

AMENDED IN ASSEMBLY MARCH 24, 2015

AMENDED IN ASSEMBLY MARCH 23, 2015

SENATE BILL

No. 76

Introduced by Committee on Budget and Fiscal Review

January 9, 2015

An act to amend Section 6100 of, and to add Sections 12025.1 and 12025.2 to, the Fish and Game Code, to add Section 8687.9 to the Government Code, to amend Section 4629.6 of the Public Resources Code, and to amend Section 81046 of, to amend, repeal, and add Section 13442 of, and to add Sections 189 and 81023 to, the Water Code, relating to water, and making an appropriation therefor, to take effect immediately, bill related to the budget.

LEGISLATIVE COUNSEL'S DIGEST

SB 76, as amended, Committee on Budget and Fiscal Review. Water.

(1) Existing law requires any new diversion of water from any stream having populations of salmon and steelhead that is determined by the Department of Fish and Wildlife to be deleterious to salmon and steelhead to be screened by the owner of the diversion. Existing law requires the department to submit to the owner its proposals as to measures necessary to protect the salmon and steelhead within 30 days of receipt of a notice of a diversion of water from a stream having populations of salmon and steelhead.

This bill would instead require the department, within 30 days of providing written notice to the owner that the department has determined that the diversion is deleterious to salmon and steelhead, to submit to the owner its proposals as to measures necessary to protect the salmon and steelhead.

(2) Existing law prohibits the construction or maintenance, in certain fish and game districts, of any device or contrivance that prevents, impedes, or tends to prevent or impede, the passing of fish up and down stream. A violation of this provision is a misdemeanor.

This bill would impose an additional civil penalty of not more than \$8,000 for a violation of this provision.

(3) Existing law declares that the diversion or use of water other than as authorized by specified provisions of law is a trespass. Existing law authorizes the executive director of the State Water Resources Control Board to issue a complaint to a person who violates certain laws regarding the use and diversion of water, and subjects the violator to administrative civil liability. Existing law requires that the complaint be served by personal notice or certified mail and inform the party served that the party may request a hearing not later than 20 days from the date the party was served.

This bill would authorize the Director of the Department of Fish and Wildlife, or his or her designee, to issue a complaint in accordance with the above-specified provisions alleging that an unauthorized diversion or use of water harms fish and wildlife resources.

(4) Existing law prohibits a charter city from receiving or using state funding or financial assistance for a construction project if the city has a charter provision or ordinance that authorizes a contractor to not comply with prevailing wage provisions on any public works contract or if the city has awarded, within the prior 2 years, a public works contract without requiring the contractor to comply with prevailing wage provisions, as specified. Existing law authorizes charter cities to receive or use state funding or financial assistance if the city has a local prevailing wage ordinance, applicable to all of its public works contracts, that includes requirements that are equal to or greater than the state's prevailing wage requirements, as specified.

This bill would exempt from that prohibition funding and financial assistance provided to a charter city in response to an emergency.

(5) Existing law provides various technical assistance opportunities to disadvantaged communities for projects relating to groundwater sustainability, clean drinking water, and water recycling and advanced treatment water technology projects.

This bill would establish the Office of Sustainable Water Solutions within the State Water Resources Control Board to promote permanent and sustainable drinking water and wastewater treatment solutions to ensure effective and efficient provision of safe, clean, affordable, and

reliable drinking water and wastewater treatment services. The bill would authorize the office to take certain actions in furtherance of this purpose.

(6) Existing law, the Porter-Cologne Water Quality Control Act, authorizes the imposition and collection of civil and criminal penalties for specified violations of that act. The act requires certain moneys, including General Fund revenues of penalties, collected pursuant to these provisions to be deposited in the State Water Pollution Cleanup and Abatement Account in the State Water Quality Control Fund. The act continuously appropriates the moneys in the account to the State Water Resources Control Board for specified cleanup programs.

The act authorizes the state board, upon application by a public agency, specified tribal governments, or not-for-profit organizations serving disadvantaged communities that have authority to clean up a waste or abate the effects of a waste to order moneys in the account to be paid to the entity to assist in cleaning up the waste or abating its effects on waters.

This bill would, until July 1, 2018, additionally authorize the state board to pay these moneys to a community water system that serves a disadvantaged community and would authorize moneys in the account to be used to assist in addressing an urgent drinking water need. By authorizing new expenditures from a continuously appropriated account, this bill would make an appropriation. The bill would exempt projects using moneys paid pursuant to these provisions from state contracting and procurement requirements, as specified, and would authorize the state board to adopt guidelines for the allocation and administration of moneys in the account that would be exempt from the Administrative Procedure Act.

(7) Existing law establishes the CalConserve Water Use Efficiency Revolving Fund and provides that the moneys in the fund are available to the Department of Water Resources, upon appropriation by the Legislature, for the purpose of water use efficiency projects. Existing law requires moneys in the fund to be used for purposes that include, but are not limited to, at or below market interest rate loans to local agencies, as defined, and permits the department to enter into agreements with local agencies that provide water or recycled water service to provide loans.

Existing law, the Water Quality, Supply, and Infrastructure Improvement Act of 2014, approved by the voters as Proposition 1 at the November 4, 2014, statewide general election, authorizes the

issuance of general obligation bonds in the amount of \$7,545,000,000 to finance a water quality, supply, and infrastructure improvement program. The bond act provides that the sum of \$810,000,000 is to be available, upon appropriation by the Legislature, for expenditures on, and competitive grants and loans to, projects that are included in and implemented in an adopted integrated regional water management plan and respond to climate change and contribute to regional water security. The bond act authorizes the use of \$100,000,000 of those funds for direct expenditures, and for grants and loans, for certain water conservation and water use efficiency plans, projects, and programs.

This bill would transfer to the CalConserve Water Use Efficiency Revolving Fund the sum of \$10,000,000 of the proceeds of these bonds for water conservation and water use efficiency projects and programs to achieve urban water use targets. This bill would require the department to use \$5,000,000 for a pilot project for local agencies to provide water efficiency upgrades to eligible residents. This bill would require the department to use the other \$5,000,000 for local agencies to provide low-interest loans to customers to finance the installation of onsite improvements to repair or replace, as necessary, cracked or leaking water pipes to conserve water. The bill would authorize the department to provide local agencies with zero-interest loans of up to \$3,000,000 and would require a local agency that receives a loan pursuant to these provisions to exercise reasonable efforts to recover the costs of the loan. The bill would also authorize the department to waive up to 10% of the repayment amount for costs that could not be recovered by a local agency.

(8) The State Contract Act generally provides for a contracting process by state agencies for public works of improvement pursuant to a competitive bidding process, under which bids are awarded to the lowest responsible bidder, with specified alternative bidding procedures authorized in certain cases.

Existing law, the California Emergency Services Act, sets forth the emergency powers of the Governor under its provisions and empowers the Governor to proclaim a state of emergency for certain conditions, including drought. During a state of emergency, existing law authorizes the Governor to suspend any regulatory statute, or statute prescribing the procedure for conduct of state business, or the orders, rules, or regulations of any state agency where the Governor determines and declares that strict compliance with any statute, order, rule, or regulation would in any way prevent, hinder, or delay the mitigation of the effects

of the emergency. Pursuant to this authority, the Governor proclaimed a state of emergency, and a continued state of emergency, due to drought conditions and suspended certain statutes.

This bill would suspend the provisions of the Government Code and the Public Contract Code applicable to state contracts for purposes of state agencies implementing the Governor’s orders proclaiming a state of emergency as long as the state of emergency due to drought conditions remains in effect. The bill would specify that these suspensions only apply to contracts that respond to conditions arising from the drought and that support the state agencies in specified actions. The bill would require approval by the Department of Finance prior to the execution of any contract entered into pursuant to this provision and would require that certain information relating to these contracts be posted on the California Drought Internet Web site.

This bill would require an agency receiving moneys from one or more sources as appropriated pursuant to Assembly Bill 91 or Senate Bill 75 of the 2015–16 Regular Session to use the services of the California Conservation Corps or a certified community conservation corps, as defined, for restoration, ecosystem protection projects, or other similar work.

(9) This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

Vote: majority. Appropriation: yes. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 6100 of the Fish and Game Code is
2 amended to read:
3 6100. (a) Notwithstanding any provision of Article 3
4 (commencing with Section 5980) and Article 4 (commencing with
5 Section 6020), on or after January 1, 1972, any new diversion of
6 water from any stream having populations of salmon and steelhead
7 that is determined by the department to be deleterious to salmon
8 and steelhead shall be screened by the owner. The construction,
9 operation, or maintenance costs of any screen required pursuant
10 to this article shall be borne by the owner of the diversion.
11 (b) The department, within 30 days of providing written notice
12 to the owner that the department has determined that the diversion
13 is deleterious to salmon and steelhead pursuant to subdivision (a),

1 or within the time determined by mutual written agreement, shall
2 submit to the owner its proposals as to measures necessary to
3 protect the salmon and steelhead. The department shall notify the
4 owner that it shall make onsite investigation and shall make any
5 other investigation before it shall propose any measures necessary
6 to protect fishlife.

7 (c) The department, or any agency of the state, shall provide
8 the owner of the diversion any available information that is required
9 by the owner in order to comply with the provisions of this article.

10 (d) The diversion shall not commence until the department has
11 determined that measures necessary to protect fishlife have been
12 incorporated into the plans and construction of the diversion.

13 SEC. 2. Section 12025.1 is added to the Fish and Game Code,
14 to read:

15 12025.1. (a) In addition to any penalties imposed by any other
16 law, a person found to have violated Section 5901 shall be liable
17 for a civil penalty of not more than eight thousand dollars (\$8,000)
18 for each violation. Each day that a violation of Section 5901 occurs
19 or continues without a good faith effort by the person to cure the
20 violation after receiving notice from the department shall constitute
21 a separate violation.

22 (b) All civil penalties imposed or collected by a court for a
23 separate violation pursuant to this section in connection with the
24 production or cultivation of a controlled substance shall not be
25 considered to be fines or forfeitures, as described in Section 13003,
26 and shall be apportioned in the manner described in subdivision
27 (d) of Section 12025.

28 (c) All civil penalties imposed or collected by a court for a
29 separate violation pursuant to this section not in connection with
30 the production or cultivation of a controlled substance shall not
31 be considered to be fines or forfeitures, as described in Section
32 13003, and shall be apportioned in the following manner:

33 (1) Thirty percent shall be distributed to the county in which
34 the violation was committed pursuant to Section 13003. The county
35 board of supervisors shall first use any revenues from those
36 penalties to reimburse the costs incurred by the district attorney
37 or city attorney in investigating and prosecuting the violation.

38 (2) (A) Thirty percent shall be distributed to the investigating
39 agency to be used to reimburse the cost of any investigation directly
40 related to the violations described in this section.

1 (B) If the department receives reimbursement pursuant to this
2 paragraph for activities funded pursuant to subdivision (f) of
3 Section 4629.6 of the Public Resources Code, the reimbursement
4 funds shall be deposited into the Timber Regulation and Forest
5 Restoration Fund, created by Section 4629.3 of the Public
6 Resources Code, if there is an unpaid balance for a loan authorized
7 by subdivision (f) of Section 4629.6 of the Public Resources Code.

8 (3) Forty percent shall be deposited into the Fish and Game
9 Preservation Fund.

10 (d) (1) Civil penalties authorized pursuant to subdivision (a)
11 may be imposed administratively by the department according to
12 the procedures described in paragraphs (1) through (4), inclusive,
13 of subdivision (e) of Section 12025.

14 (2) The department shall adopt emergency regulations to
15 implement this subdivision in accordance with the Administrative
16 Procedure Act (Chapter 3.5 (commencing with Section 11340) of
17 Part 1 of Division 3 of Title 2 of the Government Code). The
18 adoption of these regulations shall be deemed to be an emergency
19 and necessary for the immediate preservation of the public peace,
20 health and safety, or general welfare.

21 (e) All administrative penalties imposed or collected by the
22 department for a separate violation pursuant to this section in
23 connection with the production or cultivation of a controlled
24 substance shall not be considered to be fines or forfeitures, as
25 described in Section 13003, and shall be deposited according to the
26 provisions of subdivision (f) of Section 12025.

27 (f) All administrative penalties imposed or collected by the
28 department for a separate violation pursuant to this section not in
29 connection with the production or cultivation of a controlled
30 substance shall not be considered to be fines or forfeitures, as
31 described in Section 13003, and shall be deposited into the Timber
32 Regulation and Forest Restoration Fund, created by Section 4629.3
33 of the Public Resources Code, to repay any unpaid balance of a
34 loan authorized by subdivision (f) of Section 4629.6 of the Public
35 Resources Code. Any remaining funds from administrative
36 penalties collected pursuant to this subdivision shall be apportioned
37 in the following manner:

38 (1) Fifty percent shall be deposited into the Fish and Game
39 Preservation Fund.

1 (2) Fifty percent shall be deposited into the Timber Regulation
2 and Forest Restoration Fund for grants authorized pursuant to
3 subdivision (h) of Section 4629.6 of the Public Resources Code.

4 (g) For purposes of this section, “controlled substance” has the
5 same meaning as defined in Section 11007 of the Health and Safety
6 Code.

7 SEC. 3. Section 12025.2 is added to the Fish and Game Code,
8 to read:

9 12025.2. The director or his or her designee may issue a
10 complaint to any person or entity in accordance with Section 1055
11 of the Water Code alleging a violation of Section 1052 of the Water
12 Code that harms fish and wildlife resources. The complaint is
13 subject to the substantive and procedural requirements set forth in
14 Section 1055 of the Water Code, and the department shall be
15 designated a party to any proceeding before the State Water
16 Resources Control Board regarding a complaint filed pursuant to
17 this section.

18 SEC. 4. Section 8687.9 is added to the Government Code, to
19 read:

20 8687.9. Funding and financial assistance provided to local
21 governments in response to an emergency, as that term is used in
22 Section 8558, is not subject to the eligibility restrictions of Section
23 1782 of the Labor Code.

24 SEC. 5. Section 4629.6 of the Public Resources Code is
25 amended to read:

26 4629.6. Moneys deposited in the fund shall, upon appropriation
27 by the Legislature, only be expended for the following purposes:

28 (a) To reimburse the State Board of Equalization for its
29 administrative costs associated with the administration, collection,
30 audit, and issuance of refunds related to the lumber products and
31 engineered wood assessment established pursuant to Section
32 4629.5.

33 (b) To pay refunds issued pursuant to Part 30 (commencing
34 with Section 55001) of Division 2 of the Revenue and Taxation
35 Code.

36 (c) To support the activities and costs of the department, the
37 Department of Conservation, the Department of Fish and Wildlife,
38 the State Water Resources Control Board, and regional water
39 quality control boards associated with the review of projects or
40 permits necessary to conduct timber operations. On or after July

1 1, 2013, except for fees applicable for fire prevention or protection
2 within state responsibility area classified lands or timber yield
3 assessments, no currently authorized or required fees shall be
4 charged by the agencies listed in this subdivision for activities or
5 costs associated with the review of a project, inspection and
6 oversight of projects, and permits necessary to conduct timber
7 operations of those departments and boards.

8 (d) For transfer to the department's Forest Improvement
9 Program, upon appropriation by the Legislature, for forest resources
10 improvement grants and projects administered by the department
11 pursuant to Chapter 1 (commencing with Section 4790) and
12 Chapter 2 (commencing with Section 4799.06) of Part 2.5 of
13 Division 4.

14 (e) To fund existing restoration grant programs, with priority
15 given to the Fisheries Restoration Grant Program administered by
16 the Department of Fish and Wildlife and grant programs
17 administered by state conservancies.

18 (f) (1) As a loan to the Department of Fish and Wildlife for
19 activities to address environmental damage occurring on forest
20 lands resulting from marijuana cultivation. Not more than five
21 hundred thousand dollars (\$500,000) may be loaned from the fund
22 in a fiscal year pursuant to this paragraph. This paragraph shall
23 become inoperative on July 1, 2017.

24 (2) Any funds deposited into the Timber Regulation and Forest
25 Restoration Fund pursuant to subdivision (d) or (f) of Section
26 12025 or subdivision (b), (c), (e), or (f) of Section 12025.1 of the
27 Fish and Game Code shall be credited toward loan repayment.

28 (3) Moneys from the General Fund shall not be used to repay
29 a loan authorized pursuant to this subdivision.

30 (g) To the department, upon appropriation by the Legislature,
31 for fuel treatment grants and projects pursuant to authorities under
32 the Wildland Fire Protection and Resources Management Act of
33 1978 (Article 1 (commencing with Section 4461) of Chapter 7 of
34 Part 2 of Division 4).

35 (h) To the department, upon appropriation by the Legislature,
36 to provide grants to local agencies responsible for fire protection,
37 qualified nonprofits, recognized tribes, local and state governments,
38 and resources conservation districts, undertaken on a state
39 responsibility area (SRA) or on wildlands not in an SRA that pose
40 a threat to the SRA, to reduce the costs of wildland fire suppression,

1 reduce greenhouse gas emissions, promote adaptation of forested
2 landscapes to changing climate, improve forest health, and protect
3 homes and communities.

4 SEC. 6. Section 189 is added to the Water Code, to read:

5 189. (a) There is hereby established the Office of Sustainable
6 Water Solutions within the state board, which may be administered
7 by the state board as a separate organizational unit or within the
8 state board's divisions or offices.

9 (b) The purpose of the office is to promote permanent and
10 sustainable drinking water and wastewater treatment solutions to
11 ensure the effective and efficient provision of safe, clean,
12 affordable, and reliable drinking water and wastewater treatment
13 services. In furtherance of this purpose, the office may take, but
14 is not limited to, all of the following actions:

15 (1) Coordinating with and providing assistance to small drinking
16 water systems, wastewater treatment systems, and disadvantaged
17 communities without drinking water or wastewater treatment
18 systems.

19 (2) Promoting and facilitating regional drinking water and
20 wastewater projects.

21 (3) Promoting and facilitating regional solutions, including
22 consolidation of existing water districts, expansion of existing
23 water districts to serve communities unserved by public water
24 systems and wastewater treatment systems, and extension of
25 services to underserved communities and disadvantaged
26 communities.

27 (4) Advancing the delivery of affordable, safe drinking water
28 to disadvantaged communities throughout the state.

29 (5) Providing technical assistance to disadvantaged communities
30 and small drinking water systems and wastewater systems,
31 including grant application assistance, outreach and education in
32 vulnerable communities, financial management support, and
33 facilitation of discussions within and between communities.

34 SEC. 7. Section 13442 of the Water Code is amended to read:

35 13442. (a) Upon application by an eligible entity, as described
36 in subdivision (b), the state board may approve the payment of
37 moneys from the account to that entity to assist in cleaning up a
38 waste, abating the effects of a waste on waters of the state, or
39 addressing an urgent drinking water need without regard to whether
40 the need for drinking water is a result of the discharge of waste.

1 (b) An entity is eligible to apply for funding pursuant to this
2 section if that entity has authority to undertake the activity for
3 which it seeks moneys and the entity is any of the following:

4 (1) A public agency.

5 (2) A tribal government that is on the California Tribal
6 Consultation List maintained by the Native American Heritage
7 Commission and is a disadvantaged community, as defined in
8 Section 79505.5, that agrees to waive tribal sovereign immunity
9 for the explicit purpose of regulation by the state board pursuant
10 to this division.

11 (3) A not-for-profit organization serving a disadvantaged
12 community, as defined in Section 79505.5.

13 (4) A community water system, as defined in Section 116275
14 of the Health and Safety Code, that serves a disadvantaged
15 community, as defined in Section 79505.5.

16 (c) An eligible entity shall not become liable to the state board
17 for repayment of moneys paid to the entity under this section and
18 expended in accordance with the state board's approval of payment,
19 but this shall not be a defense to an action brought pursuant to
20 subdivision (c) of Section 13304 for the recovery of moneys paid
21 under this section.

22 (d) Projects using moneys that are paid to an eligible entity
23 pursuant to this section shall be exempt from state contracting and
24 procurement requirements set forth in the Government Code and
25 the Public Contract Code to the extent necessary to take immediate
26 action to protect public health and safety.

27 (e) The state board may adopt guidelines for the allocation and
28 administration of these moneys that shall not be subject to Chapter
29 3.5 (commencing with Section 11340) of Part 1 of Division 3 of
30 Title 2 of the Government Code.

31 (f) This section shall become inoperative on July 1, 2018, and,
32 as of January 1, 2019, is repealed, unless a later enacted statute,
33 that becomes operative on or before January 1, 2019, deletes or
34 extends the dates on which it becomes inoperative and is repealed.

35 SEC. 8. Section 13442 is added to the Water Code, to read:

36 13442. (a) Upon application by a public agency, a tribal
37 government that is on the California Tribal Consultation List
38 maintained by the Native American Heritage Commission and is
39 a disadvantaged community, as defined in Section 79505.5, that
40 agrees to waive tribal sovereign immunity for the explicit purpose

1 of regulation by the state board pursuant to this division, or a
2 not-for-profit organization serving a disadvantaged community,
3 as defined in Section 79505.5, with authority to clean up a waste
4 or abate the effects of a waste, the state board may order moneys
5 to be paid from the account to the agency, tribal government, or
6 organization to assist it in cleaning up the waste or abating its
7 effects on waters of the state.

8 (b) The agency, a tribal government that is on the California
9 Tribal Consultation List maintained by the Native American
10 Heritage Commission and is a disadvantaged community, as
11 defined in Section 79505.5, that agrees to waive tribal sovereign
12 immunity for the explicit purpose of regulation by the state board
13 pursuant to this division, or a not-for-profit organization serving
14 a disadvantaged community, as defined in Section 79505.5, shall
15 not become liable to the state board for repayment of moneys paid
16 under this section, but this shall not be a defense to an action
17 brought pursuant to subdivision (c) of Section 13304 for the
18 recovery of moneys paid under this section.

19 (c) This section shall become operative on July 1, 2018.

20 SEC. 9. Section 81023 is added to the Water Code, to read:

21 81023. Consistent with Division 26.7 (commencing with
22 Section 79700), the sum of ten million dollars (\$10,000,000) of
23 the proceeds of bonds authorized to be issued and available for
24 the purposes of Section 79746 shall be transferred to the fund and
25 used by the department, upon appropriation, for loans for the
26 following water conservation and water use efficiency projects
27 and programs to achieve urban water use targets developed
28 pursuant to Section 10608.20:

29 (a) (1) Five million dollars (\$5,000,000) for a pilot project for
30 local agencies to provide water efficiency upgrades to eligible
31 residents at no upfront cost.

32 (2) Five million dollars (\$5,000,000) for local agencies to
33 provide low-interest loans to customers to finance the installation
34 of onsite improvements to repair or replace, as necessary, cracked
35 or leaking water pipes to conserve water.

36 (b) The department may implement this section by providing
37 to a local agency a zero-interest loan of up to three million dollars
38 (\$3,000,000).

39 (c) A local agency that receives a loan pursuant to this section
40 shall exercise reasonable efforts to recover the costs of the loan.

1 However, the department may waive up to 10 percent of the
2 repayment amount for costs that could not be recovered by the
3 local agency.

4 (d) The department and a local agency that is an urban retail
5 water supplier and that receives a loan pursuant to this section may
6 enter into a mutually agreeable schedule for making loan
7 repayments into the CalConserve Water Use Efficiency Revolving
8 Fund.

9 SEC. 10. Section 81046 of the Water Code is amended to read:

10 81046. A local agency may implement water use efficiency
11 loan programs pursuant to this division through on-bill financing.

12 SEC. 11. (a) In order to ensure that equipment and services
13 necessary for drought response can be procured quickly, the
14 provisions of the Government Code and the Public Contract Code
15 applicable to state contracts, including, but not limited to,
16 advertising and competitive bidding requirements, are suspended
17 for purposes of state agencies implementing Executive Order
18 B-28-14 and the proclamations of a state of emergency dated
19 January 17, 2014, and April 25, 2014, as long as the state of
20 emergency due to drought conditions remains in effect.

21 (b) The suspensions provided in subdivision (a) apply only to
22 contracts that respond to conditions arising from the drought and
23 that support the state agencies in any of the following:

24 (1) Addressing impacts on human health and safety, including
25 providing or improving availability of food, water, or shelter.

26 (2) Addressing impacts on fish and wildlife resources.

27 (3) Providing water to persons or communities affected by the
28 drought.

29 (c) Approval by the Department of Finance is required prior to
30 the execution of any contract entered into pursuant to this section.

31 (d) Information related to a contract approved pursuant to this
32 section shall be posted on the California Drought Internet Web
33 site, including identification of the contracting agency, the
34 contractor, the contract amount, the contract duration, and a brief
35 description of the goods or services provided under the contract.

36 SEC. 12. An agency receiving moneys from one or more
37 sources as appropriated pursuant to either ~~Senate Bill 75~~ or
38 ~~Assembly Bill 91~~ *Assembly Bill 91* or *Senate Bill 75* of the 2015–16
39 Regular Session shall use, whenever feasible, the services of the
40 California Conservation Corps or a certified community

1 conservation corps, as defined under Section 14507.5 of the Public
2 Resources Code, for restoration, ecosystem protection projects, or
3 other similar work.

4 SEC. 13. This act is a bill providing for appropriations related
5 to the Budget Bill within the meaning of subdivision (e) of Section
6 12 of Article IV of the California Constitution, has been identified
7 as related to the budget in the Budget Bill, and shall take effect
8 immediately.

O
