An act to amend Section 1012.3 of the Military and Veterans Code, relating to veterans.

LEGISLATIVE COUNSEL'S DIGEST

SB 1440, as amended, Wolk. Veterans' homes: fees and charges.

Existing law provides for the establishment and operation of the Veterans Home of California at various sites for aged and disabled veterans who meet certain eligibility requirements. Existing law requires members of the homes to pay fees and charges as determined by the department, but ~~prohibit~~ *prohibits* the total of the member's fees and charges for specified types of care for any fiscal year to be greater than a certain percentage of the member's annual income. Existing law also requires nonveteran spouses who become members of the home on or after July 1, 2009, to pay fees and charges based on the level of care, as specified, or an amount equal to the annual amount of federal per diem received for a veteran member in domiciliary care, whichever is greater, as provided.

This bill would instead require nonveteran spouses to pay the same fees and charges as paid by the veteran members of the home, as determined by the department and subject to the same prohibitions.
