WHEREAS, Thirty-eight percent of the children in foster care in California have lived apart from their families for two or more years; and

WHEREAS, Twenty-four percent of the youth in care are transitional-age youth aged 16 to 20, inclusive; and

WHEREAS, Of the more than 29,600 California children who left foster care in the 12 months preceding May 2016, 52 percent were reunited with their families, 21 percent were adopted, and 7 percent exited foster care without reunifying or obtaining a permanent home by the time they reached the age of majority; and
