An act to add Sections 7407.1 and 7408.1 to the Business and Professions Code, relating to professions and vocations.

LEGISLATIVE COUNSEL'S DIGEST

SB 1044, as amended, Nguyen. Barbering and cosmetology.

Existing law, the Barbering and Cosmetology Act, provides for the licensure and regulation of the practices of barbering, cosmetology, and electrolysis by the State Board of Barbering and Cosmetology. Existing law also requires any person, firm, or corporation operating an establishment where any activity licensed under the act is practiced to apply to the board for a license. Existing law requires protection of the public to be the highest priority for the board in exercising its licensing, regulatory, and disciplinary functions. Under existing law, whenever the protection of the public is inconsistent with other interests sought to be promoted, the protection of the public is required to be paramount.

Under existing law, the board is authorized to assess administrative fines for ~~the~~ a violation of the act or ~~the~~ a violation of any rules and regulations adopted by the board pursuant to the act. Existing law requires the board to establish by regulation a schedule of administrative fines for violations of the act.

This bill would require the board to determine by regulation when a fine is required to be assessed against both the holder of the establishment license and the individual licensee for the same violation.

The bill would also require the board to determine by regulation when a fine shall be assessed to only the holder of the establishment license or to only an individual licensee for the same violation. In making these determinations, the bill would require the board to consider specified factors.

Existing law requires the board to issue a citation with respect to any violation for which an administrative fine is authorized to be assessed. Existing law requires these citations to be in writing and to describe with particularity the nature of the violation alleged to have ~~been violated~~: *occurred*. Under existing law, the administrative fine, if any, is required to be attached at the time the citation is written.

The bill would authorize the board to enter into a payment plan for citations with administrative fines exceeding \$500. The bill would require the board to define by regulation the parameters of the payment plans, as specified.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
