SENATE BILL

No. 170

**Introduced by Senator Gaines
(Coauthor: Senator Anderson)**

February 5, 2015

An act to add ~~Sections 4577 and 4578~~ *Section 4577* to the Penal Code, relating to unmanned aircraft systems.

LEGISLATIVE COUNSEL'S DIGEST

SB 170, as amended, Gaines. Unmanned aircraft systems: correctional facilities.

Existing federal law, the Federal Aviation Administration Modernization and Reform Act of 2012, provides for the integration of civil unmanned aircraft systems, commonly known as drones, into the national airspace system by September 30, 2015. Existing federal law requires the Administrator of the Federal Aviation Administration to develop and implement operational and certification requirements for the operation of public unmanned aircraft systems in the national airspace system by December 31, 2015.

Existing state law generally prohibits a person from bringing, possessing, distributing, or selling certain devices and substances, including, among other things, alcoholic beverages, controlled substances, and deadly weapons, in state prison or a jail. Existing law also prohibits unauthorized communication with inmates in state prison

or a jail. Existing law provides criminal penalties for violations of these provisions.

~~This bill would make a person who uses an unmanned aircraft system, as defined, in violation of specified provisions, subject to a doubled fine, as specified, in addition to any other penalty provided by law. The bill would also require that the use of an unmanned aircraft system in violation of specified provisions be considered a factor in aggravation in sentencing for purposes of a felony conviction under those provisions.~~

This bill would make a person who knowingly and intentionally operates an unmanned aircraft system below the navigable airspace *airspace, as those terms are defined*, overlaying a state prison or a jail guilty of a misdemeanor. The bill would make these misdemeanor provisions inapplicable to a person employed by the prison or jail acting within the scope of his or her employment, or a person who receives prior permission from the Department of Corrections and Rehabilitation or the county sheriff. By creating new crimes, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:
