LEGISLATIVE COUNSEL'S DIGEST

SB 1046, Hill. Driving under the influence: ignition interlock device.

Existing law requires the Department of Motor Vehicles to immediately suspend a person's privilege to operate a motor vehicle for a specified period of time if the person has been convicted of driving a motor vehicle when the person had a certain blood-alcohol concentration. Existing law authorizes certain individuals, whose privilege is suspended pursuant to that provision to receive a restricted driver's license if specified requirements are met, including the elapse of specified periods of license suspension or revocation.

Existing law also requires the department to immediately suspend or revoke a person's privilege to operate a motor vehicle if the person has been convicted of violating specified provisions prohibiting driving a motor vehicle under the influence of an alcoholic beverage or drug or the combined influence of an alcoholic beverage and drug, or with 0.08% or more, by weight, of alcohol in his or her blood or while addicted to the use of any drug, with or without bodily injury to another. Existing law authorizes certain individuals whose privilege is suspended or revoked pursuant to that provision to receive a restricted driver's license if specified requirements are met, including the elapse of specified periods of license suspension or revocation and, in some instances, the installation of an ignition interlock device on the person's vehicle. Existing law does not permit a person who has been convicted of a first offense of driving a motor vehicle under the influence, with injury, to receive a restricted driver's license.

Existing law also requires the Department of Motor Vehicles to establish a pilot program from July 1, 2010, to July 1, 2017, inclusive, in the Counties of Alameda, Los Angeles, Sacramento, and Tulare that requires, as a condition of being issued a restricted driver's license, being reissued a driver's license, or having the privilege to operate a motor vehicle reinstated subsequent to a conviction for any violation of the above offenses, a person to install for a specified period of time an ignition interlock device on all vehicles he or she owns or operates. Under existing law, the amount of time

the ignition interlock device is required to be installed is based upon the number of prior convictions suffered by the individual, as prescribed.

This bill would extend the pilot program in those counties until January 1, 2019. Effective January 1, 2019, and until January 1, 2026, the bill would make an individual whose license has been suspended for driving a motor vehicle when he or she has a certain blood-alcohol concentration and who is eligible for a restricted driver's license eligible for a restricted driver's license without serving any period of the suspension if the person meets all other eligibility requirements and the person installs an ignition interlock device. The bill would authorize that individual to install an ignition interlock device prior to the effective date of the suspension and would require the individual to receive credit towards the mandatory term to install an ignition interlock device, as specified. The bill would require the department to immediately reinstate the suspension of the privilege to operate a motor vehicle upon receipt of notification that a person has engaged in certain activities, including, among others, attempted to remove, bypass, or tamper with the ignition interlock device.

The bill would also require, commencing January 1, 2019, and until January 1, 2026, a person who has been convicted of driving a motor vehicle under the influence of an alcoholic beverage, as specified, to install for a specified period of time an ignition interlock device on the vehicle, as ordered by the court, that is the vehicle that he or she operates. The bill would, commencing January 1, 2019, and until January 1, 2026, also authorize a person convicted of driving a motor vehicle under the influence, including a person who was convicted of a first offense of driving a motor vehicle under the influence, with injury, if all other requirements are satisfied, including the installation of an ignition interlock device, to apply for a restricted driver's license without completing a period of license suspension or revocation. The bill would require the department to, if a person maintains an ignition interlock device for the specified required time, reinstate the person's privilege to operate a motor vehicle at the time the other reinstatement requirements are satisfied. The bill would, commencing January 1, 2019, and until January 1, 2026, authorize a court to require a person convicted of a specified type of reckless driving to install a certified ignition interlock device on any vehicle that the person operates and prohibit that person from operating a motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device for a specified period of time. The bill would require the Transportation Agency to issue a report to the Legislature by January 1, 2025, regarding the implementation and efficacy of these provisions. The bill would reinstate current law as described above as of January 1, 2026.

The bill would also make conforming and clarifying changes.

By specifying that certain crimes relating to ignition interlock devices apply when an ignition interlock device is installed pursuant to the provisions of this bill, this bill would impose a state-mandated local program.

Existing law establishes the Bureau of Electronic and Appliance Repair, Home Furnishings, and Thermal Insulation under the supervision and control

of the Director of Consumer Affairs and requires the director to administer and enforce provisions relating to the registration of electronic and appliance repair service dealers. Existing law authorizes the director to deny, suspend, revoke, or place on probation the registration of a service dealer for any of certain acts, as specified. Existing law authorizes a service dealer licensed under these provisions to install, calibrate, service, maintain, and monitor ignition interlock devices. A violation of these provisions is punishable as a misdemeanor.

Existing law, the Automotive Repair Act, establishes the Bureau of Automotive Repair under the supervision and control of the Director of Consumer Affairs and provides for the registration and regulation of automotive repair dealers. Existing law requires the bureau to adopt standards for installation, maintenance, and servicing of ignition interlock devices by automotive repair dealers, and existing regulations authorizes automotive repair dealers to install, maintain, and service an ignition interlock device. Existing law authorizes the director to deny, suspend, revoke, or place on probation the registration of an automotive repair dealer for certain acts, as specified. A violation of the act is a crime.

This bill would authorize the director to issue a citation to, or suspend, revoke, or place on probation the registration of an automotive repair dealer or service dealer who installs, calibrates, services, maintains, or monitors ignition interlock devices if the automotive repair dealer or service dealer is not in compliance with specified provisions relating to payment for the costs of an ignition interlock device and would require an automotive repair dealer or service dealer to provide that information to an individual receiving ignition interlock device services. By expanding the definition of a crime, the bill would impose a state-mandated local program.

The bill would require, commencing January 1, 2019, until January 1, 2026, an ignition interlock device manufacturer to be in compliance with specified provisions relating to payment for the costs of an ignition interlock device and would require those manufacturers to provide information to an individual who is required to install an ignition interlock device pursuant to a restricted driver's license. The bill would make a violation of those requirements subject to a civil assessment not exceeding \$1,000, as specified.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The people of the State of California do enact as follows:

(h) This section shall remain in effect only until January 1, 2019, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2019, deletes or extends that date.

SEC. 5. Section 13352 is added to the Vehicle Code, to read:

13352. (a) The department shall immediately suspend or revoke the privilege of a person to operate a motor vehicle upon the receipt of an abstract of the record of a court showing that the person has been convicted

(d) If the driver was operating a commercial vehicle, as defined in Section 15210, at the time of the violation that resulted in the suspension of that person’s driving privilege under Section 13353.2, the department shall, pursuant to this section, if the person is otherwise eligible, issue the person a class C or class M driver’s license restricted in the same manner and subject to the same conditions as specified in subdivision (a), except that the license may not allow travel to and from or in the course of the person’s employment.

(e) If the holder of a commercial driver’s license was operating a motor vehicle, other than a commercial vehicle as defined in Section 15210, at the time of the violation that resulted in the suspension of that person’s driving privilege pursuant to Section 13353.2, the department shall, pursuant to this section, if the person is otherwise eligible, issue the person a class C or class M driver’s license restricted in the same manner and subject to the same conditions as specified in subdivision (a).

SEC. 21. Section 13386 of the Vehicle Code is amended to read:

13386. (a) (1) The department shall certify or cause to be certified ignition interlock devices required by Article 5 (commencing with Section 23575) of Chapter 2 of Division 11.5 and publish a list of approved devices.

(2) (A) The department shall ensure that ignition interlock devices that have been certified according to the requirements of this section continue to meet certification requirements. The department may periodically require manufacturers to indicate in writing whether the devices continue to meet certification requirements.

(B) The department may use denial of certification, suspension or revocation of certification, or decertification of an ignition interlock device in another state as an indication that the certification requirements are not met, if either of the following apply:

(i) The denial of certification, suspension or revocation of certification, or decertification in another state constitutes a violation by the manufacturer

of Article 2.55 (commencing with Section 125.00) of Chapter 1 of Division 1 of Title 13 of the California Code of Regulations.

(ii) The denial of certification for an ignition interlock device in another state was due to a failure of an ignition interlock device to meet the standards adopted by the regulation set forth in clause (i), specifically Sections 1 and 2 of the model specification for breath alcohol ignition interlock devices, as published by notice in the Federal Register, Vol. 57, No. 67, Tuesday, April 7, 1992, on pages 11774 to 11787, inclusive, or the model specifications for breath alcohol ignition interlock devices, as published by notice in the Federal Register, Vol. 78, No. 89, Wednesday, May 8, 2013, on pages 25489 to 26867, inclusive.

(C) Failure to continue to meet certification requirements shall result in suspension or revocation of certification of ignition interlock devices.

(b) (1) A manufacturer shall not furnish an installer, service center, technician, or consumer with technology or information that allows a device to be used in a manner that is contrary to the purpose for which it is certified.

(2) Upon a violation of paragraph (1), the department shall suspend or revoke the certification of the ignition interlock device that is the subject of that violation.

(c) An installer, service center, or technician shall not tamper with, change, or alter the functionality of the device from its certified criteria.

(d) The department shall utilize information from an independent, accredited (ISO/IEC 17025) laboratory to certify ignition interlock devices of the manufacturer or manufacturer's agent, in accordance with the guidelines. The cost of certification shall be borne by the manufacturers of ignition interlock devices. If the certification of a device is suspended or revoked, the manufacturer of the device shall be responsible for, and shall bear the cost of, the removal of the device and the replacement of a certified device of the manufacturer or another manufacturer.

(e) No model of ignition interlock device shall be certified unless it meets the accuracy requirements and specifications provided in the guidelines adopted by the National Highway Traffic Safety Administration.

(f) All manufacturers of ignition interlock devices that meet the requirements of subdivision (e) and are certified in a manner approved by the department, who intend to market the devices in this state, first shall apply to the department on forms provided by that department. The application shall be accompanied by a fee in an amount not to exceed the amount necessary to cover the costs incurred by the department in carrying out this section.

(g) The department shall ensure that standard forms and procedures are developed for documenting decisions and compliance and communicating results to relevant agencies. These forms shall include all of the following:

(1) An "Option to Install," shall be sent by the department to all offenders along with the mandatory order of suspension or revocation. This shall include the alternatives available for early license reinstatement with the installation of a functioning, certified ignition interlock device and shall be accompanied by a toll-free telephone number for each manufacturer of a

certified ignition interlock device. Information regarding approved installation locations shall be provided to drivers by manufacturers with ignition interlock devices that have been certified in accordance with this section.

(2) A “Verification of Installation” to be returned to the department by the reinstating offender upon application for reinstatement. Copies shall be provided for the manufacturer or the manufacturer’s agent.

(3) A “Notice of Noncompliance” and procedures to ensure continued use of the ignition interlock device during the restriction period and to ensure compliance with maintenance requirements. The maintenance period shall be standardized at 60 days to maximize monitoring checks for equipment tampering.

(h) The department shall develop rules under which every manufacturer and manufacturer’s agent certified by the department to provide ignition interlock devices shall provide a fee schedule to the department of the manufacturer’s standard ignition interlock device program costs, stating the standard charges for installation, service and maintenance, and removal of the manufacturer’s device, and shall develop a form to be signed by an authorized representative of the manufacturer pursuant to which the manufacturer agrees to provide functioning, certified ignition interlock devices to applicants at the costs described in subdivision (k) of Section 23575.3. The form shall contain an acknowledgment that the failure of the manufacturer, its agents, or authorized installers to comply with subdivision (k) of Section 23575.3 shall result in suspension or revocation of the department’s approval for the manufacturer to market ignition interlock devices in this state.

(i) A person who manufactures, installs, services, or repairs, or otherwise deals in ignition interlock devices shall not disclose, sell, or transfer to a third party any individually identifiable information pertaining to individuals who are required by law to install a functioning, certified ignition interlock device on a vehicle that he or she owns or operates, except to the extent necessary to confirm or deny that an individual has complied with ignition interlock device installation and maintenance requirements.

(j) This section shall remain in effect only until January 1, 2026, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2026, deletes or extends that date.

SEC. 22. Section 13386 is added to the Vehicle Code, to read:

(2) (A) The department shall ensure that ignition interlock devices that have been certified according to the requirements of this section continue to meet certification requirements. The department may periodically require manufacturers to indicate in writing whether the devices continue to meet certification requirements.

(B) The department may use denial of certification, suspension or revocation of certification, or decertification of an ignition interlock device

in another state as an indication that the certification requirements are not met, if either of the following apply:

(i) The denial of certification, suspension or revocation of certification, or decertification in another state constitutes a violation by the manufacturer of Article 2.55 (commencing with Section 125.00) of Chapter 1 of Division 1 of Title 13 of the California Code of Regulations.

(ii) The denial of certification for an ignition interlock device in another state was due to a failure of an ignition interlock device to meet the standards adopted by the regulation set forth in clause (i), specifically Sections 1 and 2 of the model specification for breath alcohol ignition interlock devices, as published by notice in the Federal Register, Vol. 57, No. 67, Tuesday, April 7, 1992, on pages 11774 to 11787, inclusive, or the Model Specifications for Breath Alcohol Ignition Interlock Devices, as published by notice in the Federal Register, Vol. 78, No. 89, Wednesday, May 8, 2013, on pages 25489 to 26867, inclusive.

(C) Failure to continue to meet certification requirements shall result in suspension or revocation of certification of ignition interlock devices.

(b) (1) A manufacturer shall not furnish an installer, service center, technician, or consumer with technology or information that allows a device to be used in a manner that is contrary to the purpose for which it is certified.

(2) Upon a violation of paragraph (1), the department shall suspend or revoke the certification of the ignition interlock device that is the subject of that violation.

(c) An installer, service center, or technician shall not tamper with, change, or alter the functionality of the device from its certified criteria.

(d) The department shall utilize information from an independent, accredited (ISO/IEC 17025) laboratory to certify ignition interlock devices of the manufacturer or manufacturer's agent, in accordance with the guidelines. The cost of certification shall be borne by the manufacturers of ignition interlock devices. If the certification of a device is suspended or revoked, the manufacturer of the device shall be responsible for, and shall bear the cost of, the removal of the device and the replacement of a certified device of the manufacturer or another manufacturer.

(e) A model of ignition interlock device shall not be certified unless it meets the accuracy requirements and specifications provided in the guidelines adopted by the National Highway Traffic Safety Administration.

(f) All manufacturers of ignition interlock devices that meet the requirements of subdivision (e) and are certified in a manner approved by the department, who intend to sell the devices in this state, first shall apply to the department on forms provided by that department. The application shall be accompanied by a fee in an amount not to exceed the amount necessary to cover the costs incurred by the department in carrying out this section.

(g) The department shall ensure that standard forms and procedures are developed for documenting decisions and compliance and communicating results to relevant agencies. These forms shall include all of the following:

(1) An “Option to Install,” to be sent by the department to repeat offenders along with the mandatory order of suspension or revocation. This shall include the alternatives available for early license reinstatement with the installation of an ignition interlock device and shall be accompanied by a toll-free telephone number for each manufacturer of a certified ignition interlock device. Information regarding approved installation locations shall be provided to drivers by manufacturers with ignition interlock devices that have been certified in accordance with this section.

(2) A “Verification of Installation” to be returned to the department by the reinstating offender upon application for reinstatement. Copies shall be provided for the manufacturer or the manufacturer’s agent.

(3) A “Notice of Noncompliance” and procedures to ensure continued use of the ignition interlock device during the restriction period and to ensure compliance with maintenance requirements. The maintenance period shall be standardized at 60 days to maximize monitoring checks for equipment tampering.

(h) Every manufacturer and manufacturer’s agent certified by the department to provide ignition interlock devices shall adopt fee schedules that provide for the payment of the costs of the device by applicants in amounts commensurate with the applicant’s ability to pay.

(i) A person who manufactures, installs, services, or repairs, or otherwise deals in ignition interlock devices shall not disclose, sell, or transfer to a third party any individually identifiable information pertaining to individuals who are required by law to install an ignition interlock device on a vehicle that he or she owns or operates, except to the extent necessary to confirm or deny that an individual has complied with ignition interlock device installation and maintenance requirements.

(j) This section shall become operative January 1, 2026.

SEC. 23. Section 13390 is added to the Vehicle Code, to read:

13390. (a) A temporary license issued pursuant to Section 13382, 13388, or 13389 shall contain a notice that the person may be able to regain driving privileges with the installation of an ignition interlock device, that financial assistance may be available for that purpose, and a contact for obtaining more information regarding the ignition interlock program.

(b) This section shall remain in effect only until January 1, 2026, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2026, deletes or extends that date.

SEC. 24. Section 23103.5 of the Vehicle Code is amended to read:

23103.5. (a) If the prosecution agrees to a plea of guilty or nolo contendere to a charge of a violation of Section 23103 in satisfaction of, or as a substitute for, an original charge of a violation of Section 23152, the prosecution shall state for the record a factual basis for the satisfaction or substitution, including whether or not there had been consumption of an alcoholic beverage or ingestion or administration of a drug, or both, by the defendant in connection with the offense. The statement shall set forth the facts that show whether or not there was a consumption of an alcoholic

beverage or the ingestion or administration of a drug by the defendant in connection with the offense.

(b) The court shall advise the defendant, prior to the acceptance of the plea offered pursuant to a factual statement pursuant to subdivision (a), of the consequences of a conviction of a violation of Section 23103 as set forth in subdivision (c).

(c) If the court accepts the defendant's plea of guilty or nolo contendere to a charge of a violation of Section 23103 and the prosecutor's statement under subdivision (a) states that there was consumption of an alcoholic beverage or the ingestion or administration of a drug by the defendant in connection with the offense, the resulting conviction shall be a prior offense for the purposes of Section 23540, 23546, 23550, 23560, 23566, or 23622, as specified in those sections.

(d) The court shall notify the Department of Motor Vehicles of each conviction of Section 23103 that is required under this section to be a prior offense for purposes of Section 23540, 23546, 23550, 23560, 23566, or 23622.

(e) Except as provided in paragraph (1) of subdivision (f), if the court places the defendant on probation for a conviction of Section 23103 that is required under this section to be a prior offense for purposes of Section 23540, 23546, 23550, 23560, 23566, or 23622, the court shall order the defendant to enroll in an alcohol and drug education program licensed under Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code and complete, at a minimum, the educational component of that program, as a condition of probation. If compelling circumstances exist that mitigate against including the education component in the order, the court may make an affirmative finding to that effect. The court shall state the compelling circumstances and the affirmative finding on the record, and may, in these cases, exclude the educational component from the order.

(f) (1) If the court places on probation a defendant convicted of a violation of Section 23103 that is required under this section to be a prior offense for purposes of Section 23540, 23546, 23550, 23560, 23566, or 23622, and that offense occurred within 10 years of a separate conviction of a violation of Section 23103, as specified in this section, or within 10 years of a conviction of a violation of Section 23152 or 23153, the court shall order the defendant to participate for nine months or longer, as ordered by the court, in a program licensed under Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code that consists of at least 60 hours of program activities, including education, group counseling, and individual interview sessions.

(2) The court shall revoke the person's probation, except for good cause shown, for the failure to enroll in, participate in, or complete a program specified in paragraph (1).

(g) Commencing January 1, 2019, the court may require a person convicted on or after January 1, 2019, of a violation of Section 23103, as described in this section, to install a functioning, certified ignition interlock

device on any vehicle that the person operates and prohibit that person from operating a motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device. If the court orders the ignition interlock device restriction, the term shall be determined by the court for a period of at least three months, but no longer than the term specified in Section 23575.3 that would have applied to the defendant had he or she instead been convicted of a violation of Section 23152, from the date of conviction. The court shall notify the Department of Motor Vehicles, as specified in subdivision (a) of Section 1803, of the terms of the restrictions in accordance with subdivision (a) of Section 1804. The Department of Motor Vehicles shall place the restriction in the person's records in the Department of Motor Vehicles. A person who is required to install a functioning, certified ignition interlock device pursuant to this subdivision shall submit the "Verification of Installation" form described in paragraph (2) of subdivision (g) of Section 13386 and maintain the ignition interlock device as required under subdivision (f) of Section 23575.3. The department shall monitor the installation and maintenance of the ignition interlock device installed pursuant to this subdivision.

(h) The Department of Motor Vehicles shall include in its annual report to the Legislature under Section 1821 an evaluation of the effectiveness of the programs described in subdivisions (e) and (g) as to treating persons convicted of violating Section 23103.

(i) This section shall remain in effect only until January 1, 2026, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2026, deletes or extends that date.

SEC. 25. Section 23103.5 is added to the Vehicle Code, to read:

The statement shall set forth the facts that show whether or not there was a consumption of an alcoholic beverage or the ingestion or administration of a drug by the defendant in connection with the offense.

(b) The court shall advise the defendant, prior to the acceptance of the plea offered pursuant to a factual statement pursuant to subdivision (a), of the consequences of a conviction of a violation of Section 23103 as set forth in subdivision (c).

(c) If the court accepts the defendant's plea of guilty or nolo contendere to a charge of a violation of Section 23103 and the prosecutor's statement under subdivision (a) states that there was consumption of an alcoholic beverage or the ingestion or administration of a drug by the defendant in connection with the offense, the resulting conviction shall be a prior offense for the purposes of Section 23540, 23546, 23550, 23560, 23566, or 23622, as specified in those sections.

(d) The court shall notify the Department of Motor Vehicles of each conviction of Section 23103 that is required under this section to be a prior offense for purposes of Section 23540, 23546, 23550, 23560, 23566, or 23622.

(e) Except as provided in paragraph (1) of subdivision (f), if the court places the defendant on probation for a conviction of Section 23103 that is required under this section to be a prior offense for purposes of Section 23540, 23546, 23550, 23560, 23566, or 23622, the court shall order the defendant to enroll in an alcohol and drug education program licensed under Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code and complete, at a minimum, the educational component of that program, as a condition of probation. If compelling circumstances exist that mitigate against including the education component in the order, the court may make an affirmative finding to that effect. The court shall state the compelling circumstances and the affirmative finding on the record, and may, in these cases, exclude the educational component from the order.

(f) (1) If the court places on probation a defendant convicted of a violation of Section 23103 that is required under this section to be a prior offense for purposes of Section 23540, 23546, 23550, 23560, 23566, or 23622, and that offense occurred within 10 years of a separate conviction of a violation of Section 23103, as specified in this section, or within 10 years of a conviction of a violation of Section 23152 or 23153, the court shall order the defendant to participate for nine months or longer, as ordered by the court, in a program licensed under Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code that consists of at least 60 hours of program activities, including education, group counseling, and individual interview sessions.

(2) The court shall revoke the person's probation, except for good cause shown, for the failure to enroll in, participate in, or complete a program specified in paragraph (1).

(g) The Department of Motor Vehicles shall include in its annual report to the Legislature under Section 1821 an evaluation of the effectiveness of the programs described in subdivisions (e) and (f) as to treating persons convicted of violating Section 23103.

(h) This section shall become operative January 1, 2026.

The court shall give heightened consideration to applying this sanction to a first offense violator with 0.15 percent or more, by weight, of alcohol in his or her blood at arrest, or with two or more prior moving traffic violations, or to persons who refused the chemical tests at arrest. If the court orders the ignition interlock device restriction, the term shall be determined by the court for a period not to exceed three years from the date of conviction. The court shall notify the Department of Motor Vehicles, as specified in subdivision (a) of Section 1803, of the terms of the restrictions in accordance with subdivision (a) of Section 1804. (2) Pursuant to subdivision (g), the Department of Motor Vehicles shall immediately terminate the restriction issued pursuant to Section 13352 or 13353.3 and shall immediately suspend or revoke the privilege to operate a motor vehicle of a person who attempts to remove, bypass, or tamper with the device, who has the device removed prior to the termination date of the restriction, or who has failed to comply with any requirement for the

maintenance or calibration of the ignition interlock device ordered pursuant to Section 13352 or 13353.3. 23575. (a) (1) In addition to any other law, the court may require that a person convicted of a first offense violation of Section 23152 or 23153 install a functioning, certified ignition interlock device on any vehicle that the person operates and prohibit that person from operating a motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device. The court shall give heightened consideration to applying this sanction to a first offense violator with 0.15 percent or more, by weight, of alcohol in his or her blood at arrest, or with two or more prior moving traffic violations, or to persons who refused the chemical tests at arrest. If the court orders the ignition interlock device restriction, the term shall be determined by the court for a period not to exceed three years from the date of conviction. The court shall notify the Department of Motor Vehicles, as specified in subdivision (a) of Section 1803, of the terms of the restrictions in accordance with subdivision (a) of Section 1804. The Department of Motor Vehicles shall place the restriction in the person’s records in the Department of Motor Vehicles.

(2) The court shall require a person convicted of a violation of Section 14601.2 to install a functioning, certified ignition interlock device on any vehicle that the person operates and prohibit the person from operating a motor vehicle unless the vehicle is equipped with a functioning, certified ignition interlock device. The term of the restriction shall be determined by the court for a period not to exceed three years from the date of conviction. The court shall notify the Department of Motor Vehicles, as specified in subdivision (a) of Section 1803, of the terms of the restrictions in accordance with subdivision (a) of Section 1804. The Department of Motor Vehicles shall place the restriction in the person’s records in the Department of Motor Vehicles.

(b) The court shall include on the abstract of conviction or violation submitted to the Department of Motor Vehicles under Section 1803 or 1816 the requirement and term for the use of a functioning, certified ignition interlock device. The records of the department shall reflect mandatory use of the device for the term ordered by the court.

(c) The court shall advise the person that installation of a functioning, certified ignition interlock device on a vehicle does not allow the person to drive without a valid driver’s license.

(d) A person whose driving privilege is restricted by the court pursuant to this section shall arrange for each vehicle with a functioning, certified ignition interlock device to be serviced by the installer at least once every 60 days in order for the installer to recalibrate and monitor the operation of the device. The installer shall notify the court if the device is removed or indicates that the person has attempted to remove, bypass, or tamper with the device, or if the person has failed to comply with a requirement for the maintenance or calibration of the ignition interlock device. There is no obligation for the installer to notify the court if the person has complied with all of the requirements of this article.

(e) The court shall monitor the installation and maintenance of a functioning, certified ignition interlock device restriction ordered pursuant to subdivision (a) or (l). If a person fails to comply with the court order, the court shall give notice of the fact to the department pursuant to Section 40509.1.

(f) (1) If a person is convicted of a violation of Section 23152 or 23153 and the offense occurred within 10 years of one or more separate violations of Section 23152 or 23153 that resulted in a conviction, or if a person is convicted of a violation of Section 23103, as specified in Section 23103.5, and is suspended for one year under Section 13353.3, the person may apply to the Department of Motor Vehicles for a restricted driver's license pursuant to Section 13352 or 13353.3 that prohibits the person from operating a motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device, certified pursuant to Section 13386. The restriction shall remain in effect for at least the remaining period of the original suspension or revocation and until all reinstatement requirements in Section 13352 or 13353.4 are met.

(2) Pursuant to subdivision (g), the Department of Motor Vehicles shall immediately terminate the restriction issued pursuant to Section 13352 or 13353.3 and shall immediately suspend or revoke the privilege to operate a motor vehicle of a person who attempts to remove, bypass, or tamper with the device, who has the device removed prior to the termination date of the restriction, or who has failed to comply with any requirement for the maintenance or calibration of the ignition interlock device ordered pursuant to Section 13352 or 13353.3. The privilege shall remain suspended or revoked for the remaining period of the originating suspension or revocation and until all reinstatement requirements in Section 13352 or 13353.4 are met, except that if the person provides proof to the satisfaction of the department that he or she is in compliance with the restriction issued pursuant to this section, the department may, in its discretion, restore the privilege to operate a motor vehicle and reimpose the remaining term of the restriction.

(g) A person whose driving privilege is restricted by the Department of Motor Vehicles pursuant to Section 13352 or 13353.3 shall arrange for each vehicle with a functioning, certified ignition interlock device to be serviced by the installer at least once every 60 days in order for the installer to recalibrate the device and monitor the operation of the device. The installer shall notify the Department of Motor Vehicles if the device is removed or

indicates that the person has attempted to remove, bypass, or tamper with the device, or if the person has failed to comply with any requirement for the maintenance or calibration of the ignition interlock device. There is no obligation on the part of the installer to notify the department or the court if the person has complied with all of the requirements of this section.

(h) Nothing in this section permits a person to drive without a valid driver's license.

(i) The Department of Motor Vehicles shall include information along with the order of suspension or revocation for repeat offenders informing them that after a specified period of suspension or revocation has been completed, the person may either install a functioning, certified ignition interlock device on any vehicle that the person owns or operates or remain with a suspended or revoked driver's license.

(j) Pursuant to this section, an out-of-state resident who otherwise would qualify for a functioning, certified ignition interlock device restricted license in California shall be prohibited from operating a motor vehicle in California unless that vehicle is equipped with a functioning, certified ignition interlock device. An ignition interlock device is not required to be installed on any vehicle owned by the defendant that is not driven in California.

(k) If a medical problem does not permit a person to breathe with sufficient strength to activate the device, that person shall only have the suspension option.

(l) This section does not restrict a court from requiring installation of a functioning, certified ignition interlock device and prohibiting operation of a motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device for a person to whom subdivision (a) or (b) does not apply. The term of the restriction shall be determined by the court for a period not to exceed three years from the date of conviction. The court shall notify the Department of Motor Vehicles, as specified in subdivision (a) of Section 1803, of the terms of the restrictions in accordance with subdivision (a) of Section 1804. The Department of Motor Vehicles shall place the restriction in the person's records in the Department of Motor Vehicles.

(m) For the purposes of this section, "vehicle" does not include a motorcycle until the state certifies an ignition interlock device that can be installed on a motorcycle. Any person subject to an ignition interlock device restriction shall not operate a motorcycle for the duration of the ignition interlock device restriction period.

(n) (1) For the purposes of this section, "owned" means solely owned or owned in conjunction with another person or legal entity.

(2) For purposes of this section, "operates" includes operating a vehicle that is not owned by the person subject to this section.

(p) For purposes of this section, “random retest” means a breath test performed by the driver upon a certified ignition interlock device at random intervals after the initial engine startup breath test and while the vehicle’s motor is running.

(q) This section shall become operative January 1, 2026.

(c) (1) Five years from the date of the last conviction of a violation of Section 23152 or 23153, a person whose license was revoked pursuant to subdivision (a) may apply to the department to have his or her privilege to operate a motor vehicle reinstated, subject to the condition that the person submits the "Verification of Installation" form described in paragraph (2) of subdivision (g) of Section 13386 and agrees to maintain the ignition interlock device as required under subdivision (g) of Section 23575.
