

Assembly Bill No. 681

Passed the Assembly September 2, 2015

Chief Clerk of the Assembly

Passed the Senate September 1, 2015

Secretary of the Senate

This bill was received by the Governor this _____ day
of _____, 2015, at _____ o'clock ____M.

Private Secretary of the Governor

CHAPTER _____

An act to amend Section 15645, and to amend, repeal, and add Section 15643, of the Government Code, relating to the State Board of Equalization.

LEGISLATIVE COUNSEL'S DIGEST

AB 681, Ting. State Board of Equalization: surveys: assessment procedures and practices: county assessor.

Existing law requires the State Board of Equalization to make surveys in each county and city and county to determine the adequacy of the procedures and practices employed by the county assessor in the valuation of property. Existing law requires the board to proceed with the surveys of the assessment procedures and practices in the several counties and cities and counties as rapidly as feasible, and to repeat or supplement each survey at least once in 5 years. Existing law requires the surveys of the 10 largest counties and cities and counties to include a sampling of assessments of the local assessment rolls, and requires the board, each year, to select at random at least 3 of the remaining counties or cities and counties to conduct a sample of assessments on the local assessment roll in those counties.

This bill would eliminate the board's requirement to select at random at least 3 remaining counties or cities and counties to conduct a sample of assessments on the local assessment roll, and would instead require the board, commencing January 1, 2016, and each of the next 4 calendar years, to survey the assessment procedures of qualified counties or cities and counties and to conduct sample assessments on the local roll of other qualified counties or cities and counties. This bill would define "qualified counties or cities and counties" for these purposes. This bill would additionally require the board to conduct a sample of assessments in a county or city and county that the board determines has significant assessment problems, as specified. This bill would require the qualified counties and cities and counties to be stratified and selected at random by the board, in consultation with the California Assessors' Association.

Existing law requires the board, upon completion of the survey of the procedures and practices of a county assessor, to prepare a written survey report setting forth its findings and recommendations, and requires the board, before preparing its written survey report, to meet with the assessor to discuss and confer on those matters which may be included in the written survey report. Existing law requires the survey report, together with the assessor's response and the board's comments, to constitute the final survey report. Existing law requires the final survey report to be issued by the board within 2 years after the date the board began the survey.

This bill would require the board, before preparing its written survey report, to notify the former assessor if the survey reviews the former assessor's procedures and practices, and to also meet with the former assessor, upon his or her request if the survey reviews, to discuss and confer on those matters that may be included in the survey report. This bill would require an addendum to the final survey report to be published to include the former assessor's written response and the board's comments, if any. This bill would shorten the period of time the board has to issue the final survey report from 2 years to 15 months for any survey commenced on or after July 1, 2016, to June 30, 2017, inclusive, and to 12 months for any survey commenced on or after July 1, 2017.

The people of the State of California do enact as follows:

SECTION 1. Section 15643 of the Government Code is amended to read:

15643. (a) (1) The board shall proceed with the surveys of the assessment procedures and practices in the 10 largest counties and cities and counties as rapidly as feasible, and shall repeat or supplement each survey at least once in five years.

(2) The surveys of the 10 largest counties and cities and counties shall include a sampling of assessments on the local assessment rolls as described in Section 15640. The 10 largest counties and cities and counties shall be determined based upon the total value of locally assessed property located in the counties and cities and counties on the lien date that falls within the calendar year of 1995 and every fifth calendar year thereafter.

(b) The board shall, commencing January 1, 2016, and each of the next four calendar years, do all of the following:

(1) (A) Survey the assessment procedures of one qualified county or city and county and conduct a sample of assessments on the local assessment roll of another qualified county or city and county.

(B) For purposes of this paragraph, “qualified county or city and county” means the 11th to the 20th, inclusive, largest counties and cities and counties. The 11th to the 20th, inclusive, largest counties and cities and counties shall be determined based upon the total value of locally assessed property located in the counties and cities and counties on the lien date that falls within the calendar year of 2015 and every fifth calendar year thereafter.

(C) The qualified counties and cities and counties shall be stratified and selected at random by the board, in consultation with the California Assessors’ Association.

(2) (A) Survey the assessment procedures of three qualified counties or cities and counties and conduct a sample of assessments on the local assessment roll of two other qualified counties or cities and counties.

(B) For purposes of this paragraph, “qualified counties or cities and counties” means the 21st to the 58th, inclusive, largest counties and cities and counties. The 21st to the 58th, inclusive, largest counties and cities and counties shall be determined based upon the total value of locally assessed property located in the counties and cities and counties on the lien date that falls within the calendar year 2015 and every fifth calendar year thereafter.

(3) Conduct a sample of assessments on the local assessment roll in a county or city or county that the board determines has significant assessment problems pursuant to Section 75.60 of the Revenue and Taxation Code.

(C) The qualified counties and cities and counties shall be stratified and selected at random by the board, in consultation with the California Assessors’ Association.

(c) The statewide surveys which are limited in scope to specific topics, issues, or problems may be conducted whenever the board determines that a need exists to conduct a survey.

(d) When requested by the legislative body or the assessor of any county or city and county to perform a survey not otherwise scheduled, the board may enter into a contract with the requesting

local agency to conduct that survey. The contract may provide for a board sampling of assessments on the local roll. The amount of the contracts shall not be less than the cost to the board, and shall be subject to regulations approved by the Director of General Services.

(e) This section shall remain in effect only until January 1, 2021, and as of that date is repealed.

SEC. 2. Section 15643 is added to the Government Code, to read:

15643. (a) The board shall proceed with the surveys of the assessment procedures and practices in the several counties and cities and counties as rapidly as feasible, and shall repeat or supplement each survey at least once in five years.

(b) The surveys of the 10 largest counties and cities and counties shall include a sampling of assessments on the local assessment rolls as described in Section 15640. In addition, the board shall each year, in accordance with procedures established by the board by regulation, select at random at least three of the remaining counties or cities and counties, and conduct a sample of assessments on the local assessment roll in those counties. If the board finds that a county or city and county has “significant assessment problems,” as provided in Section 75.60 of the Revenue and Taxation Code, a sample of assessments will be conducted in that county or city and county in lieu of a county or city and county selected at random. The 10 largest counties and cities and counties shall be determined based upon the total value of locally assessed property located in the counties and cities and counties on the lien date that falls within the calendar year of 2021 and every fifth calendar year thereafter.

(c) The statewide surveys which are limited in scope to specific topics, issues, or problems may be conducted whenever the board determines that a need exists to conduct a survey.

(d) When requested by the legislative body or the assessor of any county or city and county to perform a survey not otherwise scheduled, the board may enter into a contract with the requesting local agency to conduct that survey. The contract may provide for a board sampling of assessments on the local roll. The amount of the contracts shall not be less than the cost to the board, and shall be subject to regulations approved by the Director of General Services.

(e) This section shall become operative on January 1, 2021.

SEC. 3. Section 15645 of the Government Code is amended to read:

15645. (a) Upon completion of a survey of the procedures and practices of a county assessor, the board shall prepare a written survey report setting forth its findings and recommendations and transmit a copy to the assessor. In addition the board may file with the assessor a confidential report containing matters relating to personnel. Before preparing its written survey report, the board shall do both of the following:

(1) Meet with the assessor to discuss and confer on those matters which may be included in the written survey report.

(2) Notify the former assessor if the survey reviews the former assessor's procedures and practices, and meet with the former assessor, upon his or her request, to discuss and confer on those matters that may be included in the survey report.

(b) Within 30 days after receiving a copy of the survey report, the assessor may file with the board a written response to the findings and recommendations in the survey report.

The board may, for good cause, extend the period for filing the response.

(c) (1) The survey report, together with the assessor's response, if any, and the board's comments, if any, shall constitute the final survey report. An addendum to the final survey report shall be published to include a former assessor's written response to the findings and recommendations in the survey report that reviewed the former assessor's procedures and practices, if any, and the board's comments, if any. The final survey report shall be issued by the board as follows:

(A) For any survey commenced before July 1, 2016, within two years after the date the board began the survey.

(B) For any survey commenced on or after July 1, 2016, to June 30, 2017, within 15 months after the date the board began the survey.

(C) For any survey commenced on or after July 1, 2017, within 12 months after the date the board began the survey.

(2) Within a year after receiving a copy of the final survey report, and annually thereafter, no later than the date on which the initial report was issued by the board and until all issues are resolved, the assessor shall file with the board of supervisors a

report, indicating the manner in which the assessor has implemented or intends to implement, or the reasons for not implementing, the recommendations of the survey report, with copies of that response being sent to the Governor, the Attorney General, the State Board of Equalization, the Senate and Assembly, and to the grand juries and assessment appeals boards of the counties to which they relate.

Approved _____, 2015

Governor
