, or affect any changes to the
7 existing water rights of the public water agencies within the Cache
8 Creek watershed lying in the County of Lake, including changes
9 to the purpose of use, place of use, points of diversion, quantity
10 of water diverted, or ownership, or applications by these agencies
11 for new water rights; provided, that the changes or applications
12 do not involve the construction of a dam, reservoir, diversion, or
13 other water impoundment facility within the segments of Cache
14 Creek designated in paragraphs (1) and (2). Any such change or
15 application shall be subject to all applicable constitutional,
16 statutory, and judicial requirements, including the public trust
17 doctrine.

18 (6) (A) The designation of Cache Creek under paragraphs (1)
19 and (2) shall not impair or affect in any way activities to manage
20 or remove invasive or nonnative plants and animal species.

21 (B) The designation of Cache Creek under paragraphs (1) and
22 (2) shall not impair or affect in any way activities to remediate
23 mercury pollution; provided, that this activity does not involve the
24 construction of a dam, reservoir, diversion, or other water
25 impoundment facility within the segments of Cache Creek
26 designated in paragraphs (1) and (2).

27 (7) (A) Neither the Governor nor an employee of a state agency
28 or department shall apply to a secretary, department, agency, or
29 other entity of the federal government for the designation of any
30 portion of Cache Creek as a component of the national wild and
31 scenic rivers system under the federal Wild and Scenic Rivers Act
32 (16 U.S.C. Sec. 1271 et seq.).

33 (B) Neither the Governor nor an employee of a state agency or
34 department shall expend funds preparing, filing, or otherwise
35 submitting an application to a secretary, department, or other entity
36 of the federal government for the designation of any portion of
37 Cache Creek as a component of the national wild and scenic rivers
38 system under the federal Wild and Scenic Rivers Act (16 U.S.C.
39 Sec. 1271 et seq.).

1 (8) To the extent that this subdivision conflicts with other
2 provisions of this chapter, this subdivision shall control.

3 (k) (1) North Fork Mokelumne River from 0.25 miles
4 downstream of Salt Springs Dam to the national forest boundary.

5 (2) North Fork Mokelumne River from 300 feet below Tiger
6 Creek Afterbay to 300 feet upstream of the Electra Diversion
7 97-114 Dam and West Point Power House.

8 (3) North Fork Mokelumne *River* from 300 feet downstream of
9 the small reregulating dam at the outlet of the West Point Power
10 House to the Middle Fork Mokelumne River confluence.

11 (4) The main stem of the Mokelumne River from the confluence
12 of the North and Middle Forks to 300 feet upstream of the Electra
13 Powerhouse.

14 (5) The main stem of the Mokelumne River from 300 feet
15 downstream of the small reregulating dam downstream of the
16 Electra Powerhouse to the upper extent of Pardee Reservoir
17 downstream of Highway 49, ~~as the reservoir exists on January 1,~~
18 ~~2015.~~ 49.

19 (l) Rivers that qualify for inclusion in the system may be
20 recommended to the Legislature by the secretary.

21 SEC. 3. Section 5093.545 of the Public Resources Code is
22 amended to read:

23 5093.545. The classifications heretofore established by the
24 secretary for the rivers or segments of rivers included in the system
25 are revised and adopted as follows:

	Rivers	Classification
28 (a)	Klamath River: The Klamath River from the 29 FERC Project 2082 downstream boundary 30 in Section 17 T47N R5W as shown on 31 Exhibit K-7 sheet 1 dated May 25, 1962, to 32 the river mouth at the Pacific Ocean	Recreational
33 (b)	Scott River:	
34 (1)	The Scott River from Shackleford Creek to 35 McCarthy Creek	Recreational
36 (2)	The Scott River from McCarthy Creek to 37 Scott Bar	Scenic
38 (3)	The Scott River from Scott Bar to the 39 confluence with the Klamath River	Recreational
40 (c)	Salmon River:	

1	(1)	The Salmon River from the Forks of	
2		Salmon to the Lewis Creek confluence	Recreational
3	(2)	The Salmon River from the Lewis Creek	
4		confluence to the Wooley Creek confluence	Scenic
5	(3)	The Salmon River from the Wooley Creek	
6		confluence to the confluence with the	
7		Klamath River	Recreational
8	(4)	The South Fork of the Salmon River from	
9		Cecilville to the St. Claire Creek confluence	Recreational
10	(5)	The South Fork from the St. Claire Creek	
11		confluence to the Matthews Creek	
12		confluence	Scenic
13	(6)	The South Fork from the Matthews Creek	
14		confluence to the Forks of Salmon	Recreational
15	(7)	The North Fork of the Salmon River from	
16		Marble Mountain Wilderness boundary to	
17		Mule Bridge Campground in Section 35	
18		T12N R11W and Section 12 T11N R11W	Wild
19	(8)	The North Fork from Mule Bridge	
20		Campground to the Forks of Salmon	Recreational
21	(9)	Wooley Creek from the Marble Mountain	
22		Wilderness area boundary to the ½ mile	
23		upstream of the confluence with Salmon	
24		River	Wild
25	(10)	Wooley Creek downstream ½ mile above	
26		the confluence with the Salmon River	Recreational
27	(d)	Trinity River:	
28	(1)	The Trinity River from 100 yards below	
29		Lewiston Dam to Cedar Flat Creek	
30		confluence	Recreational
31	(2)	The Trinity River from the Cedar Flat Creek	
32		confluence to Gray Falls	Scenic
33	(3)	The Trinity River from Gray Falls to the	
34		west boundary of Section 2 T8N R4E	Recreational
35	(4)	The Trinity River from the west boundary	
36		of Section 2 T8N R4E to the confluence	
37		with the Klamath River at Weitchpec	Scenic
38	(5)	The North Fork of the Trinity River from	
39		the Trinity Alps Primitive Area boundary to	
40		north boundary Section 20 T34N R11W	Wild

1	(6)	The North Fork from the north boundary	
2		Section 20 T34N R11W to mouth	Recreational
3	(7)	The South Fork Trinity River from Forest	
4		Glen to Hidden Valley Ranch	Wild
5	(8)	The South Fork from Hidden Valley Ranch	
6		to the Naufus Creek confluence in Section 8	
7		T1N R7E	Scenic
8	(9)	The South Fork from the Naufus Creek	
9		confluence in Section 8 T1N R7E to the	
10		Johnson Creek confluence near the	
11		boundary of Sections 13 and 14 T2N R6E	Wild
12	(10)	The South Fork from the Johnson Creek	
13		confluence near the boundary of Sections 13	
14		and 14 T2N R6E to the boundary of	
15		Sections 25 and 36 T2N R6E	Scenic
16	(11)	The South Fork from the boundary of	
17		Sections 25 and 36 T2N R6E to the	
18		footbridge near the mouth of Underwood	
19		Creek in Section 17 T4N R6E Humboldt	
20		Base and Meridian	Recreational
21	(12)	The South Fork from the footbridge near the	
22		mouth of Underwood Creek in Section 17	
23		T4N R6E to Todd Ranch in Section 18 T5N	
24		R5E	Wild
25	(13)	The South Fork from Todd Ranch in Section	
26		18 T5N R5E to the confluence with Main	
27		Trinity	Scenic
28	(14)	New River from the Salmon Trinity	
29		Primitive Area boundary to the junction	
30		with the East Fork New River in Section 23	
31		T7N R7E	Wild
32	(15)	New River from the junction with the East	
33		Fork New River in Section 23 T7N R7E to	
34		100 yards below Panther Creek	
35		Campground in Section 18 T6N R7E	Recreational
36	(16)	New River from 100 yards below Panther	
37		Creek Campground in Section 18 T6N R7E	
38		to the Dyer Creek confluence in Section 25	
39		T26N R6E	Scenic

- 1 (17) New River from the Dyer Creek confluence in
- 2 Section 25 T26N R6E to the confluence
- 3 with Trinity River Wild
- 4 (e) Smith River:
- 5 (1) Smith River from the confluence of the
- 6 Middle and South Forks to its mouth at the
- 7 Pacific Ocean Recreational
- 8 (2) Middle Fork Smith River from its source
- 9 about 3 miles south of Sanger Lake as
- 10 depicted on 1956 USGS 15' "Preston Peak"
- 11 topographic map to the middle of Section 7
- 12 T17N R5E Wild
- 13 (3) Middle Fork Smith River from the middle
- 14 of Section 7 T17N R5E to the middle of
- 15 Section 6 T17N R5E Scenic
- 16 (4) Middle Fork Smith River from middle of
- 17 Section 6 T17N R5E to one-half mile
- 18 upstream from the confluence with Knopki
- 19 Creek Wild
- 20 (5) Middle Fork Smith River from one-half
- 21 mile upstream from the confluence with
- 22 Knopki Creek to the confluence with South
- 23 Fork Smith River Recreational
- 24 (6) Myrtle Creek from its source in Section 9
- 25 T17N R1E as depicted on 1952 USGS 15'
- 26 "Crescent City" topographic map to the
- 27 middle of Section 28 T17N R1E Recreational
- 28 (7) Myrtle Creek from the middle of Section 28
- 29 T17N R1E to the confluence with the
- 30 Middle Fork Smith River Recreational
- 31 (8) Shelly Creek from its source in Section 1
- 32 T18N R3E as depicted on 1951 USGS 15'
- 33 "Gasquet" topographic map to the
- 34 confluence with Patrick Creek Recreational
- 35 (9) Kelly Creek from its source in Section 32
- 36 T17N R3E as depicted on 1951 USGS 15'
- 37 "Gasquet" topographic map to the
- 38 confluence with the Middle Fork Smith
- 39 River Recreational

- 1 (10) Packsaddle Creek from its source about 0.8
2 miles southwest of Broken Rib Mountain as
3 depicted on 1956 USGS 15' "Preston Peak"
4 topographic map to the eastern boundary of
5 Section 3 T17N R1E Recreational
- 6 (11) Packsaddle Creek from the eastern
7 boundary of Section 3 T17N R4E to the
8 northern boundary of Section 3 T17N R4E Recreational
- 9 (12) Packsaddle Creek from the northern
10 boundary of Section 3 T17N R4E to the
11 confluence with the Middle Fork of Smith
