TO ADD SECTION 26011.9 TO THE PUBLIC RESOURCES CODE, AND TO ADD SECTION 18410.3 TO, AND TO ADD AND REPEAL SECTIONS 12283, 17053.9, AND 23622.9 OF, THE REVENUE AND TAXATION CODE, RELATING TO TAXATION, TO TAKE EFFECT IMMEDIATELY, TAX LEVY.

LEGISLATIVE COUNSEL’S DIGEST

AB 2647, as introduced, Eduardo Garcia. Income taxation; insurance taxation; credits: California New Markets Tax Credit.

Existing federal law allows a New Markets Tax Credit to a taxpayer holding a qualified equity investment in an amount equal to the applicable percentage of the amount paid to the qualified community development entity for investment in low-income communities.

The state Personal Income Tax Law and the Corporation Tax Law allow various credits against the taxes imposed by those laws. Existing state constitutional law governing insurance taxation imposes an annual tax on the gross premiums of an insurer, as defined, doing business in this state at specified rates.

Existing law establishes the Governor’s Office of Business and Economic Development, also known as “GO-Biz,” to, among other things, serve the Governor as the lead entity for economic strategy and the marketing of California on issues relating to business development, private sector investment, and economic growth.
This bill would allow a California New Markets Tax Credit under the Personal Income Tax Law and the Corporation Tax Law, and the law governing insurance taxation, in modified conformity with a federal New Markets Tax Credit, for taxable years beginning on or after January 1, 2017, and before January 1, 2029, in a specified amount for investments in low-income communities. The bill would limit the total annual amount of credit allowed pursuant to these provisions to an amount equal to any portion not granted under a specified sales and use tax exclusion, not to exceed $40,000,000 per calendar year, and would limit the allocation of the credit to a cumulative total of no more than $200,000,000, as provided. The bill would impose specified duties on GO-Biz with regard to the application for, and allocation of, the credit. The bill would require GO-Biz to establish and impose reasonable fees upon entities that apply for the allocation of the credit, to be deposited in the California New Markets Tax Credit Fund established by the bill, and use the revenue, upon annual appropriation by the Legislature, to defray the cost of applying to, and administering the credits, as specified. The bill would only authorize the allocation for these credits for those taxable years for which moneys are appropriated to GO-Biz to administer these credits for those taxable years.

Existing law requires any bill authorizing a new personal or corporation income tax credit to contain, among other things, specific goals, purposes, and objectives that the tax credit will achieve, detailed performance indicators, and data collection requirements, as provided. This bill would also include that additional information required for any bill authorizing a new personal or corporation income tax credit. The bill would provide that its provisions are severable. This bill would take effect immediately as a tax levy.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) While many areas of California have recovered from the economic and community development impacts of the 2006 Financial Crisis and the 2010 global recession, Californians in a number of communities and neighborhoods are still experiencing their lingering effects. In some cases this has resulted in small and medium businesses in low-income areas lacking sufficient access
to capital and technical assistance. Given that the state has many
needs and limited resources, moneys from the private sector are
necessary to fill this capital and investment gap.

(b) Initially enacted in 2000, the federal government established
the New Markets Tax Credit (NMTC) Program, which uses a
market-based approach for expanding capital and technical
assistance to businesses in lower income communities. The federal
program is jointly administered by the Community Development
Financial Institutions Fund (CDFI Fund) and the Internal Revenue
Service. The NMTC Program allocates federal tax incentives to
community development entities (CDE), which they then use to
attract private investors who contribute funds that can be used to
finance and invest in businesses and develop real estate in
low-income communities. Through the 2013–14 funding round,
the CDFI Fund had awarded approximately forty billion dollars
($40,000,000,000) in NMTC in 836 awards, including three billion
dollars ($3,000,000,000) in American Recovery and Investment
Act of 2009 awards and one billion dollars ($1,000,000,000) of
special allocation authority to be used for the recovery and
redevelopment of the Gulf Opportunity Zone.

(c) The federal NMTC totals 39 percent of the original
investment amount in the CDE and is claimed over a period of
seven years (5 percent for each of the first three years, and 6
percent for each of the remaining four years). Any investment by
any taxpayer in the CDE redeemed before the end of the seven-year
period will be recaptured.

(d) Fourteen states in the United States have adopted state
programs using the NMTC model including Alabama, Florida,
Illinois, Nevada, and Oregon. While some of the programs
substantially mirror the federal program, others vary in both the
percentage of the credit and some of the policies that form the
foundation of the credit. One of the reasons cited for establishing
state-level programs is to make a state more attractive to CDEs,
which results in increasing the amount of federal NMTCs being
utilized in a state. Further, several studies, including a January 1,
2011, case study by Pacific Community Ventures, showed that for
every dollar of forgone tax revenue, the federal NMTC leverages
$12 to $14 of private investment.

SEC. 2. Section 26011.9 is added to the Public Resources Code,
to read:
26011.9. The authority shall make a determination of the amount of the one hundred million dollars ($100,000,000) in exclusions not granted in the assigned calendar year pursuant to Section 26011.8. An amount equal to that amount but not to exceed forty million dollars ($40,000,000) shall be granted in the subsequent calendar year through the California New Markets Tax Credit Program pursuant to Sections 12283, 17053.9, and 23622.9 of the Revenue and Taxation Code. This section shall not prevent a taxpayer granted an exclusion pursuant to Section 6010.8 of the Revenue and Taxation Code from applying for, and receiving a refund for, taxes paid under Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code.

SEC. 3. Section 12283 is added to the Revenue and Taxation Code, to read:

12283. (a) There is hereby created the California New Markets Tax Credit Program as provided in this section, Section 17053.9, and Section 23622.9. The purpose of this program is to stimulate private sector investment in lower income communities by providing a tax incentive to community and economic development entities that can be leveraged by the entity to attract private sector investment that in turn will be deployed by providing financing and technical assistance to small- and medium-size businesses and the development of commercial, industrial, and community development projects, including, but not limited to, facilities for nonprofit service organizations, light manufacturing, and mixed-use and transit-oriented development. GO-Biz shall administer this program as provided in this section, Section 17053.9, and Section 23622.9. The Director of GO-Biz may delegate the administration of all or portions of the program within GO-Biz.

(b) (1) For taxable years beginning on or after January 1, 2017, and before January 1, 2029, and subject to subdivision (h), there shall be allowed as a credit against the tax described in Section 12201, in an amount determined in accordance with Section 45D of the Internal Revenue Code, relating to the new markets tax credit, as modified in this section.

Any qualified equity investment attributable to recaptured credits shall be available to GO-Biz on March 1 of the year following recapture and shall be available for allocation in the following calendar years in accordance with subparagraph (B) of paragraph (5). Reallocated qualified equity investments attributable to recapture credits shall not count against the annual or the cumulative limit.

(B) The references to “the Secretary” in Section 45D(f)(2) of the Internal Revenue Code, relating to allocation of limitation, is modified to read “GO-Biz.”

(C) The last sentence of Section 45D(f)(3) of the Internal Revenue Code, relating to carryover of unused limitation, shall not apply.

(2) (A) GO-Biz shall establish and impose reasonable fees upon entities that apply for the allocation pursuant to this subdivision that in the aggregate defray the cost of reviewing applications for the program. GO-Biz may impose other reasonable fees upon entities that receive the allocation pursuant to this subdivision that in the aggregate defray the cost of administering the program.

(B) The fees collected shall be deposited in the California New Markets Tax Credit Fund established in Section 18410.3.

(3) In developing guidelines, GO-Biz shall adopt an allocation process that does all of the following:

(A) Creates an equitable distribution process that ensures that low-income community populations across the state have an opportunity to benefit from the program.

Applications received on the same day shall be deemed to have been received simultaneously.

(B) In the 2018 to 2029 award cycles, inclusive, at least 60 percent of the authority to designate qualified equity investments shall be awarded pursuant to subparagraph (A). At the discretion of GO-Biz, a higher percentage of authority to designate qualified equity investments may be awarded pursuant to subparagraph (A).

(C) GO-Biz shall award up to 40 percent of the authority to designate qualified equity investments in the 2018 to 2029, inclusive, award cycles, to qualified community development entities on a competitive basis using blind scoring and a review committee that is composed of community development finance practitioners and members having demonstrated experience in assessing organizational business strategy, community outcomes, capitalization strategy, and management capacity. A member of the review committee shall not have a financial interest, which includes, but is not limited to, asking, consenting, or agreeing to receive any commission, emolument, gratuity, money, property, or thing of value for his or her own use, benefit, or personal advantage for procuring or endeavoring to procure for any person, partnership, joint venture, association, or corporation any qualified equity investment or other assistance from any applicant.

(D) (i) For qualified equity investments derived from the 2017 to 2029, inclusive, awards cycles, pursuant to subparagraphs (A),

(id) Has bylaws that provide that the organization maintains accountability to residents of low-income communities through their representation on any governing board or on an advisory board of the nonprofit organization.

(ii) The 15-percent investment shall be calculated by multiplying the total purchase price of the qualified equity investments issued by the qualified community development entity by 15 percent. Each community development entity application shall indicate how the qualified community development entity will meet this requirement.

(E) In making competitive awards of authority to designate qualified equity investments, priority shall be given to applications that can demonstrate that the qualified equity investment authority will allow the qualified community development entity to undertake qualified low-income community investments in rural, suburban, or urban areas that have been historically underserved and result in the primary benefit to the hardest to serve and undercapitalized lower income populations, or in activities that support neighborhood revitalization strategies driven by local grassroots stakeholders in multiple low-income communities across one or more regions or the state for the purpose of scaling economic

(F) (i) For applications described in subparagraph (A), in the

qualified equity investments requested in such applications to the
total amount of qualified equity investments requested in all such
applications received on the same day.

(ii) If a pending request cannot be fully certified due to this
limit, GO-Biz shall certify the portion that may be certified unless
the qualified community development entity elects to withdraw
its request rather than receive partial certification.

(G) An approved applicant may transfer all or a portion of its
certified qualified equity investment authority to its controlling
entity or any subsidiary qualified community development entity
of the controlling entity, provided that the applicant and the
transferee notify GO-Biz within 30 calendar days of such transfer
and include the information required in the application with respect
to such transferee with such notice. The transferee shall be subject
to the same rules, requirements, and limitations applicable to the
transferor.

(H) Within 200 calendar days of GO-Biz sending notice of
certification, the qualified community development entity or any
transferee, under subparagraph (G), shall issue the qualified equity
investment and receive cash in the amount of the certified amount.
The qualified community development entity or transferee, under
subparagraph (G), shall provide GO-Biz with evidence of the
receipt of the cash investment within 205 calendar days of the
applicant receiving notice of certification. If the qualified
community development entity or any transferee, under
subparagraph (G), does not receive the cash investment and issue
the qualified equity investment within 200 calendar days of GO-Biz
sending the certification notice, the certification shall lapse and
the entity may not issue the qualified equity investment without
reapplying to GO-Biz for certification. Lapsed certifications revert
back to GO-Biz and shall be reissued in the following order:
(i) First, pro rata to applicants whose qualified equity investment allocations were reduced pursuant to subparagraph (F) under the annual allocation limitation of forty million dollars ($40,000,000) in paragraph (4) of subdivision (c).

(ii) Thereafter, in accordance with the application process.

(ii) Evidence that such business was a qualified active low-income community business at the time of such qualified low-income community investment.

(iii) Evidence that the community development entity complied with subparagraph (D) of paragraph (5).

(iv) Evidence that each qualified low-income community investment was determined to have a positive revenue impact on the state. This requirement does not apply to reinvestments of redeemed qualified low-income investments.

(v) Any other information required by GO-Biz as being necessary to meet the requirements of this section.

(B) Thereafter, the qualified community development entity shall submit an annual report to GO-Biz during the seven years following submittal of the report, pursuant to subparagraph (A). No annual report shall be due prior to the first anniversary of the initial credit allowance date. The report shall include, but is not limited to, the following:

(viii) Any other information requested by GO-Biz.

(e) (1) In the case where the credit allowed by this section exceeds the tax described in Section 12201, the excess may be carried over to reduce that tax in the following year, and the six succeeding years if necessary, until the credit is exhausted.

(2) A taxpayer allowed a credit under this section for a qualified equity investment shall not be eligible for any other credit under this part with respect to that investment.

(3) The credit allowed under this section may be in addition to any credit allowed under Section 45D of the Internal Revenue Code.

(f) GO-Biz shall annually report on its Internet Web site the information provided by low-income community development entities and on the geographic distribution of the qualified active low-income community businesses assisted.

(g) (1) The Insurance Commissioner may prescribe any rules or regulations that may be necessary or appropriate to implement this section. The Insurance Commissioner shall have access to any documentation held by GO-Biz relative to the application and reporting of a qualified community development entity.

(2) A qualifying community development entity shall provide GO-Biz with the name, address, and tax identification number of each investor and entity for which a qualified equity investment was designated by the qualifying community development entity, pursuant to this section. GO-Biz shall provide this information to
the Insurance Commissioner in a manner determined by the
Insurance Commissioner.

(h) (1) The credit authorized by this section shall only be
allowed for those taxable years for which moneys are appropriated
to GO-Biz to administer the California New Markets Tax Credit
pursuant to 18410.3 for that taxable year. The appropriation shall
specifically identify the California New Markets Tax Credit.

(2) For those taxable years for which those moneys are
appropriated pursuant to subdivision (1), GO-Biz shall post notice
of the appropriation on the homepage of its Internet Web site and

(2) (A) GO-Biz shall establish and impose reasonable fees upon entities that apply for the allocation pursuant to this subdivision that in the aggregate defray the cost of reviewing applications for the program. GO-Biz may impose other reasonable fees upon entities that receive the allocation pursuant to this subdivision that in the aggregate defray the cost of administering the program.

(B) The fees collected shall be deposited in the California New Markets Tax Credit Fund established in Section 18410.3.

(B) In the 2018 to 2029 award cycles, inclusive, at least 60 percent of the authority to designate qualified equity investments shall be awarded pursuant to subparagraph (A). At the discretion of GO-Biz, a higher percentage of authority to designate qualified equity investments may be awarded pursuant to subparagraph (A).

(C) GO-Biz shall award up to 40 percent of the authority to designate qualified equity investments in the 2018 to 2029, inclusive, award cycles, to qualified community development entities on a competitive basis using blind scoring and a review committee that is composed of community development finance practitioners and members having demonstrated experience in assessing organizational business strategy, community outcomes, capitalization strategy, and management capacity. A member of the review committee shall not have a financial interest, which includes, but is not limited to, asking, consenting, or agreeing to receive any commission, emolument, gratuity, money, property, or thing of value for his or her own use, benefit, or personal
