February 17, 2016

---

An act to ~~amend Section 44260 of~~ *add Section 38087* to the Education Code, relating to ~~teacher credentialing~~, *school facilities*.

### LEGISLATIVE COUNSEL'S DIGEST

AB 2124, as amended, Eduardo Garcia. ~~Teacher credentialing: career technical education. School facilities: water filling stations: grant program.~~

*Existing law requires a school district to provide access to free, fresh drinking water during meal times in school food service areas by July 1, 2011, unless the governing board of a school district adopts a resolution stating that it is unable to comply with this requirement and demonstrating the reasons why it is unable to comply due to fiscal constraints or health and safety concerns.*

*This bill would require the State Department of Education to establish, by regulation, a grant program for local educational agencies to install new water filling stations on school campuses or to replace existing water fountains on school campuses with new water filling stations. The bill would provide that its provisions shall not be implemented unless funding is provided for its purposes in the annual Budget Act or another statute.*

~~Existing law specifies the requirements for the 3-year preliminary designated subjects career technical education teaching credential.~~

~~This bill would make a nonsubstantive change to that provision.~~

Vote: majority. Appropriation: no. Fiscal committee: ~~no~~ yes.  
State-mandated local program: no.
