

Assembly Bill No. 2530

CHAPTER 861

An act to add Section 14549.3 to the Public Resources Code, relating to recycling.

[Approved by Governor September 30, 2016. Filed with
Secretary of State September 30, 2016.]

LEGISLATIVE COUNSEL'S DIGEST

AB 2530, Gordon. Recycling: beverage containers.

Existing law, the California Beverage Container Recycling and Litter Reduction Act, requires that every beverage container sold or offered for sale in this state have a minimum refund value, and requires a beverage manufacturer to indicate on all beverage containers sold or offered for sale in the state the message "California Redemption Value" or one of similar alternative messages, as specified. A beverage distributor is required to pay a redemption payment to the Department of Resources Recycling and Recovery for every beverage container sold or offered for sale in the state to a dealer, and the department is required to deposit those amounts in the California Beverage Container Recycling Fund.

This bill, beginning March 1, 2018, would require a manufacturer of a beverage sold in a plastic beverage container subject to the California Redemption Value to annually report to the department, under penalty of perjury, the amount of virgin plastic and postconsumer recycled plastic used by the manufacturer for plastic beverage containers subject to the California Redemption Value for sale in the state in the previous calendar year. By expanding the crime of perjury, the bill would impose a state-mandated local program. The bill would require the department to post the information reported on the department's Internet Web site.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The people of the State of California do enact as follows:

SECTION 1. Section 14549.3 is added to the Public Resources Code, to read:

14549.3. (a) On or before March 1, 2018, and annually thereafter, a manufacturer of a beverage sold in a plastic beverage container subject to the California Redemption Value shall report to the department the amount

of virgin plastic and postconsumer recycled plastic used by the manufacturer for plastic beverage containers subject to the California Redemption Value for sale in the state in the previous calendar year. The manufacturer shall submit this information to the department under penalty of perjury.

(b) The department shall post the information reported pursuant to subdivision (a) on the department's Internet Web site.

(c) This section does not apply to a refillable plastic beverage container.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.
