An act to amend Section 314.5 of the Public Utilities Code, relating to the Public Utilities Commission.

LEGISLATIVE COUNSEL'S DIGEST

AB 2570, as introduced, Quirk. Public Utilities Commission: inspection and audit of books and records.

Under existing law, the Public Utilities Commission has regulatory authority over public utilities and can establish its own procedures, subject to statutory limitations or directions and constitutional requirements of due process. The Public Utilities Act requires the commission to inspect and audit the books and records of certain public utilities, at specified intervals, for regulatory and tax purposes. Existing law requires reports of these inspections and audits and other pertinent information to be furnished to the State Board of Equalization for use in the assessment of public utilities.

This bill would delete the requirement that reports of the inspections and audits and other pertinent information be furnished to the State Board of Equalization.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.
