An act to amend Section 10082.5 of the Insurance Code, relating to earthquake insurance.

LEGISLATIVE COUNSEL'S DIGEST

AB 1440, as introduced, Nazarian. Earthquake insurance.

Existing law prohibits an insurer who charges an additional earthquake insurance premium or deductible because a dwelling fails to meet certain building requirements relating to earthquake bracing from charging the additional premium or deductible if the dwelling is brought into compliance with those requirements, as specified.

This bill would make nonsubstantive, technical changes by deleting obsolete portions of those provisions.

Vote: majority. Appropriation: no. Fiscal committee: no.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*

1 SECTION 1. Section 10082.5 of the Insurance Code is  
2 amended to read:
