CHAPTER _____

An act to amend Sections 56017.2 and 56133 of, and to add Section 56134 to, the Government Code, relating to local services.

LEGISLATIVE COUNSEL’S DIGEST

SB 239, Hertzberg. Local services: contracts: fire protection services.

Existing law prescribes generally the powers and duties of the local agency formation commission in each county with respect to the review approval or disapproval of proposals for changes of organization or reorganization of cities and special districts within that county. Existing law permits a city or district to provide extended services, as defined, outside its jurisdictional boundaries only if it first requests and receives written approval from the local agency formation commission in the affected county. Under existing law, the commission may authorize a city or district to provide new or extended services outside both its jurisdictional boundaries and its sphere of influence under specified circumstances.

This bill would, with certain exceptions, permit a public agency to exercise new or extended services outside the public agency’s jurisdictional boundaries pursuant to a fire protection contract, as defined, only if the public agency receives written approval from the local agency formation commission in the affected county. The bill would require that the legislative body of a public agency that is not a state agency adopt a resolution of application and submit the resolution along with a plan for services, as provided, that a proposal by a state agency be initiated by the director of the agency with the approval of the Director of Finance, and that a proposal by a local agency that is currently under contract for the provision of fire protection services be initiated by the local agency and approved by the Director of Finance. The bill would require, prior to adopting the resolution or submitting the proposal, the public agency to enter into a written agreement for the performance of new or extended services pursuant to a fire protection contract with, or provide written notice of a proposed fire protection contract to, each affected public agency and recognized employee

organization representing firefighters in the affected area, and to conduct a public hearing on the resolution.

The bill would require the commission to approve or disapprove the proposal as specified. The bill would require the commission to consider, among other things, a comprehensive fiscal analysis prepared by the executive officer in accordance with specified requirements.

The California Constitution requires local agencies, for the purpose of ensuring public access to the meetings of public bodies and the writings of public officials and agencies, to comply with a statutory enactment that amends or enacts laws relating to public records or open meetings and contains findings demonstrating that the enactment furthers the constitutional requirements relating to this purpose.

This bill would make legislative findings to that effect.

This bill would incorporate additional changes to Section 56133 of the Government Code proposed by AB 402 that would become operative if this bill and AB 402 are both enacted and this bill is enacted last.

The people of the State of California do enact as follows:

SECTION 1. Section 56017.2 of the Government Code is amended to read:

56017.2. “Application” means any of the following:

(a) A resolution of application or petition initiating a change of organization or reorganization with supporting documentation as required by the commission or executive officer.

(b) A request for a sphere of influence amendment or update pursuant to Section 56425.

(c) A request by a city or district for commission approval of an extension of services outside the agency’s jurisdictional boundaries pursuant to Section 56133.

(d) A request by a public agency for commission approval of an extension of services outside the agency’s jurisdictional boundaries pursuant to Section 56134.

SEC. 2. Section 56133 of the Government Code is amended to read:

56133. (a) A city or district may provide new or extended services by contract or agreement outside its jurisdictional

boundaries only if it first requests and receives written approval from the commission in the affected county.

(b) The commission may authorize a city or district to provide new or extended services outside its jurisdictional boundaries but within its sphere of influence in anticipation of a later change of organization.

(c) The commission may authorize a city or district to provide new or extended services outside its jurisdictional boundaries and outside its sphere of influence to respond to an existing or impending threat to the public health or safety of the residents of the affected territory if both of the following requirements are met:

(1) The entity applying for the contract approval has provided the commission with documentation of a threat to the health and safety of the public or the affected residents.

(2) The commission has notified any alternate service provider, including any water corporation as defined in Section 241 of the Public Utilities Code, or sewer system corporation as defined in Section 230.6 of the Public Utilities Code, that has filed a map and a statement of its service capabilities with the commission.

(d) The executive officer, within 30 days of receipt of a request for approval by a city or district of a contract to extend services outside its jurisdictional boundary, shall determine whether the request is complete and acceptable for filing or whether the request is incomplete. If a request is determined not to be complete, the executive officer shall immediately transmit that determination to the requester, specifying those parts of the request that are incomplete and the manner in which they can be made complete. When the request is deemed complete, the executive officer shall place the request on the agenda of the next commission meeting for which adequate notice can be given but not more than 90 days from the date that the request is deemed complete, unless the commission has delegated approval of those requests to the executive officer. The commission or executive officer shall approve, disapprove, or approve with conditions the contract for extended services. If the contract is disapproved or approved with conditions, the applicant may request reconsideration, citing the reasons for reconsideration.

(e) This section does not apply to any of the following:

(1) Contracts or agreements solely involving two or more public agencies where the public service to be provided is an alternative

(2) Contracts for the transfer of nonpotable or nontreated water.

(3) Contracts or agreements solely involving the provision of surplus water to agricultural lands and facilities, including, but not limited to, incidental residential structures, for projects that serve conservation purposes or that directly support agricultural industries. (4) An extended service that a city or district was providing on or before January 1, 2001.

(5) A local publicly owned electric utility, as defined by Section 9604 of the Public Utilities Code, providing electric services that do not involve the acquisition, construction, or installation of electric distribution facilities by the local publicly owned electric utility, outside of the utility's jurisdictional boundaries.

(6) A fire protection contract, as defined in subdivision (a) of Section 56134.

SEC. 2.5. Section 56133 of the Government Code is amended to read:

56133. (a) A city or district may provide new or extended services by contract or agreement outside its jurisdictional boundary only if it first requests and receives written approval from the commission.

(b) The commission may authorize a city or district to provide new or extended services outside its jurisdictional boundary but within its sphere of influence in anticipation of a later change of organization.

(c) If consistent with adopted policy, the commission may authorize a city or district to provide new or extended services outside its jurisdictional boundary and outside its sphere of influence to respond to an existing or impending threat to the health or safety of the public or the residents of the affected territory, if both of the following requirements are met:

(1) The entity applying for approval has provided the commission with documentation of a threat to the health and safety of the public or the affected residents.

(2) The commission has notified any alternate service provider, including any water corporation as defined in Section 241 of the Public Utilities Code, that has filed a map and a statement of its service capabilities with the commission.

(d) The executive officer, within 30 days of receipt of a request for approval by a city or district to extend services outside its jurisdictional boundary, shall determine whether the request is complete and acceptable for filing or whether the request is incomplete. If a request is determined not to be complete, the executive officer shall immediately transmit that determination to the requester, specifying those parts of the request that are incomplete and the manner in which they can be made complete. When the request is deemed complete, the executive officer shall place the request on the agenda of the next commission meeting for which adequate notice can be given but not more than 90 days from the date that the request is deemed complete, unless the commission has delegated approval of requests made pursuant to this section to the executive officer. The commission or executive officer shall approve, disapprove, or approve with conditions the extended services. If the new or extended services are disapproved or approved with conditions, the applicant may request reconsideration, citing the reasons for reconsideration.

(e) This section does not apply to any of the following:

(1) Two or more public agencies where the public service to be provided is an alternative to, or substitute for, public services already being provided by an existing public service provider and where the level of service to be provided is consistent with the level of service contemplated by the existing service provider.

(2) The transfer of nonpotable or nontreated water.

(3) The provision of surplus water to agricultural lands and facilities, including, but not limited to, incidental residential structures, for projects that serve conservation purposes or that directly support agricultural industries. However, prior to extending surplus water service to any project that will support or induce development, the city or district shall first request and receive written approval from the commission in the affected county.

(4) An extended service that a city or district was providing on or before January 1, 2001.

(5) A local publicly owned electric utility, as defined by Section 9604 of the Public Utilities Code, providing electric services that do not involve the acquisition, construction, or installation of electric distribution facilities by the local publicly owned electric utility, outside of the utility’s jurisdictional boundary.

(2) The commission may approve an application for approval of a fire protection contract where the commission has determined that the public agency will not have sufficient revenue to provide the proposed new or different functions or class of services, if the commission conditions its approval on the concurrent approval of sufficient revenue sources pursuant to Section 56886. In approving a proposal, the commission shall provide that, if the revenue sources pursuant to Section 56886 are not approved, the authority of the public agency to provide new or extended fire protection services shall not be exercised.

(j) The commission shall not approve an application for approval of a fire protection contract unless the commission determines, based on the entire record, all of the following:

This act provides for notice to the public in accordance with existing provisions of the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 and will ensure that the right of public access to local agency meetings is protected.

SEC. 6. Section 2.5 of this bill incorporates amendments to Section 56133 of the Government Code proposed by both this bill and Assembly Bill 402. It shall only become operative if (1) both bills are enacted and become effective on or before January 1,

2016, (2) each bill amends Section 56133 of the Government Code, and (3) this bill is enacted after Assembly Bill 402, in which case Section 2 of this bill shall not become operative.
