

AMENDED IN SENATE APRIL 6, 2015

SENATE BILL

No. 645

Introduced by Senator Hancock

February 27, 2015

An act to add Section 8483.73 to, the Education Code, relating to after school programs, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

SB 645, as amended, Hancock. After school programs: grant amounts.

Existing law, the After School Education and Safety Program Act of 2002, enacted by initiative statute, establishes the After School Education and Safety Program to serve pupils in kindergarten and grades 1 to 9, inclusive, at participating public elementary, middle, junior high, and charter schools. The existing act provides that each school establishing a program pursuant to the act is eligible to receive a renewable 3-year grant for before or after school programs, as provided, and a grant for operating a program beyond 180 regular schooldays or during summer, weekend, intersession, or vacation periods, as provided; ~~and~~. *The act* specifies the maximum grant amount and related amounts for each of these grants. ~~The existing act~~, provides a formula for determining an amount to be continuously appropriated from the General Fund to the State Department of Education for purposes of the program, and authorizes the Legislature to appropriate additional funds for purposes of the program.

This bill would, for the 2015–16 fiscal year, appropriate ~~\$36,630,000~~ \$54,000,000 more to the department for purposes of the program *and would require the department to proportionately adjust the maximum grant amounts and those related amounts to reflect this appropriation*. Commencing with the 2016–17 fiscal year, and for each fiscal year

thereafter, the bill would appropriate ~~\$73,260,000~~ \$72,000,000 more to the department for purposes of the program *and would require the department to proportionately adjust the maximum grant amounts and those related amounts to reflect this appropriation.* The bill would, commencing with the 2017–18 fiscal year, require the Department of Finance to annually adjust that amount using a specified calculation, provided that adjustment does not result in a reduction. The bill would, also commencing with the 2017–18 fiscal year, require the State Department of Education to annually adjust the maximum grant amounts and those related amounts to reflect the percentage change in the California Consumer Price Index, provided that adjustment does not result in a reduction. The bill also would provide that funds appropriated by the bill would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

Vote: majority. Appropriation: yes. Fiscal committee: yes.
State-mandated local program: no.
