An act to amend Sections 22380 and 22381 of the Financial Code, relating to consumer loans.

LEGISLATIVE COUNSEL'S DIGEST

SB 984, as amended, Hueso. Pilot Program for Increased Access to Responsible Small Dollar Loans: extension.

(1) Existing law, the California Finance Lenders Law, provides for the licensure and regulation of finance lenders and brokers by the Commissioner of Business Oversight and makes a willful violation of its provisions a crime. Existing law, until January 1, 2018, establishes the Pilot Program for Increased Access to Responsible Small Dollar Loans for the purpose of allowing greater access for responsible installment loans in principal amounts of at least \$300 and less than \$2,500. Existing law requires licensees and other entities to file an application and pay a specified fee to the commissioner to participate in the program. Existing law authorizes a licensee approved by the commissioner to participate in the program to impose specified alternative interest rates and charges, including an administrative fee and delinquency fees, on loans of at least \$300 and less than \$2,500, subject to certain requirements. Existing law, on or before January 1,

2017, requires the commissioner to post a report on his or her Internet Web site containing specified information including a recommendation whether the pilot program should be continued after January 1, 2018.

This bill would extend the Pilot Program for Increased Access to Responsible Small Dollar Loans until January 1, 2023, *require an additional report on or before July 1, 2020*, and make a conforming change to the requirement that the report include the above-referenced recommendation.

Because a willful violation of these extended provisions would be a crime, this bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:
