An act to add Section 44050 to the Education Code, relating to school employees.

LEGISLATIVE COUNSEL'S DIGEST

AB 2621, as amended, Gomez. Employee Codes of Conduct.

Existing law requires local educational agencies to provide certain documents to parents and post certain documents on an Internet Web page.

This bill would require a local educational agency, or a person, firm, association, partnership, or corporation offering or conducting private school instruction on the elementary or high school level, that maintains an employee code of conduct with pupils to provide a written copy of that document to the parent or guardian of each enrolled pupil at the beginning of each school year and to post it to a public page on each *of its* school's Internet Web site, or, if a school within the local educational agency does not have its own Internet Web site, on the local educational agency's Internet Web site. The bill would also provide that a local educational agency may satisfy the individual parent notification requirement by including a copy of the document with other

specified notifications that are required at the beginning of the first semester or quarter of the regular school term.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.
