

ASSEMBLY BILL

No. 2875

Introduced by Assembly Member Bloom

February 19, 2016

An act to amend Section 13484 of the Business and Professions Code, relating to motor vehicle fuels.

LEGISLATIVE COUNSEL'S DIGEST

AB 2875, as introduced, Bloom. Motor vehicle fuels: labeling.

Existing law makes it unlawful to sell motor vehicle fuel or lubricant at any place where they are sold or kept for sale unless a sign or label is posted, as prescribed, that contains specified information relating to the product and its contents. If a pump, receptacle, or other container is maintained or used to serve more than one driveway, existing law requires the signs or labels to be placed upon both sides of the pump, receptacle, or other container so that one set of signs or labels is clearly visible from each driveway. If a pump, receptacle, or other container is maintained or used to serve only one driveway, existing law requires the signs or labels to be upon the side of the pump, receptacle, or other container adjacent to the driveway.

This bill would make nonsubstantive changes to these provisions.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:
