

Introduced by Senators Monning and HernandezFebruary 23, 2015

An act to amend Section 15438.10 of the Government Code, relating to health care, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

SB 315, as introduced, Monning. Health care access demonstration project grants.

Existing law establishes a program for the California Health Facilities Authority to award grants that do not exceed \$1,500,000 to one or more projects designed to demonstrate specified new or enhanced cost-effective methods of delivering quality health care services to improve access to quality health care for vulnerable populations or communities, or both, that are effective at enhancing health outcomes and improving access to quality health care and preventive services. Existing law authorizes the authority, if a demonstration project receiving a grant is successful at developing such a new method of delivering high-quality and cost-effective health care services, to implement a 2nd grant program, as specified, to replicate in additional California communities the model developed by that demonstration project. Existing law requires the authority to prepare and provide a report to the Legislature and the Governor on the outcomes of the demonstration grant program that includes, among other information, the total amount of grants issued and the amount of each grant issued.

This bill would create the California Health Access Model Program Two Account within the California Health Facilities Financing Authority Fund for purposes of administering a 2nd competitive grant selection process, in accordance with existing grant provisions, to fund one or more projects designed to demonstrate specified new or enhanced

cost-effective methods of delivering quality health care services to improve access to quality health care for vulnerable populations or communities, or both. The bill would transfer up to \$6,500,000 from the California Health Facilities Financing Authority Hospital Equipment Loan Program Fund to the account for the purposes of the bill, and would require that any moneys remaining in the account as of January 1, 2023, revert to California Health Facilities Financing Authority Hospital Equipment Loan Program Fund. By expanding the purposes for which a continuously appropriated fund may be used, this bill would make an appropriation.

The bill would also require the authority to prepare and provide a report to the Legislature and the Governor by January 1, 2017, on the outcomes of this 2nd competitive grant selection process, as specified.

Vote: majority. Appropriation: yes. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 15438.10 of the Government Code is
- 2 amended to read:
- 3 15438.10. (a) The Legislature finds and declares the following:
- 4 (1) Many Californians face serious obstacles in obtaining needed
- 5 health care services, including, but not limited to, medical, mental
- 6 health, dental, and preventive services. The obstacles faced by
- 7 vulnerable populations and communities include existence of
- 8 complex medical, physical, or social conditions, disabilities,
- 9 economic disadvantage, and living in remote or underserved areas
- 10 that make it difficult to access services.
- 11 (2) With the recent passage of national health care reform, there
- 12 is an increased demand for innovative ways to deliver quality
- 13 health care, including preventive services, to individuals in a
- 14 cost-effective manner.
- 15 (3) There is a need to develop new methods of delivering health
- 16 services utilizing innovative models that can be demonstrated to
- 17 be effective and then replicated throughout California and that
- 18 bring community-based health care preventive services to
- 19 individuals where they live or receive education, social, or general
- 20 health services.
- 21 (4) For more than 30 years, the California Health Facilities
- 22 Financing Authority has provided financial assistance through

1 tax-exempt bonds, low-interest loans, and grants to health facilities
2 in California, assisting in the expansion of the availability of health
3 services and health care facilities throughout the state.

4 (b) (1) Following the completion of a competitive selection
5 process, the authority may award one or more grants that, in the
6 aggregate, do not exceed one million five hundred thousand dollars
7 (\$1,500,000) to one or more projects designed to demonstrate
8 specified new or enhanced cost-effective methods of delivering
9 quality health care services to improve access to quality health
10 care for vulnerable populations or communities, or both, that are
11 effective at enhancing health outcomes and improving access to
12 quality health care and preventive services. These health care
13 services may include, but are not limited to, medical, mental health,
14 or dental services for the diagnosis, care, prevention, and treatment
15 of human illness, or individuals with physical, mental, or
16 developmental disabilities. More than one demonstration project
17 may receive a grant pursuant to this section. It is the intent of the
18 Legislature for a demonstration project that receives a grant to
19 allow patients to receive screenings, diagnosis, or treatment in
20 community settings, including, but not limited to, school-based
21 health centers, adult day care centers, and residential care facilities
22 for the elderly, or for individuals with mental illness or
23 developmental disabilities.

24 (2) A grant awarded pursuant to this subdivision may be
25 allocated in increments to a demonstration project over multiple
26 years to ensure the demonstration project's ability to complete its
27 work, as determined by the authority. Prior to the initial allocation
28 of funds pursuant to this subdivision, the administrators of the
29 demonstration project shall provide evidence that the demonstration
30 project has or will have additional funds sufficient to ensure
31 completion of the demonstration project. If the authority allocates
32 a grant in increments, each subsequent year's allocation shall be
33 provided to the demonstration project only upon submission of
34 research that shows that the project is progressing toward the
35 identification of a high-quality and cost-effective delivery model
36 that improves health outcomes and access to quality health care
37 and preventive services for vulnerable populations or communities,
38 and can be replicated throughout the state in community settings.

39 (3) Except for a health facility that qualifies as a "small and
40 rural hospital" pursuant to Section 124840 of the Health and Safety

1 Code, a health facility that has received tax-exempt bond financing
2 from the authority shall not be eligible to receive funds awarded
3 for a demonstration project. Such a health facility may participate
4 as an uncompensated partner or member of a collaborative effort
5 that is awarded a demonstration project grant. A health facility
6 that participates in a demonstration project that receives funds
7 pursuant to this section may not claim the funding provided by the
8 authority toward meeting its community benefit and charity care
9 obligations.

10 (4) Funds provided to a demonstration project pursuant to this
11 subdivision may be used to supplement, but not to supplant,
12 existing financial and resource commitments of the grantee or
13 grantees or any other member of a collaborative effort that has
14 been awarded a demonstration project grant.

15 (c) (1) If a demonstration project that receives a grant pursuant
16 to subdivision (b) is successful at developing a new method of
17 delivering high-quality and cost-effective health care services in
18 community settings that result in increased access to quality health
19 care and preventive services or improved health care outcomes for
20 vulnerable populations or communities, or both, then beginning
21 as early as the second year after the initial allocation of moneys
22 provided pursuant to subdivision (b), the authority may implement
23 a second grant program that awards not more than five million
24 dollars (\$5,000,000), in the aggregate, to eligible recipients as
25 defined by the authority, to replicate in additional California
26 communities the model developed by a demonstration project that
27 received a grant pursuant to subdivision (b). Prior to the
28 implementation of this second grant program, the authority shall
29 prepare and provide a report to the Legislature and the Governor
30 on the outcomes of the demonstration project. The report shall be
31 made in accordance with Section 9795.

32 (2) If the authority implements the second grant program, the
33 authority shall also report annually, beginning with the first year
34 of implementation of the second grant program, to the Legislature
35 and the Governor regarding the program, including, but not limited
36 to, the total amount of grants issued pursuant to this subdivision,
37 the amount of each grant issued, and a description of each project
38 awarded funding for replication of the model.

39 (3) Grants under this subdivision may be utilized for eligible
40 costs, as defined in subdivision (c) of Section 15432, including

1 equipment, information technology, and working capital, as defined
2 in subdivision (h) of Section 15432.

3 (4) The authority may adopt regulations relating to the grant
4 program authorized pursuant to this subdivision, including
5 regulations that define eligible recipients, eligible costs, and
6 minimum and maximum grant amounts.

7 (d) (1) The authority shall prepare and provide a report to the
8 Legislature and the Governor by January 1, 2014, on the outcomes
9 of the demonstration grant program, including, but not limited to,
10 the following:

11 (A) The total amount of grants issued.

12 (B) The amount of each grant issued.

13 (C) A description of other sources of funding for each project.

14 (D) A description of each project awarded funding.

15 (E) A description of project outcomes that demonstrate
16 cost-effective delivery of health care services in community
17 settings, that result in improved access to quality health care or
18 improved health care outcomes.

19 (2) *The authority shall prepare and provide a report to the*
20 *Legislature and the Governor by January 1, 2017, on the outcomes*
21 *of the second competitive grant selection process authorized in*
22 *subdivision (g), including, but not limited to, the information*
23 *specified in subparagraphs (A) to (E), inclusive, of paragraph (1).*

24 ~~(2)~~

25 (3) A report submitted pursuant to this subdivision shall be
26 submitted in compliance with Section 9795.

27 (e) There is hereby created the California Health Access Model
28 Program Account in the California Health Facilities Financing
29 Authority Fund. All moneys in the account are hereby continuously
30 appropriated to the authority for carrying out the purposes of this
31 section. An amount of up to six million five hundred thousand
32 dollars (\$6,500,000) shall be transferred from funds in the
33 California Health Facilities Financing Authority Fund that are not
34 impressed with a trust for other purposes into the California Health
35 Access Model Program Account for the purpose of issuing grants
36 pursuant to this section. Any moneys remaining in the California
37 Health Access Model Program Account on January 1, 2020, shall
38 revert as of that date to the California Health Facilities Financing
39 Authority Fund.

1 (f) Any recipient of a grant provided pursuant to subdivision
2 (b) shall adhere to all applicable laws relating to scope of practice,
3 licensure, staffing, and building codes.
4 (g) *There is hereby created the California Health Access Model*
5 *Program Two Account within the California Health Facilities*
6 *Financing Authority Fund for purposes of administering a second*
7 *competitive grant selection process, in accordance with*
8 *subdivisions (b) and (c), to fund one or more projects designed to*
9 *demonstrate specified new or enhanced cost-effective methods of*
10 *delivery quality health care services to improve access to quality*
11 *health care for vulnerable populations or communities, or both.*
12 *An amount of up to six million five hundred thousand dollars*
13 *(\$6,500,000) shall be transferred from funds in the California*
14 *Health Facilities Financing Authority Hospital Equipment Loan*
15 *Program Fund that are not impressed with a trust for other*
16 *purposes into the California Health Access Model Program Two*
17 *Account for the purpose of administering a second competitive*
18 *grant selection process pursuant to this subdivision. Any moneys*
19 *remaining in the California Health Access Model Program Two*
20 *Account on January 1, 2023, shall revert as of that date to the*
21 *California Health Facilities Financing Authority Hospital*
22 *Equipment Loan Program Fund.*
