

AMENDED IN ASSEMBLY APRIL 20, 2015

CALIFORNIA LEGISLATURE—2015–16 REGULAR SESSION

ASSEMBLY BILL

No. 677

Introduced by Assembly Member Dodd

February 25, 2015

An act to amend Section 17075.50 of, to add Section 67387 to, and to add Article 4.5 (commencing with Section 32247) to Chapter 2 of Part 19 of Division 1 of Title 1 of, the Education Code, relating to school safety.

LEGISLATIVE COUNSEL'S DIGEST

AB 677, as amended, Dodd. School safety: door locks.

(1) Existing law, the Leroy F. Greene School Facilities Act of 1998 (the act), requires the State Allocation Board to allocate to applicant school districts prescribed per-unhoused-pupil state funding for construction and modernization of school facilities, including hardship funding and supplemental funding for site development and acquisition. Existing law requires all new construction projects submitted to the Division of the State Architect pursuant to the act to include locks that allow doors to classrooms and rooms with an occupancy of 5 or more persons to be locked from the inside, except as specified.

This bill would additionally require—~~all~~ modernization projects submitted to the Division of the State Architect pursuant to those provisions to include those locks, except as specified, *but would apply only to modernization projects that are funded by the proceeds of bonds issued pursuant to a state bond act for school facilities that is approved by the voters at a statewide election after January 1, 2016.*

This bill, no later than January 1, 2022, would require the governing board of each school district and each county superintendent of ~~schools~~

~~to~~, schools, for each of its schools, to equip the doors of every classroom and every room with an occupancy of 5 or more persons with locks that allow the doors to be locked from the inside, except as specified. *The bill would make this provision operative upon voter approved of a state bond act for school facilities at a statewide election after January 1, 2016.* By imposing new requirements on local educational agencies, the bill would impose a state-mandated local program.

(2) Existing law, the Donahoe Higher Education Act, sets forth the missions and functions of the segments of postsecondary education in this state. The California Community Colleges, the California State University, and the University of California are the state's 3 segments of public postsecondary education. Provisions of the Donahoe Higher Education Act only apply to the University of California to the extent that the Regents of the University of California act, by appropriate resolution, to make these provisions applicable.

This bill would provide that, when construction or modernization projects are undertaken at a campus or facility within its jurisdiction, the governing board of each campus of the California Community Colleges and the Trustees of the California State University shall, and the Regents of the University of California are requested to, equip classrooms, offices, or other rooms where students and school staff gather with locking mechanisms, commonly known as classroom function locks, that allow the doors to be locked from the inside or equip these doors with the best alternative technology that accomplishes the same result.

To the extent that this provision would impose new duties on community college districts, it would constitute a state-mandated local program.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

10 equip classrooms, offices, or other rooms where students and
11 school staff gather with locking mechanisms, commonly known
12 as classroom function locks, that allow the doors to be locked from
13 the inside or equip these doors with the best alternative technology
14 that accomplishes the same result.

15 SEC. 4. If the Commission on State Mandates determines that
16 this act contains costs mandated by the state, reimbursement to
17 local agencies and school districts for those costs shall be made
18 pursuant to Part 7 (commencing with Section 17500) of Division
19 4 of Title 2 of the Government Code.
