

ASSEMBLY BILL

No. 27

Introduced by Assembly Member Chávez

December 1, 2014

An act to amend Section 68075.5 of the Education Code, relating to public postsecondary education.

LEGISLATIVE COUNSEL'S DIGEST

AB 27, as introduced, Chávez. Public postsecondary education: exemption from nonresident tuition.

Under existing law, the segments of the public postsecondary education system in the state include the University of California, which is administered by the Regents of the University of California, the California State University, which is administered by the Trustees of the California State University, and the California Community Colleges, which are administered by the Board of Governors of the California Community Colleges.

Existing law exempts a student of the California Community Colleges or the California State University who was a member of the Armed Forces of the United States stationed in this state on active duty for more than one year immediately prior to being discharged from paying nonresident tuition for the length of time he or she lives in the state after being discharged up to the minimum time necessary to become a resident.

Existing law also exempts a student meeting the qualifications described above if he or she is enrolled, or intending to enroll, at a campus of the California Community Colleges or as an undergraduate at a campus of the California State University from paying nonresident tuition for up to one year if he or she files an affidavit with the institution

stating that he or she intends to establish residency in California as soon as possible. Existing law requires a student to use this exemption within 2 years of being discharged.

Existing law requires the California Community Colleges and the California State University, and requests the University of California, to update and adopt policies no later than July 1, 2015, regarding tuition rates for eligible veterans and their eligible dependents to ensure conformity to, and compliance with, the federal Veterans Access, Choice, and Accountability Act of 2014 and the requirements of the provisions described above.

Existing law prohibits a former member of the Armed Forces who received a dishonorable or bad conduct discharge from receiving an exemption from paying nonresident tuition under either of the provisions described above.

Existing law provides that the statutory provisions relating to student residency requirements for public postsecondary education apply to the University of California only to the extent that the regents act, by resolution, to make these provisions applicable.

The bill would require the California State University, and would request the University of California, to exempt from paying nonresident tuition a student or prospective student of their respective segments who is using, or is intending to use, “GI Bill education benefits,” as defined, while enrolled as a student of that segment.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:
