LEGISLATIVE COUNSEL'S DIGEST

AB 648, as amended, Low. Community-based services: Virtual Dental Home program.

The bill would ~~authorize the administrator of the program to, among other things, encourage development and expansion of the delivery of dental health services in community clinics and school programs;~~ *require the program to facilitate, coordinate, and encourage development and expansion of the delivery of dental health services through use of the Virtual Dental Home model by providing grants to, among other things, develop training modules and establish community-based learning collaboratives,* as prescribed.

The bill would appropriate \$4,000,000 to the department for the purposes of this program.
