No. 156

Introduced by Assembly Member Perea

January 20, 2015

An act to amend Section 39713 of, and to add Section 39713.5 to, to the Health and Safety Code, relating to greenhouse gases.

LEGISLATIVE COUNSEL'S DIGEST

AB 156, as amended, Perea. ~~California Global Warming Solutions Act of 2006: investment plan. Greenhouse Gas Reduction Fund: technical assistance program.~~

The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The act authorizes the state board to include the use of market-based compliance mechanisms. Existing law requires all moneys, except for fines and penalties, collected by the state board from the auction or sale of allowances as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund and to be available upon appropriation. Existing law requires the California Environmental Protection Agency to identify disadvantaged communities and requires the Department of Finance, in consultation with the state board and any other relevant state agency, to develop, as specified, a 3-year investment plan for the moneys deposited in the Greenhouse Gas Reduction Fund. Existing law requires the 3-year investment plan to allocate a minimum

of 25% of the available moneys in the fund to projects that provide benefits to disadvantaged communities.

This bill would require the state board to establish a comprehensive technical assistance program, upon the appropriation of moneys from the Greenhouse Gas Reduction Fund, for eligible applicants, as specified, assisting disadvantaged communities *and other specified communities*.

This bill would also require the department to include in the 3-year investment plan an allocation to the state board ~~to provide technical assistance to disadvantaged communities to assist them in developing project proposals for specified projects.~~ *for that technical assistance program.*

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
