CALIFORNIA LEGISLATURE—2015–16 REGULAR SESSION

ASSEMBLY BILL

No. 611

Introduced by Assembly Member Dahle

February 24, 2015

An act to amend Section 11165.1 of the Health and Safety Code, relating to controlled substances.

LEGISLATIVE COUNSEL'S DIGEST

AB 611, as amended, Dahle. Controlled substances: prescriptions: reporting.

Existing law requires certain health care practitioners and pharmacists to apply to the Department of Justice to obtain approval to access information contained in the Controlled Substance Utilization Review and Evaluation System (CURES) Prescription Drug Monitoring Program (PDMP) regarding the controlled substance history of a patient under his or her care. Existing law requires the Department of Justice, upon approval of an application, to provide the approved health care practitioner or pharmacist the history of controlled substances dispensed to an individual under his or her care. Existing law authorizes an application to be denied, or a subscriber to be suspended, for specified reasons, including, among others, a subscriber accessing information for any reason other than caring for his or her patients.

This bill would also authorize an individual designated to investigate a holder of a professional license to apply to the Department of Justice to obtain approval to access information contained in the CURES PDMP

regarding the controlled substance history of an applicant or a licensee for the purpose of investigating the alleged substance abuse of a licensee. The bill would, upon approval of an application, require the department to provide to the approved individual the history of controlled substances dispensed to the licensee. The bill would clarify that only a subscriber who is a health care practitioner or a pharmacist may have an application denied or be suspended for accessing subscriber information for any reason other than caring for his or her patients. The bill would also specify that an application may be denied, or a subscriber may be suspended, if a subscriber who has been designated to investigate the holder of a professional license accesses information for any reason other than investigating the holder of a professional license.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:
