No. 580

Introduced by Senator Liu
(Coauthor: Assembly Member Holden)

February 26, 2015

An act to amend Sections 54237 and 54237.7 of the Government Code, relating to surplus residential ~~property~~ *property*, *making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.*

LEGISLATIVE COUNSEL'S DIGEST

SB 580, as amended, Liu. Surplus residential property: affordable housing: historic buildings.

(1) Existing law declares the intent of the Legislature to preserve, upgrade, and expand the supply of housing to persons and families of low or moderate income, through the sale of specified surplus residential property owned by public agencies. Existing law establishes priorities and procedures that any state agency disposing of that surplus residential property is required to follow. Under existing law, specified single-family residences must first be offered to their former owners or present occupants, as specified. If the property is not sold to a former owner or present occupant, existing law requires that the property be offered to a housing-related private or public entity at a reasonable price for either limited equity cooperative housing or low and moderate income rental or owner-occupied housing, as specified.

This bill would authorize a local housing authority to purchase and rehabilitate surplus residential property within Pasadena, South Pasadena, Alhambra, La Cañada Flintridge, and the 90032 postal ZIP ~~code~~. *Code*. The local housing authority would be required to dedicate any profits realized from a subsequent sale to the construction of affordable housing. The bill would also require that, prior to offering the property to a housing-related private or public entity as specified above, that property that is a historic home, as defined, be first offered to a housing-related public entity or a nonprofit private entity dedicated to rehabilitating and maintaining the historic home for public and community access and use.

(2) Existing law requires the Department of Transportation to deposit proceeds from sales of surplus residential property into the SR-710 Rehabilitation Account, a continuously appropriated fund, to be distributed, as specified, exclusively to fund projects located in Pasadena, South Pasadena, Alhambra, La Cañada Flintridge, and the 90032 postal ZIP ~~code~~. *Code*.

This bill would specifically require the department to deposit proceeds from the sale of surplus residential property from the department to a new owner in the SR-710 Rehabilitation Account. This bill would establish the Affordable Housing Trust Account within the Housing Finance Fund and require the net proceeds from a subsequent market sale of surplus residential property sold pursuant to these provisions at an affordable or reasonable price, as specified, be deposited in this account. ~~The bill would, upon appropriation by the Legislature, make~~ *would continuously appropriate* funds in this account ~~available~~ to the California Housing Finance Agency to carry out specified activities for the benefit of persons residing exclusively within Pasadena, South Pasadena, Alhambra, La Cañada Flintridge, and the 90032 postal ZIP ~~code~~. *Code*.

(3) This bill would make legislative findings and declarations as to the necessity of a special statute for Pasadena, South Pasadena, Alhambra, La Cañada Flintridge, and the 90032 postal ZIP ~~code~~. *Code*.

(4) *This bill would declare that it is to take effect immediately as an urgency statute.*

Vote: ~~majority~~^{2/3}. Appropriation: ~~no~~^{yes}. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 54237 of the Government Code is
2 amended to read:

3 54237. (a) Notwithstanding Section 11011.1, an agency of the
4 state disposing of surplus residential property shall do so in
5 accordance with the following priorities and procedures:

6 (1) First, all single-family residences presently occupied by
7 their former owners shall be offered to those former owners at the
8 appraised fair market value.

9 (2) Second, all single-family residences shall be offered,
10 pursuant to this article, to their present occupants who have
11 occupied the property two years or more and who are persons and
12 families of low or moderate income.

13 (3) Third, all single-family residences shall be offered, pursuant
14 to this article, to their present occupants who have occupied the
15 property five years or more and whose household income does not
16 exceed 150 percent of the area median income.

17 (4) Fourth, a single-family residence shall not be offered,
18 pursuant to this article, to present occupants who are not the former
19 owners of the property if the present occupants have had an
20 ownership interest in real property in the last three years.

21 (b) Single-family residences offered to their present occupants
22 pursuant to paragraphs (2) and (3) of subdivision (a) shall be
23 offered to those present occupants at an affordable price. The price
24 shall not be less than the price paid by the agency for original
25 acquisition, unless the acquisition price was greater than the current
26 fair market value, and shall not be greater than fair market value.
27 When a single-family residence is offered to present occupants at
28 a price that is less than fair market value, the selling agency shall
29 impose terms, conditions, and restrictions to ensure that the housing
30 will remain available to persons and families of low or moderate
31 income and households with incomes no greater than the incomes
32 of the present occupants in proportion to the area median income.
33 The Department of Housing and Community Development shall
34 provide to the selling agency recommendations of standards and
35 criteria for these prices, terms, conditions, and restrictions. The
36 selling agency shall provide repairs required by lenders and
37 government housing assistance programs, or, at the option of the

1 agency, provide the present occupants with a replacement dwelling
 2 pursuant to Section 54237.5.

3 (c) If single-family residences are offered to their present
 4 occupants pursuant to paragraphs (2) and (3) of subdivision (a),
 5 the occupants shall certify their income and assets to the selling
 6 agency. When a single-family residence is offered to present
 7 occupants at a price that is less than fair market value, the selling
 8 agency may verify the certifications, in accordance with procedures
 9 utilized for verification of incomes of purchasers and occupants
 10 of housing financed by the California Housing Finance Agency
 11 and with regulations adopted for the verification of assets by the
 12 United States Department of Housing and Urban Development.
 13 The income and asset limitations and term of residency
 14 requirements of paragraphs (2) and (3) of subdivision (a) shall not
 15 apply to sales that are described as mitigation measures in an
 16 environmental study prepared pursuant to the Public Resources
 17 Code, if the study was initiated before this measure was enacted.

18 (d) All other surplus residential properties and all properties
 19 described in paragraphs (1), (2), and (3) of subdivision (a) that are
 20 not purchased by the former owners or the present occupants shall
 21 be then offered as follows:

22 (1) Except as required by paragraph (2), the property shall be
 23 offered to a housing-related private or public entity at a reasonable
 24 price, which is best suited to economically feasible use of the
 25 property as decent, safe, and sanitary housing at affordable rents
 26 and affordable prices for persons and families of low or moderate
 27 income, on the condition that the purchasing entity shall cause the
 28 property to be rehabilitated and used as follows:

29 (A) If the housing-related entity is a public entity, the entity
 30 shall dedicate profits realized from a subsequent sale, as specified
 31 in subdivision (b) of Section 54237.7, to the construction of
 32 affordable housing within Pasadena, South Pasadena, Alhambra,
 33 La Cañada Flintridge, and the 90032 postal ZIP ~~code~~. *Code*.

34 (B) If the entity is a private housing-related entity or a
 35 housing-related public entity, the entity shall cause the property
 36 to be developed as limited equity cooperative housing with first
 37 right of occupancy to present occupants, except that where the
 38 development of cooperative or cooperatives is not feasible, the
 39 purchasing entity shall cause the property to be used for low and
 40 moderate income rental or owner-occupied housing, with first right

1 of occupancy to the present tenants. The price of the property in
2 no case shall be less than the price paid by the entity for original
3 acquisition unless the acquisition price was greater than current
4 fair market value and shall not be greater than fair market value.
5 Subject to the foregoing, it shall be set at the level necessary to
6 provide housing at affordable rents and affordable prices for present
7 tenants and persons and families of low or moderate income. When
8 residential property is offered at a price that is less than fair market
9 value, the selling agency shall impose terms, conditions, and
10 restrictions as will ensure that the housing will remain available
11 to persons and families of low or moderate income. The
12 Department of Housing and Community Development shall provide
13 to the selling agency recommendations of standards and criteria
14 for prices, terms, conditions, and restrictions.

15 (2) (A) If the property is a historic home, the property shall be
16 offered first to a housing-related public entity subject to
17 subparagraph (A) or (B) of paragraph (1) or to a nonprofit private
18 entity dedicated to rehabilitating and maintaining the historic home
19 for public and community access and use subject to subparagraph
20 (B) of paragraph (1).

38 they vacated the premises, with priority given to the most recent
39 tenants first, and then to purchasers who will be owner occupants.
