

ASSEMBLY BILL

No. 353

Introduced by Assembly Member Lackey

February 17, 2015

An act to amend Section 5515 of the Fish and Game Code, relating to fish.

LEGISLATIVE COUNSEL'S DIGEST

AB 353, as introduced, Lackey. Fish: fully protected species: taking or possession.

Existing law prohibits the taking or possession of any fully protected fish, except as provided. Under existing law, the Department of Fish and Wildlife is authorized to permit the taking of those species for necessary scientific research, including efforts to recover fully protected, threatened, or endangered species.

This bill would make a nonsubstantive change to those provisions.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

6 construed to authorize the issuance of permits or licenses to take

2 necessary scientific research, including efforts to recover fully
3 protected, threatened, or endangered species. ~~Prior to~~ *Before*
4 authorizing the take of any of those species, the department shall
