An act to amend Section 15146 of the Education Code, relating to school bonds.

LEGISLATIVE COUNSEL'S DIGEST

AB 2738, as amended, Olsen. School bonds: local school bonds: investment.

The California Constitution limits the maximum amount of any ad valorem tax on real property to 1% of the full cash value of the property. The California Constitution states that the 1% limitation for ad valorem taxes does not apply to ad valorem taxes or special assessments to pay the interest and redemption charges on bonded indebtedness incurred by a school district, community college district, or county office of education for the construction, reconstruction, rehabilitation, or replacement of school facilities approved by 55% of the voters if the proposition includes specified accountability requirements. Existing law requires the proceeds of the sale of the bonds, exclusive of any premium received, to be deposited in the county treasury to the credit of the building fund of the school district, or community college district as designated by the California Community Colleges Budget and Accounting Manual.

This bill would prohibit the proceeds from the sale of bonds from being withdrawn by the school district or community college district for investment outside the county treasury. ~~After all project costs related to the issuance of the bonds have been paid, the bill would require any remaining balance or surplus in the building fund of the school district or community college district to be applied to debt service.~~

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

*The people of the State of California do enact as follows:*

1 SECTION 1. Section 15146 of the Education Code is amended  
2 to read:

3 15146. (a) The bonds shall be issued and sold pursuant to  
4 Section 15140, payable out of the interest and sinking fund of the  
5 school district or community college district. The governing board  
6 of the school district or community college district may sell the  
7 bonds at a negotiated sale or by competitive bidding.

8 (b) (1) Before the sale, the governing board of the school district  
9 or community college district shall adopt a resolution, as an agenda  
10 item at a public meeting, that includes all of the following:

11 (A) Express approval of the method of sale.  
12 (B) Statement of the reasons for the method of sale selected.  
13 (C) Disclosure of the identity of the bond counsel, and the  
14 identities of the bond underwriter and the financial adviser if either  
15 or both are used for the sale, unless these individuals have not been  
16 selected at the time the resolution is adopted, in which case the  
17 governing board of the school district or community college district  
18 shall disclose their identities at the public meeting occurring after  
19 they have been selected.

20 (D) Estimates of the costs associated with the bond issuance.  
21 (E) If the sale includes bonds that allow for the compounding  
22 of interest, including, but not limited to, capital appreciation bonds,  
23 disclosure of the financing term and time of maturity, repayment  
24 ratio, and the estimated change in the assessed value of taxable  
25 property within the school district or community college district  
26 over the term of the bonds.

27 (2) If the sale includes bonds that allow for the compounding  
28 of interest, including, but not limited to, capital appreciation bonds,  
29 the resolution shall be publicly noticed on at least two consecutive

1 meeting agendas, first as an information item and second as an  
2 action item.

3 (c) If the sale includes bonds that allow for the compounding  
4 of interest, including, but not limited to, capital appreciation bonds,  
5 the agenda item shall identify that bonds that allow for the  
6 compounding of interest are proposed and the governing board of  
7 the school district or community college district shall be presented  
8 with all of the following:

9 (1) An analysis containing the total overall cost of the bonds  
10 that allow for the compounding of interest.

11 (2) A comparison to the overall cost of current interest bonds.

12 (3) The reason bonds that allow for the compounding of interest  
13 are being recommended.

14 (4) A copy of the disclosure made by the underwriter in

16 Securities Rulemaking Board.

17 (d) After the sale, the governing board of the school district or  
18 community college district shall do both of the following:

19 (1) Present the actual cost information for the sale at its next  
20 scheduled public meeting.

21 (2) Submit an itemized summary of the costs of the bond sale

24 college district shall ensure that all necessary information and  
25 reports regarding the sale or planned sale of bonds by the school  
26 district or community college district it governs are submitted to  
27 the California Debt and Investment Advisory Commission in  
28 compliance with Section 8855 of the Government Code.

29 (f) The bonds may be sold at a discount not to exceed 5 percent  
30 and at an interest rate not to exceed the maximum rate permitted  
31 by law. If the sale is by competitive bid, the governing board of  
32 the school district or community college district shall comply with  
33 Sections 15147 and 15148. The bonds shall be sold by the  
34 governing board of the school district or community college district  
35 no later than the date designated by the governing board of the  
36 school district or community college district as the final date for  
37 the sale of the bonds.

38 (g) The proceeds of the sale of the bonds, exclusive of any  
39 premium received, shall be deposited in the county treasury to the  
40 credit of the building fund of the school district, or community

1 college district as designated by the California Community  
2 Colleges Budget and Accounting Manual. The proceeds deposited  
3 shall be drawn out as other school moneys are drawn out. The  
4 bond proceeds withdrawn shall not be applied to any purposes  
5 other than those for which the bonds were issued. At no time shall  
6 the proceeds be withdrawn by the school district or community  
7 college district for investment outside the county treasury. ~~After~~  
8 ~~all project costs related to the issuance of the bonds have been~~  
9 ~~paid, any remaining balance or surplus in the building fund of the~~  
10 ~~school district or community college district shall be applied to~~

17 principal amount of the bonds in a costs of issuance account, which  
18 may be created in the county treasury or held by a fiscal agent  
19 appointed by the school district or community college district for  
20 this purpose, separate from the building fund and the interest and
