CALIFORNIA LEGISLATURE—2015–16 REGULAR SESSION

ASSEMBLY BILL

No. 627

Introduced by Assembly Member Gomez
(Principal coauthor: Senator Stone)

February 24, 2015

An act to amend Section 4430 of, and to add Section 4440 to, the Business and Professions Code, relating to pharmacy benefit managers.

LEGISLATIVE COUNSEL'S DIGEST

AB 627, as amended, Gomez. Pharmacy benefit managers: contracting pharmacies.

Existing law imposes specified requirements on an audit of pharmacy services provided to beneficiaries of a health benefit plan, and defines certain terms for its purposes, including, among others, pharmacy benefit manager.

The bill would require a pharmacy benefit manager that reimburses a contracting pharmacy for a drug on a maximum allowable cost basis to include in a contract, *initially entered into, or renewed on its scheduled renewal date*, on or after January 1, 2016, information identifying any national drug pricing compendia or other data sources used to determine the maximum allowable cost for the drugs on a maximum allowable cost list and to provide for an appeal process for the contracting pharmacy, as specified. The bill would also require a pharmacy benefit manager to make available to a contracting pharmacy, upon request, the most up-to-date maximum allowable cost list or lists used by the pharmacy benefit manager for patients served by the

pharmacy in a readily accessible, secure, and usable Web-based format or other comparable format. The bill would prohibit a drug from being included on a maximum allowable cost list or from being reimbursed on a maximum allowable cost basis unless certain requirements are met, including, but not limited to, that the drug is not obsolete.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

2 for patients served by that pharmacy in a readily accessible, secure,

7 (4) If an appeal is upheld by a pharmacy benefit manager, the
8 pharmacy benefit manager shall adjust the maximum allowable
9 cost of the appealed drug for the appealing contracting pharmacy
10 and all similarly situated contracting pharmacies in the state within
11 one calendar day of the date of determination. The pharmacy
12 benefit manager shall permit the appealing pharmacy to reverse
13 and resubmit the claim upon which the appeal was based in order

16 the maximum allowable cost list and any related information it
17 receives either directly from a pharmacy benefit manager or
18 through a pharmacy services administrative organization or similar
19 entity with which the contracting pharmacy has a contract to
20 provide administrative services for that pharmacy.
