An act to add Sections ~~66290.1 and 66290.2~~ 66290.1, 66290.2, and 66290.3 to the Education Code, ~~and to add Section 11135.5 to the Government Code~~, relating to discrimination.

LEGISLATIVE COUNSEL'S DIGEST

SB 1146, as amended, Lara. Discrimination: postsecondary education.

The Equity in Higher Education Act, among other things, prohibits a person from being subjected to discrimination on the basis of specified attributes, including sex, in any program or activity conducted by a postsecondary educational institution that receives, or benefits from, state financial assistance or enrolls students who receive state student financial aid. Existing federal law, known as Title IX of the Education Amendments of 1972, prohibits a person, on the basis of sex, from being excluded from participation in, being denied the benefits of, or

being subject to discrimination under, any education program or activity receiving federal financial assistance. Both the federal and state laws do not apply to an educational institution that is controlled by a religious organization if the application would not be consistent with the religious tenets of that organization. Title IX provides a private right of action for violation of its provisions by a public postsecondary educational institution.

This bill would require an institution that claims an exemption from either the Equity in Higher Education Act or Title IX to make specified disclosures to the institution's current and prospective students, faculty members, and employees, and to the Student Aid Commission, concerning the institution's claim for the exemption. The bill would require the commission to collect the information it receives and post and maintain a list on the commission's Internet Web site of all institutions claiming the exemption and their respective bases for claiming the exemption. *The bill would require the institution to submit a quarterly report to the commission that contains a detailed explanation of the reason for each student suspension or expulsion that occurred during the preceding quarter and whether the student was a Cal Grant recipient.*

~~Existing law provides that no person in the state shall, on the basis of race, national origin, ethnic group identification, religion, age, sex, sexual orientation, color, genetic information, or disability, be unlawfully denied full and equal access to the benefits of, or be unlawfully subjected to discrimination under, any program or activity that is conducted, operated, administered, or funded by the state.~~

~~This bill would, except as provided, specify that a postsecondary educational institution that is controlled by a religious organization and that receives financial assistance from the state or enrolls students who receive state financial assistance is subject to that prohibition and violation of that prohibition may be enforced by a private right of action.~~

This bill would make its provisions severable.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.
