

ASSEMBLY BILL

No. 2109

Introduced by Assembly Member Dahle

February 17, 2016

An act to amend Section 38592 of the Health and Safety Code, relating to greenhouse gases.

LEGISLATIVE COUNSEL'S DIGEST

AB 2109, as introduced, Dahle. Greenhouse gas emissions reduction: state agencies.

The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to adopt a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020. The act requires state agencies to consider and implement strategies to reduce their greenhouse gas emissions.

This bill would make technical, nonsubstantive changes to this provision.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 38592 of the Health and Safety Code is
2 amended to read:

1 38592. (a) All state agencies shall consider and implement
2 strategies to reduce their *emissions of* greenhouse-gas ~~emissions~~.
3 *gases*.

4 (b) Nothing in this division shall relieve any person, entity, or
5 public agency of compliance with other applicable federal, state,
6 or local laws or regulations, including state air and water quality
7 requirements, and other requirements for protecting *the* public
8 health or the environment.
