## CHAPTER \_\_\_\_\_

An act to amend Sections 51760.3 and 51769 of the Education Code, relating to pupil instruction.

## LEGISLATIVE COUNSEL'S DIGEST

AB 2063, Gallagher. Work-based learning opportunities: work experience education and job shadowing.

Existing law authorizes a school district to offer work experience education and requires a pupil to be at least 16 years of age to receive credit for completing a work experience education program, except under specified circumstances. Existing law specifies that a pupil may participate in a job shadowing experience for a maximum of 25 hours in a specified period.

This bill would authorize work experience education credit to be granted to a pupil who is at least 14 years of age if the principal of the school in which the pupil is enrolled certifies that it is necessary for the pupil's participation in a career technical education program and would also authorize a pupil to participate in a job shadowing experience for up to 40 hours in a specified period if the principal of the school in which the pupil is enrolled certifies that it is necessary for the pupil's participation in a career technical education program.

*The people of the State of California do enact as follows:*

SECTION 1. Section 51760.3 of the Education Code is amended to read:

51760.3. The governing board of any school district offering work experience education pursuant to the authority of Section 51760 shall grant credit to pupils satisfactorily completing a work experience education program, in an amount not to exceed a total of 40 semester credits, of which no more than 10 credits may be conferred in any one semester, provided the pupil meets all of the following requirements:

(a) At the time of enrollment, the pupil is at least 16 years of age. Pupils under the age of 16 years may receive credit for work experience education under the following conditions:

- (1) The pupil is enrolled in grade 11 or a higher grade.
- (2) The principal of the school in which the pupil is enrolled certifies that the pupil is in need of immediate work experience education in order to pursue employment opportunities.
- (3) The principal of the school in which the pupil is enrolled certifies that there is a probability that the pupil will no longer be enrolled as a full-time pupil without being provided the opportunity to enroll in a work experience education program.
- (4) The pupil is at least 14 years of age and the principal in the school in which the pupil is enrolled certifies that it is necessary for the pupil's participation in a career technical education program.
- (5) The pupil's individualized education program, adopted pursuant to the requirements of Part 30 (commencing with Section 56000), prescribes the type of training for which participation in a work experience program is deemed appropriate.
  - (b) During the course of the pupil's enrollment in the program, the pupil receives as a minimum the equivalent of one instructional period per week of classroom instruction or counseling by a certificated employee. The instruction or counseling shall be offered in sessions scheduled intermittently throughout the semester.
  - (c) The work experience education program meets all of the requirements of law governing these programs.

SEC. 2. Section 51769 of the Education Code is amended to read:

51769. (a) Notwithstanding any provision of this code or the Labor Code to the contrary, the school district, county superintendent of schools, or any school administered by the State Department of Education, under whose supervision work experience education, cooperative vocational education, or community classrooms, as defined by regulations adopted by the Superintendent, or a job shadowing experience, as defined in subdivision (b), or student apprenticeship programs registered by the Division of Apprenticeship Standards of the Department of Industrial Relations for registered student apprentices, are provided, shall be considered the employer under Division 4 (commencing with Section 3200) of the Labor Code of persons receiving this training unless the persons during the training are being paid a cash wage or salary by a private employer, except in the case of registered student apprentices, when the school district, county

superintendent of schools, or any school administered by the State Department of Education elects to provide workers' compensation insurance, or unless the person or firm under whom the persons are receiving work experience or occupational training elects to provide workers' compensation insurance. A registered student apprentice is a registered apprentice who is (1) at least 16 years of age, (2) a full-time high school pupil in the 10th, 11th, or 12th grade, and (3) in an apprenticeship program for registered student apprentices registered with the Division of Apprenticeship Standards. An apprentice, while attending related and supplemental instruction classes, shall be considered to be in the employ of the apprentice's employer and not subject to this section, unless the apprentice is unemployed. Whenever this work experience education, cooperative vocational education, community classroom education, or job shadowing, or student apprenticeship program registered by the Division of Apprenticeship Standards for registered student apprentices, is under the supervision of a regional occupational center or program operated by two or more school districts pursuant to Section 52301, the district of residence of the persons receiving the training shall be deemed the employer for the purposes of this section.

(b) For purposes of this section, "job shadowing experience" means a visit to a workplace for the purpose of career exploration for no less than three hours and no more than 25 hours in one semester, intersession, or summer school session.

(c) Notwithstanding subdivision (b), a pupil may participate in a job shadowing experience for up to 40 hours in one semester, intersession, or summer school session if the principal of the school in which the pupil is enrolled certifies that it is necessary for the pupil's participation in a career technical education program.

Approved \_\_\_\_\_, 2016
