

AMENDED IN SENATE APRIL 11, 2016
AMENDED IN SENATE MARCH 28, 2016

SENATE BILL

No. 1146

Introduced by Senator Lara

February 18, 2016

An act to amend Section 66271 of, and to add Sections 66290.1, 66290.2, 66292.5, and 66292.8 to, the Education Code, relating to postsecondary education.

LEGISLATIVE COUNSEL'S DIGEST

SB 1146, as amended, Lara. Postsecondary education: nondiscrimination.

The Equity in Higher Education Act, among other things, prohibits a person from being subjected to discrimination on the basis of specified attributes, including sex, in any program or activity conducted by a postsecondary educational institution that receives, or benefits from, state financial assistance or enrolls students who receive state student financial aid. Existing federal law, known as Title IX of the Education Amendments of 1972, prohibits a person, on the basis of sex, from being excluded from participation in, being denied the benefits of, or being subject to discrimination under, any education program or activity receiving federal financial assistance. Both the federal and state laws do not apply to an educational institution that is controlled by a religious organization if the application would not be consistent with the religious tenets of that organization. Title IX provides a private right of action for violation of its provisions by a public postsecondary educational institution.

This bill would limit the religious exemption from the Equity in Higher Education Act to certain educational programs and activities of

a postsecondary educational institution that is controlled by a religious organization. The bill would require an institution that claims an exemption from either the Equity in Higher Education Act or Title IX to make specified disclosures to the institution's current and prospective students, faculty members, and employees, and to the Student Aid Commission, concerning the institution's claim for the exemption. The bill would require the commission to collect the information it receives and post and maintain a list on the commission's Internet Web site of all institutions claiming the exemption and their respective bases for claiming the exemption. The bill would specify that an individual who is denied equal rights or opportunities on the basis of gender identity, gender expression, or sexual orientation by a postsecondary educational institution that claims the Title IX exemption may seek appropriate remedies through civil action for violations of the Equity in Higher Education Act. *The bill would specify that its provisions shall not be construed to alter how state financial assistance is granted or denied to any postsecondary educational institution or students attending that institution.* The bill would make the provisions of the Equity in Higher Education Act severable.

Vote: majority. Appropriation: no. Fiscal committee: yes.
