An act to add Section 21060.4 to the Food and Agricultural Code, relating to livestock.

LEGISLATIVE COUNSEL'S DIGEST

AB 732, as amended, Cooper. Cattle inspection: exemption.

Existing law requires cattle to be inspected before being moved or transported under certain circumstances, including whenever cattle are sold. Existing law requires that inspection fees be paid at the point of inspection and that those fees be deposited into the Department of Food and Agriculture Fund.

This bill would exempt cattle that are being sold or whose ownership is being transferred from these inspection provisions if the individual or entity with a controlling interest in the cattle remains ~~unchanged and unchanged~~, if the cattle will not be moved ~~or transported as part of the sale or change in ownership of the cattle~~, *out of state or out of a modified point-of-origin inspection area, and if the cattle are associated with either a registered brand or dairy exemption number. The bill would require, at the time of ownership transfer, all persons who have ownership in the cattle, including both the transferor and the transferee, to self-certify, under penalty of perjury, to the Department of Food and Agriculture as to their ownership in the cattle on a form to be prescribed by the department. By creating a new crime, this bill would impose a state-mandated local program.*

*The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.*

*This bill would provide that no reimbursement is required by this act for a specified reason.*

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: ~~no~~-yes.

*The people of the State of California do enact as follows:*
