

AMENDED IN ASSEMBLY MARCH 26, 2015

CALIFORNIA LEGISLATURE—2015–16 REGULAR SESSION

ASSEMBLY BILL

No. 632

Introduced by Assembly Member Eggman

February 24, 2015

~~An act to amend Section 21643 of the Business and Professions Code, relating to business.~~ *An act to amend Section 21628 of the Business and Professions Code, relating to business.*

LEGISLATIVE COUNSEL’S DIGEST

AB 632, as amended, Eggman. ~~Secondhand goods.~~ *Secondhand dealers and coin dealers: reporting: handheld electronic devices.*

Existing law provides for the regulation of secondhand dealers, as defined. Existing law makes it unlawful for a person to engage in the business of a secondhand dealer without a license issued by the chief of police, the sheriff, or, where appropriate, the police commission. Existing law requires a secondhand dealer or coin dealer, as defined, to report, as specified, to the chief of police or sheriff all secondhand “tangible personal property,” as defined, purchased, taken in trade, taken in pawn, accepted for sale on consignment, or accepted for auctioning. Existing law requires the report to include a complete and reasonably accurate description of serialized property, including, but not limited to, the serial number of that property.

This bill would authorize specified unique identifying numbers to be used as the serial number reported for handheld electronic devices, as defined.

~~Existing law generally requires secondhand dealers and coin dealers, as defined, to report specified transactions to the local law enforcement~~

agency where their businesses are located. Existing law prohibits a transaction that requires reporting from being engaged in with a minor.

~~This bill would make a nonsubstantive change to the provision related to a minor.~~

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:
