

AMENDED IN SENATE APRIL 6, 2015

**SENATE BILL**

**No. 461**

---

**Introduced by Senator Hernandez**

February 25, 2015

---

An act to amend Section ~~30304~~ 464 of the Streets and Highways Code, relating to ~~transportation~~ highways.

LEGISLATIVE COUNSEL'S DIGEST

SB 461, as amended, Hernandez. ~~Toll bridges and facilities: funds.~~  
*State Highway Route 164: relinquishment.*

*Existing law provides that the Department of Transportation has full possession and control of all state highways. Existing law describes the authorized routes in the state highway system and establishes a process for adoption of a highway on an authorized route by the California Transportation Commission. Existing law authorizes the commission to relinquish certain state highway segments to local agencies.*

*This bill would authorize the commission to relinquish the portion of State Highway Route 164 from Gallatin Road near Pico Rivera to the southern city limits of South El Monte in the vicinity of Rush Street in the County of Los Angeles to that county, under specified conditions.*

~~Existing law, the California Toll Bridge Authority Act, makes the California Transportation Commission, together with the Department of Transportation, responsible for building and acquiring toll facilities and related transportation facilities. Under existing law, all tolls or other revenue received from the operation of toll bridges and related facilities that were acquired or constructed with bond funding are deposited into a special fund designated for the particular toll bridge or facility that produced the toll or revenue.~~

~~This bill would make nonsubstantive changes to the provision specifying deposit of this particular revenue into the designated special fund.~~

Vote: majority. Appropriation: no. Fiscal committee: ~~no~~-yes.  
State-mandated local program: no.
