LEGISLATIVE COUNSEL’S DIGEST

AB 1326, as amended, Dababneh. Virtual currency.

Existing

(1) Existing law, the Money Transmission Act, prohibits a person from engaging in the business of money transmission in this state, or advertising, soliciting, or holding itself out as providing money transmission in this state, unless the person is licensed by the Commission of Business Oversight or exempt from licensure under the act. Existing law requires applicants for licensure to pay the commissioner a specified nonrefundable fee and to complete an application form requiring certain information. As security, existing law requires each licensee to deposit and maintain on deposit with the Treasurer cash in an amount not less than, or securities having a market value not less than, such amount as the commissioner may find and order from time to time as necessary to secure the faithful performance
of the obligations of the licensee with respect to money transmission in this state. Existing law requires a licensee at all times to own eligible securities, as defined, in a specified aggregate amount not less than the amount of all of its outstanding money received for transmission, as specified.

This bill would enact the Virtual Currency Act. The bill would prohibit a person from engaging in any virtual currency business, as defined, in this state unless the person is licensed by the Commissioner of Business Oversight or is exempt from the licensure requirement, as provided. The bill would require applicants for licensure, including an applicant for licensure and approval to acquire control of a licensee, to pay the commissioner a specified nonrefundable application fee and complete an application form required to include, among other things, information about the applicant, prior virtual currency services provided by the applicant, a sample form of receipt for transactions involving the business of virtual currency, and specified financial statements. The bill would make these licenses subject to annual renewal and would require a renewal fee paid to the commissioner in a specified amount. The bill would require licensees to annually pay the commissioner a specified amount for each licensee branch office. The bill would require applicants and licensees to pay the commissioner a specified hourly amount for the commissioner’s examination costs, as provided. The bill would also require the commissioner to levy an assessment each fiscal year, on a pro rata basis, on licensees in an amount sufficient to meet the commissioner’s expenses in administering these provisions and to provide a reasonable reserve for contingencies.

This bill would require each licensee to maintain at all times such capital as the commissioner determines, subject to specified factors, is sufficient to ensure the safety and soundness of the licensee, its ongoing operations, and maintain consumer protection. The bill would require each licensee to maintain a bond or trust account in United States dollars for the benefit of its consumers in the form and amount as specified by the commissioner.

This bill would authorize the commissioner to examine the business and any branch office of any licensee to ascertain whether the business is being conducted in a lawful manner and all virtual currency is properly accounted for. The bill would require a licensee to file a report with the commissioner within a specified period of time after the licensee knows about the occurrence of certain events relating to the virtual currency business and those persons connected to that business, and to also
maintain records as required by the commissioner for a specified period of time.

With regard to enforcement, among other things, this bill would, if it appears that a licensee is violating or failing to comply with these provisions or conducting business in an unsafe or injurious manner, authorize the commissioner to order the licensee to comply or discontinue those practices. The bill would also authorize the commissioner to issue an order suspending or revoking a license, or placing a licensee in receivership, if after notice and an opportunity for a hearing, the commissioner makes a specified finding. The bill would provide that every order, decision, or other official act of the commissioner is subject to review.

This bill would authorize the commissioner to impose a civil penalty for a violation of these provisions.

Within a specified period after the fiscal year, the bill would require a licensee to file with the commissioner a specified audit report. Within a specified period after the end of each calendar quarter, the bill would require a licensee to file with the commissioner a report containing financial statements verified by 2 of the licensee’s principal officers.

By a specified date, the bill would require each licensee to file an annual report with the commissioner providing information regarding the licensee’s business and operations within the state, as specified. The bill would also require each licensee to make other special reports to the commissioner. The bill would require these reports to be kept confidential. The bill would require the commissioner to prepare a report for publication on his or her Internet Web site summarizing the information from those reports and enforcement action information.

This bill would require a licensee to provide a specified consumer protection disclosure and receipt to its consumers.

This bill would authorize a virtual currency licensee in good standing that plans to engage in activities permitted under the Money Transmission Act to request that the commissioner convert his or her license into a license under the Money Transmission Act, as specified. The bill would authorize a person or entity conducting virtual currency business with less than $1,000,000 in outstanding obligations, as defined, and whose business model, as determined by the commissioner, represents low or no risk to consumers to register with a $500 license fee and, if approved, receive a provisional license to conduct virtual
currency business. The bill would authorize the commissioner to request reports and documents, to examine the provisional licensee, and gather information regarding the business and operations of provisional licensees. The bill would require reports and documents concerning the business and operations of provisional licensees to be kept confidential.

This bill would require a licensee, under the Money Transmission Act, to report to the commissioner its plan to engage in any virtual currency business and request permission to engage in that business subject to specified requirements and conditions, as determined by the commissioner.

This bill would make these provisions operative on July 1, 2016.

(2) Existing law, the General Corporation Law, prohibits a corporation, social purpose corporation, association, or individual from issuing or putting in circulation, as money, anything but the lawful money of the United States.

This bill would delete that prohibition.

(3) Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings to that effect.

The people of the State of California do enact as follows:

SECTION 1. Section 107 of the Corporations Code is repealed.
SEC. 2. Section 2178 is added to the Financial Code, to read:

Chapter 3. Examinations and Records

26009. (a) The commissioner may at any time and from time to time examine the business and any branch office, within or outside this state, of any licensee in order to ascertain whether that business is being conducted in a lawful manner and whether all virtual currency held or exchanged is properly accounted for.

(b) The directors, officers, and employees of any licensee being examined by the commissioner shall exhibit to the commissioner, on request, any or all of the licensee’s accounts, books, correspondence, memoranda, papers, and other records and shall otherwise facilitate the examination so far as it may be in their power to do so.

26010. The commissioner may consult and cooperate with other state or federal regulators in enforcing and administering this division. They may jointly pursue examinations and take other official action that they are otherwise empowered to take.

26011. A licensee shall file a report with the commissioner within five business days after the licensee has reason to know of the occurrence of any of the following events:

26013. Any licensee may surrender its license by filing with the commissioner the license and a report with any information as the commissioner requires. The voluntary surrender of the license shall become effective at the time and upon the conditions as the commissioner specifies by order.

26014. (a) The commissioner may prepare written decisions, opinion letters, and other formal written guidance to be issued to persons seeking clarification regarding the requirements of this division.

(b) The commissioner shall make public on the commissioner’s Internet Web site all written decisions, opinion letters, and other formal written guidance issued to persons seeking clarification regarding the requirements of this division. The commissioner may, at his or her discretion or upon request by an applicant or licensee, redact proprietary or other confidential information regarding an applicant or licensee from any decision, letter, or other written guidance issued in connection with an applicant or licensee.
26015. The commissioner may offer informal guidance to any prospective applicant for a license under this division, regarding the conditions of licensure that may be applied to that person. The commissioner shall inform any applicant that requests that guidance of the licensing requirements that will be required of that applicant, based on the information provided by the applicant concerning its plan to conduct business under this division, and the factors used to make that determination.

26016. At any time, if the commissioner deems it necessary for the general welfare of the public, he or she may exercise any power set forth in this division with respect to a virtual currency business, regardless of whether an application for a license has been filed with the commissioner, a license has been issued, or, if issued, the license has been surrendered, suspended, or revoked.

(a) If it appears to the commissioner that a licensee is violating or failing to comply with this division, the commissioner may direct the licensee to comply with the law by an order issued under the commissioner’s official seal, or if it appears to the commissioner that any licensee is conducting its business in an unsafe or injurious manner, the commissioner may in like manner direct it to discontinue the unsafe or injurious practices. The order shall require the licensee to show cause before the commissioner, at a time and place to be fixed by the commissioner, as to why the order should not be observed.

(b) If, upon any hearing held pursuant to subdivision (a), the commissioner finds that the licensee is violating or failing to comply with any law of this state or is conducting its business in an unsafe or injurious manner, the commissioner may make a final order directing it to comply with the law or to discontinue the unsafe or injurious practices. A licensee shall comply with the final order unless, within 10 days after the issuance of the order, its enforcement is restrained in a proceeding brought by the licensee.

26017. (a) The commissioner may issue an order suspending or revoking a license, or taking possession of and placing a licensee in receivership, if after notice and an opportunity for hearing, the commissioner finds any of the following:

(1) The licensee is violating this division or a regulation adopted or an order issued under this division, or a condition of approval issued under this division.
(2) The licensee does not cooperate with an examination or investigation by the commissioner.
(3) The licensee engages in fraud, intentional misrepresentation, or gross negligence.
(4) The competence, experience, character, or general fitness of the licensee, or any director, officer, employee, or person in control of a licensee, indicates that it is not in the public interest to permit the person to provide virtual currency services.
(5) The licensee engages in an unsafe or unsound practice.
(6) The licensee is insolvent, suspends payment of its obligations, or makes a general assignment for the benefit of its creditors.
(7) The licensee has applied for an adjudication of bankruptcy, reorganization, arrangement, or other relief under any bankruptcy, reorganization, insolvency, or moratorium law, or any person has applied for any such relief under that law against the licensee and the licensee has by any affirmative act approved of or consented to the action or the relief has been granted.
(8) Any fact or condition exists that, if it had existed at the time when the licensee applied for its license, would have been grounds for denying the application.
(b) In determining whether a licensee is engaging in an unsafe or unsound practice, the commissioner may consider the size and condition of the licensee’s provision of virtual currency services, the magnitude of the loss, the gravity of the violation of this division, and the previous conduct of the person involved.
26018. (a) Every order, decision, or other official act of the commissioner is subject to review in accordance with law.
(b) Whenever the commissioner has taken possession of the property and business of any licensee, the licensee, within 10 days after that taking, if it deems itself aggrieved thereby, may apply to the superior court in the county in which the head office of the licensee is located to enjoin further proceedings. The court, after citing the commissioner to show cause why further proceedings should not be enjoined and after a hearing and a determination of the facts upon the merits, may dismiss the application or enjoin the commissioner from further proceedings and direct the commissioner to surrender the property and business to the licensee.
26019. (a) If the commissioner finds that any of the factors
set forth in Section 26017 is true with respect to any licensee and
that it is necessary for the protection of the public interest, the
commissioner may issue an order immediately suspending or
revoking the licensee’s license.
(b) Within 30 days after the license is suspended or revoked
pursuant to subdivision (a), the licensee may file with the
commissioner an application for a hearing on the suspension or
revocation.
(c) If the commissioner fails to commence a hearing within 15
business days after the application is filed with the commissioner
pursuant to subdivision (b) or within a longer period of time agreed
to by the licensee, the suspension or revocation shall be deemed
rescinded.
(d) Within 30 days after the hearing, the commissioner shall
affirm, modify, or rescind the suspension or revocation. Otherwise,
the suspension or revocation shall be deemed rescinded.
(e) The right of the licensee to petition for judicial review of
the suspension or revocation shall not be affected by the failure of
the licensee to apply to the commissioner for a hearing on the
suspension or revocation pursuant to subdivision (b).
26020. The commissioner may assess a civil penalty against
a person that violates this division or a regulation adopted or an
order issued under this division in an amount not to exceed one
thousand dollars ($1,000) for each violation or, in the case of a
continuing violation, one thousand dollars ($1,000) for each day
or part thereof during which the violation continues, plus this
state’s costs and expenses for the investigation and prosecution of
the matter, including reasonable attorney’s fees.
26022. The enforcement provisions of this division are in
addition to any other enforcement powers that the commissioner
may have under law.
26023. (a) The commissioner may by order or regulation grant
exemptions from this section in cases where the commissioner
finds that the requirements of this section are not necessary or may
be duplicative.
(b) A licensee shall, within 90 days after the end of each fiscal
year, or within any extended time as the commissioner may
prescribe, file with the commissioner an audit report for the fiscal
year that shall comply with all of the following provisions:
(1) The audit report shall contain audited financial statements of the licensee for or as of the end of the fiscal year prepared in accordance with United States generally accepted accounting principles and any other information as the commissioner may require.

(2) The audit report shall be based upon an audit of the licensee conducted in accordance with United States generally accepted auditing standards and any other requirements as the commissioner may prescribe.

(3) The audit report shall be prepared by an independent certified public accountant or independent public accountant who is not unsatisfactory to the commissioner.

(4) The audit report shall include or be accompanied by a certificate of opinion of the independent certified public accountant or independent public accountant that is satisfactory in form and content to the commissioner. If the certificate or opinion is qualified, the commissioner may order the licensee to take any action as the commissioner may find necessary to enable the independent or certified public accountant or independent public accountant to remove the qualification.

(c) Each licensee shall, not more than 45 days after the end of each calendar year quarter, or within a longer period as the commissioner may by regulation or order specify, file with the commissioner a report containing all of the following:

(1) Financial statements, including balance sheet, income statement, statement of changes in shareholders’ equity, and statement of cashflows, for, or as of the end of, that calendar year quarter, verified by two of the licensee’s principal officers. The verification shall state that each of the officers making the verification has personal knowledge of the matters in the report and that each of them believes that each statement in the report is true.

(2) Other information as the commissioner may by regulation or order require.

(d) Each licensee shall file an annual report with the commissioner, on or before the 15th day of March, providing the relevant information that the commissioner reasonably requires concerning the business and operations conducted by the licensee within the state during the preceding calendar year. Each licensee shall also make other special reports to the commissioner that may
be required by the commissioner from time to time. The reports
required by this subdivision shall be kept confidential pursuant to
Chapter 3.5 (commencing with Section 6250) of Division 7 of Title
1 of the Government Code and any regulations adopted thereunder.
(e) The commissioner shall annually prepare a report for
publication on his or her Internet Web site, summarizing
consolidated information gained from the reports required
pursuant to subdivision (d), documenting the number of licenses,
including provisional licenses as described in Section 26032,
outstanding during the prior calendar year, and summarizing the
numbers and types of enforcement actions brought by the
commissioner pursuant to this division during the prior calendar
year.
26024. In addition to the fees provided in Section 26006, the
commissioner shall levy an assessment each fiscal year, on a pro
rata basis, on those licensees that at any time during the preceding
calendar year engaged in this state in the virtual currency business
in an amount that is, in his or her judgment, sufficient to meet the
commissioner’s expenses in administering the provisions of this
division and to provide a reasonable reserve for contingencies.

26025. A licensee shall disclose to consumers the following
disclosure in a form and manner prescribed by the commissioner:
“Once submitted to the network, a virtual currency transaction
will be unconfirmed for a period of time (usually less than one
hour, but up to one day or more) pending sufficient confirmation
of the transaction by the network. A transaction is not complete
while it is in a pending state. Virtual currency associated with
transactions that are in a pending state will be designated
accordingly, and will not be included in your account balance or
be available to conduct transactions.
The risk of loss in trading or holding virtual currency can be
substantial. You should therefore carefully consider whether trading
or holding virtual currency is suitable for you in light of your
financial condition. In considering whether to trade or hold virtual
currency, you should be aware that the price or value of virtual
currency can change rapidly, decrease, and potentially even fall
to zero.
(Insert company name) is licensed by the Department of Business Oversight to do business in California. If you have complaints with respect to any aspect of the virtual currency business conducted by (company name), you may contact the California Department of Business Oversight at its toll-free telephone number, 1-800-622-0620, by email at consumer.services@dbo.ca.gov, or by mail at the Department of Business Oversight, Consumer Services, 1515 K Street, Suite 200, Sacramento, CA 95814.”

26026. (a) Upon completion of a transaction subject to this division, the licensee shall provide to the consumer a receipt containing the following information:

   1. The name and contact information of the licensee including a telephone number of the licensee where consumers can contact the licensee for questions or to register complaints.
   2. The type, value, date, and time of the transaction.
   3. The type and amount of any fees charged.
   4. The exchange rate, if applicable.
   5. A statement of the refund policy of the licensee.
   6. Additional information the commissioner may require.

(b) The receipt required by this section shall be made in English and in the language principally used by that licensee to advertise, solicit, or negotiate, either orally or in writing, if other than English.

(c) The receipt required by this section may be provided electronically for transactions that are initiated electronically or in which a consumer agrees to receive an electronic receipt.

26029. The commissioner may, by regulation or order, either unconditionally or upon specified terms and conditions or for specified periods, exempt from all or part of this division any person or transaction or class of persons or transactions, if the commissioner finds such action to be in the public interest and that the regulation of such persons or transactions is not necessary for the purposes of this division. The commissioner shall post on the commissioner’s Internet Web site a list of all persons, transactions, or classes of person or transactions exempt pursuant to this section, and the provision or provisions of this division from which they are exempt.

26031. Notwithstanding any other law, a licensee in good standing under this division that plans to engage in activities permitted under the Money Transmission Act (Division 1.2 (commencing with Section 2000)) may request from the
commissioner in a form specified by the commissioner to convert
their license into a license under Division 1.2 (commencing with
Section 2000). A licensee’s request to convert its license shall be
accompanied by documentation or other evidence as determined
by the commissioner that the licensee meets the requirements for
licensure under Division 1.2 (commencing with Section 2000). If
a licensee’s request for a converted license is granted, the licensee
shall be subject to Section 2178 in order to thereafter engage in
any virtual currency business.

26032. (a) A person or entity conducting virtual currency business with less than one million
dollars ($1,000,000) in outstanding obligations and whose businessmodel, as determined by the commissioner, represents low or no
risk to consumers may register with a five-hundred-dollar ($500)
license fee with the commissioner and, if approved, receive a provisional
license to conduct virtual currency business. A person or entity
that receives such a license shall also register with FinCEN as a
money services business, if applicable.

(2) For the purposes of this section, “outstanding obligations”
means the value under the full custody and control of the person
or entity.

(b) In determining whether to issue a provisional license, the
commissioner shall consider a variety of factors, including, but
not limited to:
(1) The nature and scope of the applicant’s business.
(2) The anticipated volume of business to be transacted by the
applicant in California.
(3) The nature and scope of the risks that the applicant’s business
presents to consumers.
(4) The measures which the applicant has taken to limit or
mitigate the risks its business presents.
(5) Whether the applicant is regulated or otherwise authorized
by another governmental entity to engage in financial services or
other business activities.

(c) The Sections 26006, 26008, 26023, 26024, and 26031 shall
not apply to a person or entity to which a provisional license has
been issued. However, the commissioner may require a provisional
licensee to certify adherence to certain risk based performance
standards related to safety, soundness, and consumer protection as prescribed by the commissioner.

(d) Based upon the factors identified in subdivision (b) and the provisional licensee’s history as a holder of a provisional license, the commissioner may at any time renew such license for an additional length of time or remove the provisional status from the license if the licensee meets all the requirements of this division. Unless the commissioner otherwise removes the provisional status of or renews such license, a provisional license shall expire two years after the date of issuance. If the commissioner renews a provisional license, the licensee shall pay a five-hundred-dollar ($500) renewal fee.

(e) The commissioner may request reports and documents and may audit examine the provisional licensee as needed to further consumer protection and protection, enhance safety and soundness, and gather information regarding the business and operations of provisional licensees. Reports and documents concerning the business and operations of provisional licensees shall be kept confidential pursuant to Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code and any regulations adopted thereunder. The commissioner shall include aggregated information about the business and operations of provisional licensees in the report required by and subject to subdivision (e) of Section 26023.

(f) A provisional licensee shall notify the commissioner within 15 days of surpassing the threshold in subdivision (a) and shall, within 30 days from that notice, apply for a license pursuant to Chapter 2 (commencing with Section 26002).

(g) A provisional license may be suspended or revoked pursuant to Section 26017.

Chapter 6. Operative Date

26040. This division shall become operative on July 1, 2016.

SEC. 4. The Legislature finds and declares that Section 3 of this act, which adds Sections 26023 and 26032 to the Financial Code, imposes a limitation on the public’s right of access to the meetings of public bodies or the writings of public officials and agencies within the meaning of Section 3 of Article 1 of the California Constitution. Pursuant to that constitutional provision,
the Legislature makes the following findings to demonstrate the
interest protected by this limitation and the need for protecting
that interest:
In order to allow the Commissioner of Business Oversight of
the Department of Business Oversight to fully accomplish his or
her goals, it is imperative to protect the interests of those persons
submitting information to the department to ensure that any
personal or sensitive business information that this act requires
those persons to submit is protected as confidential information.
SEC. 2. No reimbursement is required by this act pursuant to
Section 6 of Article XIII B of the California Constitution because
the only costs that may be incurred by a local agency or school
district will be incurred because this act creates a new crime or
infraction, eliminates a crime or infraction, or changes the penalty
for a crime or infraction, within the meaning of Section 17556 of
the Government Code, or changes the definition of a crime within
the meaning of Section 6 of Article XIII B of the California
Constitution.
