

Assembly Bill No. 193

Passed the Assembly September 9, 2015

Chief Clerk of the Assembly

Passed the Senate September 8, 2015

Secretary of the Senate

This bill was received by the Governor this _____ day
of _____, 2015, at _____ o'clock ____M.

Private Secretary of the Governor

CHAPTER _____

An act to amend Sections 5350.2, 5352, 5354, and 5360 of the Welfare and Institutions Code, relating to conservatorships.

LEGISLATIVE COUNSEL'S DIGEST

AB 193, Maienschein. Mental health: conservatorship hearings.

Existing law provides a procedure for the appointment of a conservator for a person who is determined to be gravely disabled as a result of a mental disorder or an impairment by chronic alcoholism, and requires an officer, including a county public guardian or a county mental health program, to conduct a conservatorship investigation and render a written report to the court of his or her investigation. Under existing law, a professional person in charge of an agency providing comprehensive evaluation or a facility providing intensive treatment for a gravely disabled person may recommend a conservatorship for that person, and the agency is required to disclose any records or information that may facilitate an investigation. Existing law requires the officer providing conservatorship investigation, when he or she concurs with the recommendation of the professional person or facility, to petition the superior court in the patient's county of residence for a conservatorship. Existing law also provides for the establishment of a conservatorship for a person who is unable to properly provide for his or her personal needs or is substantially unable to manage his or her finances.

This bill would authorize the court, if a conservatorship has already been established under the Probate Code, and after a hearing attended by the conservatee, unless he or she waives presence, and the conservatee's counsel, to order an investigation from the officer providing conservatorship investigation if the court, in consultation with a licensed physician or psychologist, as specified, providing comprehensive evaluation or intensive treatment, determines, in a specified proceeding, that the conservatee may be gravely disabled as a result of a mental disorder or impairment by chronic alcoholism and is unwilling to accept, or is incapable of accepting, treatment voluntarily. The bill would also require the court to appoint counsel to a conservatee if he or

she cannot afford counsel. The bill would require the officer providing conservatorship investigation to petition the superior court in the patient's county of residence to establish conservatorship if he or she concurs with the conservatorship investigation order of the court, and to file a copy of his or her report with the court. The bill would require a conservator to disclose any records or information that may facilitate the investigation. The bill would also make conforming changes.

By expanding the duties of the county officer providing conservatorship investigation, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

The people of the State of California do enact as follows:

SECTION 1. Section 5350.2 of the Welfare and Institutions Code is amended to read:

5350.2. Reasonable attempts shall be made by the county mental health program to notify family members, or any other person designated to receive notice by the person for whom conservatorship is sought, of the time and place of the conservatorship hearing. The person for whom the conservatorship is sought shall be advised by the facility treating the person, or by the court in a proceeding under the Probate Code if the conservatorship investigation order was made pursuant to subdivision (c) of Section 5352, that he or she may request that information about the time and place of the conservatorship hearing not be given to family members if the proposed conservator is not a family member. The request shall be honored by the mental health program. Neither this section nor Section 5350 shall be interpreted to allow the proposed conservatee to request that any proposed conservator not be advised of the time and place of the conservatorship hearing.

SEC. 2. Section 5352 of the Welfare and Institutions Code is amended to read:

5352. (a) If the professional person in charge of an agency providing comprehensive evaluation or a facility providing intensive treatment determines that a person in his or her care is gravely disabled as a result of mental disorder or impairment by chronic alcoholism and is unwilling to accept, or incapable of accepting, treatment voluntarily, he or she may recommend conservatorship of the person to the officer providing conservatorship investigation of the person's county of residence before admitting the person as a patient in the facility.

(b) The professional person in charge of an agency providing comprehensive evaluation or a facility providing intensive treatment may recommend conservatorship for a person without the person being an inpatient in the facility if both of the following conditions are met:

(1) The professional person or another professional person designated by him or her has examined and evaluated the person and determined that the person is gravely disabled.

(2) The professional person or another professional person designated by him or her has determined that future examination on an inpatient basis is not necessary for a determination that the person is gravely disabled.

(c) (1) If a conservatorship has already been established under the Probate Code, the court, in a proceeding under the Probate Code, after an evidentiary hearing attended by the conservatee, unless the conservatee waives presence, and the conservatee's counsel, may order an investigation from the officer providing conservatorship investigation of the person's county of residence if the court, in a proceeding under the Probate Code, in consultation with a licensed physician or licensed psychologist satisfying the conditions of subdivision (c) of Section 2032.020 of the Code of Civil Procedure providing comprehensive evaluation or intensive treatment, determines based on evidence presented to the court, including medical evidence, that the conservatee may be gravely disabled as a result of a mental disorder or impairment by chronic alcoholism and is unwilling to accept or is incapable of accepting treatment voluntarily. If the conservatee cannot afford counsel, the court, in a proceeding under the Probate Code, shall appoint counsel for him or her.

(2) The officer providing conservatorship investigation shall file a copy of his or her report with the court making the conservatorship investigation order in a proceeding under the Probate Code.

(d) If the officer providing conservatorship investigation concurs with the recommendation of the professional person, pursuant to subdivision (a) or (b), or the conservatorship investigation order of the court, pursuant to subdivision (c), he or she shall petition the superior court in the patient's county of residence to establish conservatorship.

(e) If temporary conservatorship is indicated, that fact shall be alternatively pleaded in the petition. The officer providing conservatorship investigation or other county officer or employee designated by the county shall act as the temporary conservator.

SEC. 3. Section 5354 of the Welfare and Institutions Code is amended to read:

5354. (a) The officer providing conservatorship investigation shall investigate all available alternatives to conservatorship and shall recommend conservatorship to the court only if no suitable alternatives are available. This officer shall render to the court a written report of investigation before the hearing. The report to the court shall be comprehensive and shall contain all relevant aspects of the person's medical, psychological, financial, family, vocational, and social condition, and information obtained from the person's family members, close friends, social worker, or principal therapist. The report shall also contain all available information concerning the person's real and personal property. The facilities providing intensive treatment or comprehensive evaluation shall disclose any records or information that may facilitate the investigation. If the conservatorship investigation order was made pursuant to subdivision (c) of Section 5352, the conservator in a proceeding under the Probate Code shall disclose any records or information that may facilitate the investigation. If the officer providing conservatorship investigation recommends against conservatorship, he or she shall set forth all alternatives available. A copy of the report shall be transmitted to the individual who originally recommended conservatorship, or, in a proceeding under the Probate Code, to the court that originally made a conservatorship investigation order, to the person or agency, if any, recommended to serve as conservator, and to the person

recommended for conservatorship. The court may receive the report in evidence and may read and consider the contents thereof in rendering its judgment.

(b) Notwithstanding Section 5328, when a court with jurisdiction over a person in a criminal case orders an evaluation of the person's mental condition pursuant to Section 5200, and that evaluation leads to a conservatorship investigation, the officer providing the conservatorship investigation shall serve a copy of the report required under subdivision (a) upon the defendant or the defendant's counsel. Upon the prior written request of the defendant or the defendant's counsel, the officer providing the conservatorship investigation shall also submit a copy of the report to the court hearing the criminal case, the district attorney, and the county probation department. The conservatorship investigation report and the information contained in that report, shall be kept confidential and shall not be further disclosed to anyone without the prior written consent of the defendant. After disposition of the criminal case, the court shall place all copies of the report in a sealed file, except as follows:

(1) The defendant and the defendant's counsel may retain their copy.

(2) If the defendant is placed on probation status, the county probation department may retain a copy of the report for the purpose of supervision of the defendant until the probation is terminated, at which time the probation department shall return its copy of the report to the court for placement into the sealed file.

SEC. 4. Section 5360 of the Welfare and Institutions Code is amended to read:

5360. (a) The officer providing conservatorship investigation shall recommend, in his or her report to the court, for or against imposition of a disability set forth in Section 5357 on the basis of the determination of the professional person who recommended conservatorship pursuant to subdivision (a) or (b) of Section 5352, or the determination of the physician or psychologist who presented medical evidence to the court pursuant to subdivision (c) of Section 5352.

(b) The officer providing conservatorship investigation shall recommend in his or her report any of the additional powers of a conservator set forth in Section 2591 of the Probate Code if the needs of the individual patient or his estate require such powers.

In making this determination, the officer providing conservatorship investigation shall consult with the professional person who recommended conservatorship pursuant to subdivision (a) or (b) of Section 5352, or the physician or psychologist who presented medical evidence to the court pursuant to subdivision (c) of Section 5352.

SEC. 5. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

Approved _____, 2015

Governor
