

Assembly Bill No. 2119

CHAPTER 690

An act to amend Section 56.10 of the Civil Code, and to amend Sections 4514 and 5328.8 of the Welfare and Institutions Code, relating to medical information.

[Approved by Governor September 27, 2016. Filed with
Secretary of State September 27, 2016.]

LEGISLATIVE COUNSEL'S DIGEST

AB 2119, Chu. Medical information: disclosure: medical examiners and forensic pathologists.

(1) Existing law, the Confidentiality of Medical Information Act, generally prohibits a provider of health care, a health care service plan, or a contractor from disclosing medical information regarding a patient of the provider of health care or an enrollee or subscriber of a health care service plan without first obtaining an authorization. The act, as exceptions to this prohibition, requires disclosure of medical information by a provider of health care, a health care service plan, or a contractor to a coroner when requested by the coroner in the course of investigation for specified purposes, and authorizes disclosure when requested by the coroner in the course of investigation for any other purpose. Under existing law, medical information obtained in the course of providing certain services to specified persons is confidential and not subject to disclosure under these exceptions.

This bill would subject medical information obtained in the course of providing those services to disclosure under the above-described exceptions, would expand those exceptions to include medical information requested by a medical examiner or forensic pathologist, as specified, and would provide that a medical examiner, forensic pathologist, or coroner, as described, is prohibited from disclosing the information contained in the medical record obtained pursuant to those exceptions to a 3rd party without a court order or authorization of the beneficiary or personal representative of the deceased patient.

(2) Existing law requires, when a person with a developmental disability dies from any cause, natural or otherwise, while hospitalized in a state developmental center, the State Department of Developmental Services, the physician and surgeon in charge of the client, or the professional in charge of the facility or his or her designee to release information and records to the coroner. Existing law prohibits that department and those persons from releasing any notes, summaries, transcripts, tapes, or records of conversations between the resident and health professional personnel of the hospital relating to the personal life of the resident that is not related to the diagnosis and treatment of the resident's physical condition. Existing law

also requires any information released to the coroner pursuant to this provision to remain confidential and to be sealed, and prohibits that information from being made part of the public record. Similar requirements and prohibitions apply to the State Department of State Hospitals, physicians, and professionals with respect to records regarding patients who die while hospitalized in a state mental hospital.

This bill would revise those provisions by deleting the prohibitions against releasing notes, summaries, transcripts, tapes, or records of conversations between the resident or patient and the health professional personnel of the hospital relating to the personal life of the resident or patient that is not related to the diagnosis and treatment of the resident's or patient's physical condition. The bill would instead expand those disclosure requirements to include the release of information and records to a medical examiner, forensic pathologist, or coroner, as specified, upon request. The bill would prohibit the disclosure, except as specified, of any information contained in the medical record obtained pursuant to those exceptions to a 3rd party without a court order or authorization of the beneficiary or personal representative of the deceased patient.

The bill would also require a health facility, as defined, a health or behavioral health facility or clinic, and the physician in charge of the patient to release the patient's medical record to a medical examiner, forensic pathologist, or coroner, as specified, and upon request, when a patient dies from any cause, natural or otherwise. The bill would prohibit a medical examiner, forensic pathologist, or coroner from disclosing, except as specified, any information contained in the medical record obtained pursuant to these provisions without a court order or authorization of the beneficiary or personal representative of the deceased patient.

(3) Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings to that effect.

The people of the State of California do enact as follows:

SECTION 1. Section 56.10 of the Civil Code is amended to read:

56.10. (a) A provider of health care, health care service plan, or contractor shall not disclose medical information regarding a patient of the provider of health care or an enrollee or subscriber of a health care service plan without first obtaining an authorization, except as provided in subdivision (b) or (c).

(b) A provider of health care, a health care service plan, or a contractor shall disclose medical information if the disclosure is compelled by any of the following:

(1) By a court pursuant to an order of that court.

(2) By a board, commission, or administrative agency for purposes of adjudication pursuant to its lawful authority.

(3) By a party to a proceeding before a court or administrative agency pursuant to a subpoena, subpoena duces tecum, notice to appear served pursuant to Section 1987 of the Code of Civil Procedure, or any provision authorizing discovery in a proceeding before a court or administrative agency.

(4) By a board, commission, or administrative agency pursuant to an investigative subpoena issued under Article 2 (commencing with Section 11180) of Chapter 2 of Part 1 of Division 3 of Title 2 of the Government Code.

(5) By an arbitrator or arbitration panel, when arbitration is lawfully requested by either party, pursuant to a subpoena duces tecum issued under Section 1282.6 of the Code of Civil Procedure, or another provision authorizing discovery in a proceeding before an arbitrator or arbitration panel.

(6) By a search warrant lawfully issued to a governmental law enforcement agency.

(7) By the patient or the patient's representative pursuant to Chapter 1 (commencing with Section 123100) of Part 1 of Division 106 of the Health and Safety Code.

(8) By a medical examiner, forensic pathologist, or coroner, when requested in the course of an investigation by a medical examiner, forensic pathologist, or coroner's office for the purpose of identifying the decedent or locating next of kin, or when investigating deaths that may involve public health concerns, organ or tissue donation, child abuse, elder abuse, suicides, poisonings, accidents, sudden infant deaths, suspicious deaths, unknown deaths, or criminal deaths, or upon notification of, or investigation of, imminent deaths that may involve organ or tissue donation pursuant to Section 7151.15 of the Health and Safety Code, or when otherwise authorized by the decedent's representative. Medical information requested by a medical examiner, forensic pathologist, or coroner under this paragraph shall be limited to information regarding the patient who is the decedent and who is the subject of the investigation or who is the prospective donor and shall be disclosed to a medical examiner, forensic pathologist, or coroner without delay upon request. A medical examiner, forensic pathologist, or coroner shall not disclose the information contained in the medical record obtained pursuant to this paragraph to a third party without a court order or authorization pursuant to paragraph (4) of subdivision (c) of Section 56.11.

(9) When otherwise specifically required by law.

(c) A provider of health care or a health care service plan may disclose medical information as follows:

(1) The information may be disclosed to providers of health care, health care service plans, contractors, or other health care professionals or facilities for purposes of diagnosis or treatment of the patient. This includes, in an emergency situation, the communication of patient information by radio transmission or other means between emergency medical personnel at the

scene of an emergency, or in an emergency medical transport vehicle, and emergency medical personnel at a health facility licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code.

(2) The information may be disclosed to an insurer, employer, health care service plan, hospital service plan, employee benefit plan, governmental authority, contractor, or other person or entity responsible for paying for health care services rendered to the patient, to the extent necessary to allow responsibility for payment to be determined and payment to be made. If (A) the patient is, by reason of a comatose or other disabling medical condition, unable to consent to the disclosure of medical information and (B) no other arrangements have been made to pay for the health care services being rendered to the patient, the information may be disclosed to a governmental authority to the extent necessary to determine the patient's eligibility for, and to obtain, payment under a governmental program for health care services provided to the patient. The information may also be disclosed to another provider of health care or health care service plan as necessary to assist the other provider or health care service plan in obtaining payment for health care services rendered by that provider of health care or health care service plan to the patient.

(3) The information may be disclosed to a person or entity that provides billing, claims management, medical data processing, or other administrative services for providers of health care or health care service plans or for any of the persons or entities specified in paragraph (2). However, information so disclosed shall not be further disclosed by the recipient in a way that would violate this part.

(4) The information may be disclosed to organized committees and agents of professional societies or of medical staffs of licensed hospitals, licensed health care service plans, professional standards review organizations, independent medical review organizations and their selected reviewers, utilization and quality control peer review organizations as established by Congress in Public Law 97-248 in 1982, contractors, or persons or organizations insuring, responsible for, or defending professional liability that a provider may incur, if the committees, agents, health care service plans, organizations, reviewers, contractors, or persons are engaged in reviewing the competence or qualifications of health care professionals or in reviewing health care services with respect to medical necessity, level of care, quality of care, or justification of charges.

(5) The information in the possession of a provider of health care or a health care service plan may be reviewed by a private or public body responsible for licensing or accrediting the provider of health care or a health care service plan. However, no patient-identifying medical information may be removed from the premises except as expressly permitted or required elsewhere by law, nor shall that information be further disclosed by the recipient in a way that would violate this part.

(6) The information may be disclosed to a medical examiner, forensic pathologist, or county coroner in the course of an investigation by a medical

examiner, forensic pathologist, or coroner's office when requested for all purposes not included in paragraph (8) of subdivision (b). A medical examiner, forensic pathologist, or coroner shall not disclose the information contained in the medical record obtained pursuant to this paragraph to a third party without a court order or authorization pursuant to paragraph (4) of subdivision (c) of Section 56.11.

(7) The information may be disclosed to public agencies, clinical investigators, including investigators conducting epidemiologic studies, health care research organizations, and accredited public or private nonprofit educational or health care institutions for bona fide research purposes. However, no information so disclosed shall be further disclosed by the recipient in a way that would disclose the identity of a patient or violate this part.

(8) A provider of health care or health care service plan that has created medical information as a result of employment-related health care services to an employee conducted at the specific prior written request and expense of the employer may disclose to the employee's employer that part of the information that:

(A) Is relevant in a lawsuit, arbitration, grievance, or other claim or challenge to which the employer and the employee are parties and in which the patient has placed in issue his or her medical history, mental or physical condition, or treatment, provided that information may only be used or disclosed in connection with that proceeding.

(B) Describes functional limitations of the patient that may entitle the patient to leave from work for medical reasons or limit the patient's fitness to perform his or her present employment, provided that no statement of medical cause is included in the information disclosed.

(9) Unless the provider of health care or a health care service plan is notified in writing of an agreement by the sponsor, insurer, or administrator to the contrary, the information may be disclosed to a sponsor, insurer, or administrator of a group or individual insured or uninsured plan or policy that the patient seeks coverage by or benefits from, if the information was created by the provider of health care or health care service plan as the result of services conducted at the specific prior written request and expense of the sponsor, insurer, or administrator for the purpose of evaluating the application for coverage or benefits.

(10) The information may be disclosed to a health care service plan by providers of health care that contract with the health care service plan and may be transferred among providers of health care that contract with the health care service plan, for the purpose of administering the health care service plan. Medical information shall not otherwise be disclosed by a health care service plan except in accordance with this part.

(11) This part does not prevent the disclosure by a provider of health care or a health care service plan to an insurance institution, agent, or support organization, subject to Article 6.6 (commencing with Section 791) of Chapter 1 of Part 2 of Division 1 of the Insurance Code, of medical information if the insurance institution, agent, or support organization has

complied with all of the requirements for obtaining the information pursuant to Article 6.6 (commencing with Section 791) of Chapter 1 of Part 2 of Division 1 of the Insurance Code.

(12) The information relevant to the patient's condition, care, and treatment provided may be disclosed to a probate court investigator in the course of an investigation required or authorized in a conservatorship proceeding under the Guardianship-Conservatorship Law as defined in Section 1400 of the Probate Code, or to a probate court investigator, probation officer, or domestic relations investigator engaged in determining the need for an initial guardianship or continuation of an existing guardianship.

(13) The information may be disclosed to an organ procurement organization or a tissue bank processing the tissue of a decedent for transplantation into the body of another person, but only with respect to the donating decedent, for the purpose of aiding the transplant. For the purpose of this paragraph, "tissue bank" and "tissue" have the same meanings as defined in Section 1635 of the Health and Safety Code.

(14) The information may be disclosed when the disclosure is otherwise specifically authorized by law, including, but not limited to, the voluntary reporting, either directly or indirectly, to the federal Food and Drug Administration of adverse events related to drug products or medical device problems, or to disclosures made pursuant to subdivisions (b) and (c) of Section 11167 of the Penal Code by a person making a report pursuant to Sections 11165.9 and 11166 of the Penal Code, provided that those disclosures concern a report made by that person.

(15) Basic information, including the patient's name, city of residence, age, sex, and general condition, may be disclosed to a state-recognized or federally recognized disaster relief organization for the purpose of responding to disaster welfare inquiries.

(16) The information may be disclosed to a third party for purposes of encoding, encrypting, or otherwise anonymizing data. However, no information so disclosed shall be further disclosed by the recipient in a way that would violate this part, including the unauthorized manipulation of coded or encrypted medical information that reveals individually identifiable medical information.

(17) For purposes of disease management programs and services as defined in Section 1399.901 of the Health and Safety Code, information may be disclosed as follows: (A) to an entity contracting with a health care service plan or the health care service plan's contractors to monitor or administer care of enrollees for a covered benefit, if the disease management services and care are authorized by a treating physician, or (B) to a disease management organization, as defined in Section 1399.900 of the Health and Safety Code, that complies fully with the physician authorization requirements of Section 1399.902 of the Health and Safety Code, if the health care service plan or its contractor provides or has provided a description of the disease management services to a treating physician or to the health care service plan's or contractor's network of physicians. This

paragraph does not require physician authorization for the care or treatment of the adherents of a well-recognized church or religious denomination who depend solely upon prayer or spiritual means for healing in the practice of the religion of that church or denomination.

(18) The information may be disclosed, as permitted by state and federal law or regulation, to a local health department for the purpose of preventing or controlling disease, injury, or disability, including, but not limited to, the reporting of disease, injury, vital events, including, but not limited to, birth or death, and the conduct of public health surveillance, public health investigations, and public health interventions, as authorized or required by state or federal law or regulation.

(19) The information may be disclosed, consistent with applicable law and standards of ethical conduct, by a psychotherapist, as defined in Section 1010 of the Evidence Code, if the psychotherapist, in good faith, believes the disclosure is necessary to prevent or lessen a serious and imminent threat to the health or safety of a reasonably foreseeable victim or victims, and the disclosure is made to a person or persons reasonably able to prevent or lessen the threat, including the target of the threat.

(20) The information may be disclosed as described in Section 56.103.

(21) (A) The information may be disclosed to an employee welfare benefit plan, as defined under Section 3(1) of the Employee Retirement Income Security Act of 1974 (29 U.S.C. Sec. 1002(1)), which is formed under Section 302(c)(5) of the Taft-Hartley Act (29 U.S.C. Sec. 186(c)(5)), to the extent that the employee welfare benefit plan provides medical care, and may also be disclosed to an entity contracting with the employee welfare benefit plan for billing, claims management, medical data processing, or other administrative services related to the provision of medical care to persons enrolled in the employee welfare benefit plan for health care coverage, if all of the following conditions are met:

(i) The disclosure is for the purpose of determining eligibility, coordinating benefits, or allowing the employee welfare benefit plan or the contracting entity to advocate on the behalf of a patient or enrollee with a provider, a health care service plan, or a state or federal regulatory agency.

(ii) The request for the information is accompanied by a written authorization for the release of the information submitted in a manner consistent with subdivision (a) and Section 56.11.

(iii) The disclosure is authorized by and made in a manner consistent with the Health Insurance Portability and Accountability Act of 1996 (Public Law 104-191).

(iv) Any information disclosed is not further used or disclosed by the recipient in any way that would directly or indirectly violate this part or the restrictions imposed by Part 164 of Title 45 of the Code of Federal Regulations, including the manipulation of the information in any way that might reveal individually identifiable medical information.

(B) For purposes of this paragraph, Section 1374.8 of the Health and Safety Code shall not apply.

(22) Information may be disclosed pursuant to subdivision (a) of Section 15633.5 of the Welfare and Institutions Code by a person required to make a report pursuant to Section 15630 of the Welfare and Institutions Code, provided that the disclosure under subdivision (a) of Section 15633.5 concerns a report made by that person. Covered entities, as they are defined in Section 160.103 of Title 45 of the Code of Federal Regulations, shall comply with the requirements of the Health Insurance Portability and Accountability Act (HIPAA) privacy rule pursuant to subsection (c) of Section 164.512 of Title 45 of the Code of Federal Regulations if the disclosure is not for the purpose of public health surveillance, investigation, intervention, or reporting an injury or death.

(d) Except to the extent expressly authorized by a patient, enrollee, or subscriber, or as provided by subdivisions (b) and (c), a provider of health care, health care service plan, contractor, or corporation and its subsidiaries and affiliates shall not intentionally share, sell, use for marketing, or otherwise use medical information for a purpose not necessary to provide health care services to the patient.

(e) Except to the extent expressly authorized by a patient or enrollee or subscriber or as provided by subdivisions (b) and (c), a contractor or corporation and its subsidiaries and affiliates shall not further disclose medical information regarding a patient of the provider of health care or an enrollee or subscriber of a health care service plan or insurer or self-insured employer received under this section to a person or entity that is not engaged in providing direct health care services to the patient or his or her provider of health care or health care service plan or insurer or self-insured employer.

(f) For purposes of this section, a reference to a “medical examiner, forensic pathologist, or coroner” means a coroner or deputy coroner as described in subdivision (c) of Section 830.35 of the Penal Code, or a licensed physician who currently performs official autopsies on behalf of a county coroner’s office or a medical examiner’s office, whether as a government employee or under contract to that office.

SEC. 2. Section 4514 of the Welfare and Institutions Code is amended to read:

4514. All information and records obtained in the course of providing intake, assessment, and services under Division 4.1 (commencing with Section 4400), Division 4.5 (commencing with Section 4500), Division 6 (commencing with Section 6000), or Division 7 (commencing with Section 7100) to persons with developmental disabilities shall be confidential. Information and records obtained in the course of providing similar services to either voluntary or involuntary recipients prior to 1969 shall also be confidential. Information and records shall be disclosed only in any of the following cases:

(a) In communications between qualified professional persons, whether employed by a regional center or state developmental center, or not, in the provision of intake, assessment, and services or appropriate referrals. The consent of the person with a developmental disability, or his or her guardian or conservator, shall be obtained before information or records may be

disclosed by regional center or state developmental center personnel to a professional not employed by the regional center or state developmental center, or a program not vendored by a regional center or state developmental center.

(b) When the person with a developmental disability, who has the capacity to give informed consent, designates individuals to whom information or records may be released, except that this chapter shall not be construed to compel a physician and surgeon, psychologist, social worker, marriage and family therapist, professional clinical counselor, nurse, attorney, or other professional to reveal information that has been given to him or her in confidence by a family member of the person unless a valid release has been executed by that family member.

(c) To the extent necessary for a claim, or for a claim or application to be made on behalf of a person with a developmental disability for aid, insurance, government benefit, or medical assistance to which he or she may be entitled.

(d) If the person with a developmental disability is a minor, dependent ward, or conservatee, and his or her parent, guardian, conservator, limited conservator with access to confidential records, or authorized representative, designates, in writing, persons to whom records or information may be disclosed, except that this chapter shall not be construed to compel a physician and surgeon, psychologist, social worker, marriage and family therapist, professional clinical counselor, nurse, attorney, or other professional to reveal information that has been given to him or her in confidence by a family member of the person unless a valid release has been executed by that family member.

(e) For research, if the Director of Developmental Services designates by regulation rules for the conduct of research and requires the research to be first reviewed by the appropriate institutional review board or boards. These rules shall include, but need not be limited to, the requirement that all researchers shall sign an oath of confidentiality as follows:

“ _____
Date

As a condition of doing research concerning persons with developmental disabilities who have received services from _____ (fill in the facility, agency or person), I, _____, agree to obtain the prior informed consent of persons who have received services to the maximum degree possible as determined by the appropriate institutional review board or boards for protection of human subjects reviewing my research, or the person’s parent, guardian, or conservator, and I further agree not to divulge any information obtained in the course of the research to unauthorized persons, and not to publish or otherwise make public any information regarding persons who have received services so those persons who received services are identifiable.

I recognize that the unauthorized release of confidential information may make me subject to a civil action under provisions of the Welfare and Institutions Code.

”

Signed

(f) To the courts, as necessary to the administration of justice.

(g) To governmental law enforcement agencies as needed for the protection of federal and state elective constitutional officers and their families.

(h) To the Senate Committee on Rules or the Assembly Committee on Rules for the purposes of legislative investigation authorized by the committee.

(i) To the courts and designated parties as part of a regional center report or assessment in compliance with a statutory or regulatory requirement, including, but not limited to, Section 1827.5 of the Probate Code, Sections 1001.22 and 1370.1 of the Penal Code, and Section 6502 of the Welfare and Institutions Code.

(j) To the attorney for the person with a developmental disability in any and all proceedings upon presentation of a release of information signed by the person, except that when the person lacks the capacity to give informed consent, the regional center or state developmental center director or designee, upon satisfying himself or herself of the identity of the attorney, and of the fact that the attorney represents the person, shall release all information and records relating to the person except that this article shall not be construed to compel a physician and surgeon, psychologist, social worker, marriage and family therapist, professional clinical counselor, nurse, attorney, or other professional to reveal information that has been given to him or her in confidence by a family member of the person unless a valid release has been executed by that family member.

(k) Upon written consent by a person with a developmental disability previously or presently receiving services from a regional center or state developmental center, the director of the regional center or state developmental center, or his or her designee, may release any information, except information that has been given in confidence by members of the family of the person with developmental disabilities, requested by a probation officer charged with the evaluation of the person after his or her conviction of a crime if the regional center or state developmental center director or designee determines that the information is relevant to the evaluation. The consent shall only be operative until sentence is passed on the crime of which the person was convicted. The confidential information released pursuant to this subdivision shall be transmitted to the court separately from the probation report and shall not be placed in the probation report. The confidential information shall remain confidential except for purposes of sentencing. After sentencing, the confidential information shall be sealed.

(l) Between persons who are trained and qualified to serve on “multidisciplinary personnel” teams pursuant to subdivision (d) of Section 18951. The information and records sought to be disclosed shall be relevant to the prevention, identification, management, or treatment of an abused child and his or her parents pursuant to Chapter 11 (commencing with Section 18950) of Part 6 of Division 9.

(m) When a person with a developmental disability dies from any cause, natural or otherwise, while hospitalized in a state developmental center, the State Department of Developmental Services, the physician and surgeon in charge of the client, or the professional in charge of the facility or his or her designee, shall release the patient’s medical record to a medical examiner, forensic pathologist, or coroner, upon request. Except for the purposes included in paragraph (8) of subdivision (b) of Section 56.10 of the Civil Code, a medical examiner, forensic pathologist, or coroner shall not disclose any information contained in the medical record obtained pursuant to this subdivision without a court order or authorization pursuant to paragraph (4) of subdivision (c) of Section 56.11 of the Civil Code.

(n) To authorized licensing personnel who are employed by, or who are authorized representatives of, the State Department of Public Health, and who are licensed or registered health professionals, and to authorized legal staff or special investigators who are peace officers who are employed by, or who are authorized representatives of, the State Department of Social Services, as necessary to the performance of their duties to inspect, license, and investigate health facilities and community care facilities, and to ensure that the standards of care and services provided in these facilities are adequate and appropriate and to ascertain compliance with the rules and regulations to which the facility is subject. The confidential information shall remain confidential except for purposes of inspection, licensing, or investigation pursuant to Chapter 2 (commencing with Section 1250) and Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code, or a criminal, civil, or administrative proceeding in relation thereto. The confidential information may be used by the State Department of Public Health or the State Department of Social Services in a criminal, civil, or administrative proceeding. The confidential information shall be available only to the judge or hearing officer and to the parties to the case. Names that are confidential shall be listed in attachments separate to the general pleadings. The confidential information shall be sealed after the conclusion of the criminal, civil, or administrative hearings, and shall not subsequently be released except in accordance with this subdivision. If the confidential information does not result in a criminal, civil, or administrative proceeding, it shall be sealed after the State Department of Public Health or the State Department of Social Services decides that no further action will be taken in the matter of suspected licensing violations. Except as otherwise provided in this subdivision, confidential information in the possession of the State Department of Public Health or the State Department of Social Services shall not contain the name of the person with a developmental disability.

(o) To any board that licenses and certifies professionals in the fields of mental health and developmental disabilities pursuant to state law, when the Director of Developmental Services has reasonable cause to believe that there has occurred a violation of any provision of law subject to the jurisdiction of a board and the records are relevant to the violation. The information shall be sealed after a decision is reached in the matter of the suspected violation, and shall not subsequently be released except in accordance with this subdivision. Confidential information in the possession of the board shall not contain the name of the person with a developmental disability.

(p) (1) To governmental law enforcement agencies by the director of a regional center or state developmental center, or his or her designee, when (1) the person with a developmental disability has been reported lost or missing or (2) there is probable cause to believe that a person with a developmental disability has committed, or has been the victim of, murder, manslaughter, mayhem, aggravated mayhem, kidnapping, robbery, carjacking, assault with the intent to commit a felony, arson, extortion, rape, forcible sodomy, forcible oral copulation, assault or battery, or unlawful possession of a weapon, as provided in any provision listed in Section 16590 of the Penal Code.

(2) This subdivision shall be limited solely to information directly relating to the factual circumstances of the commission of the enumerated offenses and shall not include any information relating to the mental state of the patient or the circumstances of his or her treatment unless relevant to the crime involved.

(3) This subdivision shall not be construed as an exception to, or in any other way affecting, the provisions of Article 7 (commencing with Section 1010) of Chapter 4 of Division 8 of the Evidence Code, or Chapter 11 (commencing with Section 15600) and Chapter 13 (commencing with Section 15750) of Part 3 of Division 9.

(q) To the Division of Juvenile Facilities and Department of Corrections and Rehabilitation or any component thereof, as necessary to the administration of justice.

(r) To an agency mandated to investigate a report of abuse filed pursuant to either Section 11164 of the Penal Code or Section 15630 of the Welfare and Institutions Code for the purposes of either a mandated or voluntary report or when those agencies request information in the course of conducting their investigation.

(s) When a person with developmental disabilities, or the parent, guardian, or conservator of a person with developmental disabilities who lacks capacity to consent, fails to grant or deny a request by a regional center or state developmental center to release information or records relating to the person with developmental disabilities within a reasonable period of time, the director of the regional or developmental center, or his or her designee, may release information or records on behalf of that person provided both of the following conditions are met:

(1) Release of the information or records is deemed necessary to protect the person's health, safety, or welfare.

(2) The person, or the person's parent, guardian, or conservator, has been advised annually in writing of the policy of the regional center or state developmental center for release of confidential client information or records when the person with developmental disabilities, or the person's parent, guardian, or conservator, fails to respond to a request for release of the information or records within a reasonable period of time. A statement of policy contained in the client's individual program plan shall be deemed to comply with the notice requirement of this paragraph.

(t) (1) When an employee is served with a notice of adverse action, as defined in Section 19570 of the Government Code, the following information and records may be released:

(A) All information and records that the appointing authority relied upon in issuing the notice of adverse action.

(B) All other information and records that are relevant to the adverse action, or that would constitute relevant evidence as defined in Section 210 of the Evidence Code.

(C) The information described in subparagraphs (A) and (B) may be released only if both of the following conditions are met:

(i) The appointing authority has provided written notice to the consumer and the consumer's legal representative or, if the consumer has no legal representative or if the legal representative is a state agency, to the clients' rights advocate, and the consumer, the consumer's legal representative, or the clients' rights advocate has not objected in writing to the appointing authority within five business days of receipt of the notice, or the appointing authority, upon review of the objection has determined that the circumstances on which the adverse action is based are egregious or threaten the health, safety, or life of the consumer or other consumers and without the information the adverse action could not be taken.

(ii) The appointing authority, the person against whom the adverse action has been taken, and the person's representative, if any, have entered into a stipulation that does all of the following:

(I) Prohibits the parties from disclosing or using the information or records for any purpose other than the proceedings for which the information or records were requested or provided.

(II) Requires the employee and the employee's legal representative to return to the appointing authority all records provided to them under this subdivision, including, but not limited to, all records and documents or copies thereof that are no longer in the possession of the employee or the employee's legal representative because they were from any source containing confidential information protected by this section, and all copies of those records and documents, within 10 days of the date that the adverse action becomes final except for the actual records and documents submitted to the administrative tribunal as a component of an appeal from the adverse action.

(III) Requires the parties to submit the stipulation to the administrative tribunal with jurisdiction over the adverse action at the earliest possible opportunity.

(2) For the purposes of this subdivision, the State Personnel Board may, prior to any appeal from adverse action being filed with it, issue a protective order, upon application by the appointing authority, for the limited purpose of prohibiting the parties from disclosing or using information or records for any purpose other than the proceeding for which the information or records were requested or provided, and to require the employee or the employee's legal representative to return to the appointing authority all records provided to them under this subdivision, including, but not limited to, all records and documents from any source containing confidential information protected by this section, and all copies of those records and documents, within 10 days of the date that the adverse action becomes final, except for the actual records and documents that are no longer in the possession of the employee or the employee's legal representatives because they were submitted to the administrative tribunal as a component of an appeal from the adverse action.

(3) Individual identifiers, including, but not limited to, names, social security numbers, and hospital numbers, that are not necessary for the prosecution or defense of the adverse action, shall not be disclosed.

(4) All records, documents, or other materials containing confidential information protected by this section that have been submitted or otherwise disclosed to the administrative agency or other person as a component of an appeal from an adverse action shall, upon proper motion by the appointing authority to the administrative tribunal, be placed under administrative seal and shall not, thereafter, be subject to disclosure to any person or entity except upon the issuance of an order of a court of competent jurisdiction.

(5) For purposes of this subdivision, an adverse action becomes final when the employee fails to answer within the time specified in Section 19575 of the Government Code, or, after filing an answer, withdraws the appeal, or, upon exhaustion of the administrative appeal or of the judicial review remedies as otherwise provided by law.

(u) To the person appointed as the developmental services decisionmaker for a minor, dependent, or ward pursuant to Section 319, 361, or 726.

(v) To a protection and advocacy agency established pursuant to Section 4901, to the extent that the information is incorporated within any of the following:

(1) An unredacted facility evaluation report form or an unredacted complaint investigation report form of the State Department of Social Services. This information shall remain confidential and subject to the confidentiality requirements of subdivision (f) of Section 4903.

(2) An unredacted citation report, unredacted licensing report, unredacted survey report, unredacted plan of correction, or unredacted statement of deficiency of the State Department of Public Health, prepared by authorized licensing personnel or authorized representatives described in subdivision

(n). This information shall remain confidential and subject to the confidentiality requirements of subdivision (f) of Section 4903.

(w) When a comprehensive assessment is conducted or updated pursuant to Section 4418.25, 4418.7, or 4648, a regional center is authorized to provide the assessment to the regional center clients' rights advocate, who provides service pursuant to Section 4433.

(x) For purposes of this section, a reference to a "medical examiner, forensic pathologist, or coroner" means a coroner or deputy coroner, as described in subdivision (c) of Section 830.35 of the Penal Code, or a licensed physician who currently performs official autopsies on behalf of a county coroner's office or a medical examiner's office, whether as a government employee or under contract to that office.

SEC. 3. Section 5328.8 of the Welfare and Institutions Code is amended to read:

5328.8. (a) The State Department of State Hospitals, the physician in charge of the patient, or the professional person in charge of the facility or his or her designee, shall release the patient's medical record to a medical examiner, forensic pathologist, or coroner, upon request, when a patient dies from any cause, natural or otherwise, while hospitalized in a state mental hospital. Except for the purposes included in paragraph (8) of subdivision (b) of Section 56.10 of the Civil Code, a medical examiner, forensic pathologist, or coroner shall not disclose any information contained in the medical record obtained pursuant to this subdivision without a court order or authorization pursuant to paragraph (4) of subdivision (c) of Section 56.11 of the Civil Code.

(b) A health facility, as defined in Section 1250 of the Health and Safety Code, a health or behavioral health facility or clinic, and the physician in charge of the patient shall release the patient's medical record to a medical examiner, forensic pathologist, or coroner, upon request, when a patient dies from any cause, natural or otherwise. Except for the purposes included in paragraph (8) of subdivision (b) of Section 56.10 of the Civil Code, a medical examiner, forensic pathologist, or coroner shall not disclose any information contained in the medical record obtained pursuant to this subdivision without a court order or authorization pursuant to paragraph (4) of subdivision (c) of Section 56.11 of the Civil Code.

(c) For purposes of this section, a reference to a "medical examiner, forensic pathologist, or coroner" means a coroner or deputy coroner, as described in subdivision (c) of Section 830.35 of the Penal Code, or a licensed physician who currently performs official autopsies on behalf of a county coroner's office or a medical examiner's office, whether as a government employee or under contract to that office.

SEC. 4. The Legislature finds and declares that this act imposes a limitation on the public's right of access to the meetings of public bodies or the writings of public officials and agencies within the meaning of Section 3 of Article I of the California Constitution. Pursuant to that constitutional provision, the Legislature makes the following findings to demonstrate the interest protected by this limitation and the need for protecting that interest:

The privacy rights of the decedent would be impaired if the records released to a medical examiner, forensic pathologist, or coroner regarding the decedent were released to the public.
