

ASSEMBLY BILL

No. 2788

Introduced by Assembly Member Gatto

February 19, 2016

An act relating to oil and gas, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

AB 2788, as introduced, Gatto. Natural gas storage: emergency regulations.

The Administrative Procedure Act governs the procedure for the adoption, amendment, or repeal of regulations by state agencies and for the review of those regulatory actions by the Office of Administrative Law. Existing law provides that, if a state agency makes a finding that the adoption of a regulation or order of repeal is necessary for the immediate preservation of the public peace, health and safety, or general welfare, the regulation or order of repeal may be adopted as an emergency regulation or order of repeal. Under existing law, a regulation, amendment, or order of repeal adopted as an emergency regulation remains in effect no more than 180 days unless the adopting agency and the Office of Administrative Law comply with certain requirements.

This bill would instead require that emergency regulations adopted by the Division of Oil, Gas, and Geothermal Resources in the Department of Conservation effective ____ remain in effect until the adoption, amendment, or repeal of the regulation is promulgated by the division pursuant to the act.

This bill would declare that it is to take effect immediately as an urgency statute.
