CALIFORNIA LEGISLATURE—2015–16 REGULAR SESSION

ASSEMBLY BILL

No. 2007

Introduced by Assembly Member McCarty

February 16, 2016

An act to add Article 2.5 (commencing with Section 124235) to Chapter 4 of Part 2 of Division 106 of the Health and Safety Code, relating to youth athletics.

LEGISLATIVE COUNSEL'S DIGEST

AB 2007, as amended, McCarty. Youth athletics: youth sports organizations: concussions or other head injuries.

Existing law requires a school district, charter school, or private school, if it offers an athletic program, to immediately remove an athlete from an athletic activity for the remainder of the day if the athlete is suspected of sustaining a concussion or head injury, and prohibits the athlete from returning to the athletic activity until the athlete is evaluated by a licensed health care provider, trained in the management of concussions, and acting within the scope of his or her practice, and the athlete receives written clearance from the licensed health care provider to return to the athletic activity. Existing law also requires, on a yearly basis, a concussion and head injury information sheet to be signed and returned by the athlete and athlete's parent or guardian before the athlete's initiating practice or competition.

This bill would apply these provisions to athletes participating in youth sports organizations, as defined to include organizations,

businesses, nonprofit entities, or local governmental agencies that sponsor or conduct amateur sports competitions, training, camps, or clubs in which persons 17 years of age or younger participate in any of 25 designated sports. The bill would require youth sports organizations to notify the parents or guardians of athletes 17 years of age or younger who have been removed from athletic activities due to suspected concussions, as specified. The bill would require youth sports organizations to offer concussion and head injury education, or related educational materials, or both, to each of their coaches and administrators on a yearly basis, as prescribed. The bill would require each of these coaches and administrators to successfully complete the concussion and head injury education offered under the bill at least once either online or in person.

The bill would also require a youth sports organization to identify an individual within the organization who is responsible for ensuring compliance by the organization with the bill’s requirements for providing concussion and head injury education. The bill would additionally require the youth sports organization to identify procedures to ensure compliance with the athlete removal provisions and the return-to-play protocol, as specified. The bill would specify that it applies to all persons participating in the activities of a youth sports organization, irrespective of their ages.

Vote: majority. Appropriation: no. Fiscal committee: no.
 State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Article 2.5 (commencing with Section 124235)
 2 is added to Chapter 4 of Part 2 of Division 106 of the Health and
 3 Safety Code, to read:

4
 5 Article 2.5. Youth Sports Concussion Protocols
 6

7 124235. (a) A youth sports organization that elects to offer an
 8 athletic program shall comply with all of the following:

9 (1) An athlete who is suspected of sustaining a concussion or
 10 other head injury in an athletic activity shall be immediately
 11 removed from the athletic activity for the remainder of the day,
 12 and shall not be permitted to return to any athletic activity until
 13 he or she is evaluated by a licensed health care provider. The athlete

1 shall not be permitted to return to athletic activity until he or she
2 receives written clearance to return to athletic activity from a
3 licensed health care provider. If the licensed health care provider
4 determines that the athlete sustained a concussion or other head
5 injury, the athlete shall also complete a graduated return-to-play
6 protocol of no less than seven days in duration under the
7 supervision of a licensed health care provider.

8 (2) If an athlete who is 17 years of age or younger has been
9 removed from athletic activity due to a suspected concussion, the
10 youth sports organization shall notify a parent or guardian of that
11 athlete of the time and date of the injury, the symptoms observed,
12 and any treatment provided to that athlete for the injury.

13 (3) On a yearly basis, the youth sports organization shall give
14 a concussion and head injury information sheet to each athlete.
15 The information sheet shall be signed and returned by the athlete
16 and, if the athlete is 17 years of age or younger, shall also be signed
17 by the athlete's parent or guardian, before the athlete initiates
18 practice or competition. The information sheet may be sent and
19 returned through an electronic medium including, but not
20 necessarily limited to, fax or electronic mail.

21 (4) On a yearly basis, the youth sports organization shall offer
22 concussion and head injury education, or related educational
23 materials, or both, to each coach and administrator of the youth
24 sports organization. ~~Each coach and administrator shall be required~~
25 ~~to successfully complete the concussion and head injury education~~
26 ~~offered pursuant to this paragraph at least once, either online or in~~
27 ~~person, before supervising an athlete in an activity of the youth~~
28 ~~sports organization.~~
