An act to add Section 89511 to the Education Code, relating to the California State University.

LEGISLATIVE COUNSEL'S DIGEST

AB 2294, as amended, Gomez. The California State University: employees: leaves of absence without loss of compensation.

Existing law establishes the California State University, under the administration of the Board of Trustees of the California State University, as one of the 3 segments of public postsecondary education in California. Existing law requires the trustees to provide by rule for the government of their appointees and employees, and authorizes the trustees to grant a leave of absence without compensation to any nonacademic employee.

This bill would require the trustees to grant to any employee, upon ~~request~~, *a request that provides at least 30 days notice before commencement*, a leave of absence without loss of compensation, including retirement fund contributions, for the purpose of enabling the employee to serve as an elected officer of any California State University campus public employee-~~organization~~, *organization* or of any statewide or national public employee organization with which the university campus organization is affiliated. The bill would require the university or campus of the university to be reimbursed by the employee organization for all compensation paid during the leave of absence. The bill also would provide that the leave of absence without loss of

compensation provided by these provisions would be in addition to the released time without loss of compensation granted to representatives of an exclusive representative for purposes of meeting and conferring or for the processing of grievances.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.
