LEGISLATIVE COUNSEL'S DIGEST

SB 750, as amended, Mendoza. English language education: English learners: State Seal of Biliteracy.

(1) Existing law requires each school district that has one or more pupils who are English learners, and, to the extent required by federal law, a county office of education and a charter school, to assess the English language development of each of those pupils in order to determine the pupil's level of proficiency. Existing law requires the State Department of Education, with the approval of the State Board of Education, to establish procedures for conducting the assessment and for the reclassification of a pupil from English learner to English proficient.

Existing law defines "long-term English learner" as an English learner who is enrolled in any of grades 6 to 12, inclusive, has been enrolled in schools in the United States for more than 6 years, has remained at the same English language proficiency level for 2 or more consecutive years as determined by a specified English language development test, or any successor test, and scores far below basic or below basic on a certain English language arts standards-based achievement test, or any successor test.

This bill would revise that definition to instead ~~include~~ *mean, except as specified*, an English learner *who is enrolled in any of grades 6 to*

12, inclusive, who has been enrolled in schools in the United States for 6 years or more, has remained at the same English language proficiency level for 2 or more consecutive years prior years, or has regressed to a lower English language proficiency level, as determined by the specified English language development test, or any successor test, or has regressed to a lower English language proficiency level, and scores and, for a pupil in any of grades 6 to 9, inclusive, scored far below basic or below basic on the specified English language arts standards-based achievement test, or an equivalent score on any successor test.

(2) Existing law defines an “English learner at risk of becoming a long-term English learner” as an English learner who is enrolled in any of grades 5 to 11, inclusive, in schools in the United States for 4 years, scores at the intermediate level or below on the specified English language development test, or any successor test, and scores in the ~~fourth~~ 4th year at the below basic or far below basic level on a certain English language arts standards-based achievement test, or any successor test.

This bill would revise that definition to instead ~~include~~ *mean, except as specified*, an English learner who is enrolled in any of grades 3 to 12, inclusive, in schools in the United States for 4 to 5 years, ~~scores scored~~ at the intermediate level or below on the specified English language development test, or any successor test, ~~and scores and, for a pupil in any of grades 3 to 9, inclusive, scored in the fourth 4th or fifth 5th year at the below basic or far below basic level on the specified English language arts standards-based achievement test administered, test, or an equivalent score on any successor test.~~

(3) Existing law requires the department to annually ascertain and provide to school districts and schools the number of pupils in each school district and school, as specified, who are, or are at risk of becoming, long-term English learners.

This bill would also require the department to post the number of long-term English learners and English learners at risk of becoming long-term English learners in the state.

(4) Existing law requires the Superintendent of Public Instruction to award a State Seal of Biliteracy. Existing law provides that the State Seal of Biliteracy certifies attainment of a high level of proficiency by a graduating high school pupil in one or more languages, in addition to English, and certifies that the graduate meets specified ~~criteria, including, but not limited to, passing the California Standards Test in~~

English language arts administered in grade 11 at the proficient level or above. *criteria.*

This bill would ~~require the Superintendent, in the event that scores of the California Standards Test in English language arts or any successor test are not made available, to designate alternate equivalent criteria for eligibility for the State Seal of Biliteracy, as specified.~~ *add to that criteria scoring a level 3 or higher on the California Assessment of Student Performance and Progress in English language arts administered in grade 11, or an equivalent score on any successor test.*
