

Introduced by Senator HancockFebruary 18, 2016

An act to repeal Chapter 211 of the Statutes of 1919, relating to tidelands and submerged lands in the Bay of San Francisco, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

SB 1172, as introduced, Hancock. Tidelands and submerged lands: City of Albany.

Existing law grants in trust to the City of Albany certain designated tidelands and submerged lands, both filled and unfilled, for specified uses. The grant, among other things, requires that those lands be used in conformity with the Albany Waterfront Plan and be improved in accordance with the plan on or before January 1, 1988, or title therein shall revert to the state. Existing law imposes various requirements regarding public rights in the granted lands, leasing of lands by the city, management and disposition of revenues from the lands, and the determination of boundaries of the lands granted that are subject to the jurisdiction of the San Francisco Bay Conservation and Development Commission. Existing law requires 85% of excess trust revenues, as specified, to be transmitted to the Treasurer and deposited in the General Fund.

This bill would delete those provisions and instead require that, on and after January 1, 2022, the use of those trust lands, as described, conform to an approved trust lands use plan, prescribed by the bill, and all leases or agreements proposed or entered into by the City of Albany, as trustee of those lands, also be consistent with the public trust doctrine, as defined, and conform to the plan. The bill would require the trustee, on or before September 30, 2022, and on or before September 30 of

every succeeding 5th year thereafter, to submit a report to the State Lands Commission. By imposing new duties on a local government with regard to providing for the use and management of those trust lands, the bill would impose a state-mandated local program.

Existing law, the Kapiloff Land Bank Act, creates the Land Bank Fund and continuously appropriates money in the fund, subject to a statutory trust, to the commission, acting as the Land Bank Trustee, to acquire real property or any interest in real property for the purposes of public trust settlements.

The bill would require on June 30, 2021, and at the end of every fiscal year thereafter, that 20% of all gross revenue generated from the trust lands be transmitted to the commission and, of this amount transmitted, would require the commission to allocate 80% to the Treasurer for deposit in the General Fund and 20% for deposit in the Land Bank Fund for expenditure by the commission pursuant to the act, thereby making an appropriation.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: $\frac{2}{3}$. Appropriation: yes. Fiscal committee: yes.
 State-mandated local program: yes.

34 lands or any portion of those lands for highway purposes without
35 compensation to the trustee or a person, firm, or public or private

23 SEC. 4. (a) On or before January 1, 2022, the trustee shall
24 submit to the commission a trust lands use plan describing any
25 proposed development, preservation, or other use of the trust lands.
26 The trustee shall thereafter submit to the commission for approval
27 all changes or amendments to, or extensions of, the trust lands use
28 plan. The trustee may apply to the commission for, and the
29 commission may approve, reasonable extensions of time to meet
30 this deadline.

31 (b) The commission shall review with reasonable promptness
32 the trust lands use plan submitted by the trustee and any changes
33 or amendments to determine whether they are consistent with the
34 public trust doctrine and the requirements of this act. Based upon
35 its review, the commission shall either approve or disapprove the
36 plan. If the commission disapproves the plan, the commission shall
37 notify the trustee and the trustee shall submit a revised plan to the
38 commission no later than 180 days after the date of notice of
39 disapproval. If the commission determines the revised plan is
40 inconsistent with the public trust doctrine or the requirements of

1 this act, all rights, title, and interest of the trustee in and to the trust
2 lands and improvements on the trust lands shall revert to the state.

3 (c) The trust lands use plan shall consist of a plan, program, or
4 other document that includes all of the following:

6 for the trust lands. The location of these land uses shall be shown

17 preserve natural and manmade resources and facilities located on
18 trust lands and operated in connection with the use of the trust
19 lands, including, but not limited to, addressing impacts from sea
20 level rise.

21 (d) The governing body of the trustee shall also submit to the
22 commission, as part of the trust lands use plan, for its approval,
23 procedures, rules, and regulations to govern the use of or
24 development of the trust lands. These rules and regulations shall
25 include, but are not limited to, lease rates, the basis upon which
26 the rates are established, lease terms and conditions, provisions
27 for renegotiation of rates and terms and assignments, and any other
28 information as may be required by the commission.

29 (e) Upon request, the trustee shall submit to the commission a
30 copy of all leases and agreements entered into, renewed, or
31 renegotiated.

32 SEC. 5. (a) On or before September 30, 2022, and on or before
33 September 30 of every succeeding fifth year, the trustee shall
34 submit a report of its utilization of the trust lands for each
35 immediately preceding five-calendar-year period ending with June
36 30 of the calendar year in which the report is required to be
37 submitted.

38 (b) The report required by this section shall include all of the
39 following:

1 (1) A general description of the uses to which the trust lands
2 have been placed during the period covered by the report.

3 (2) A list of the holders of leases or permits that have been
4 granted or issued by the trustee, which list shall specify all of the
5 following, as to each holder:

6 (A) The use to which the trust lands have been placed by the
7 owner or holder.

8 (B) The consideration provided for in each lease or permit and
9 the consideration actually received by the trustee for the lease or
10 permit granted or issued.

11 (C) An enumeration of the restrictions that the trustee has placed
12 on the use of the trust lands, and each area of the trust lands, for
13 the period covered by the report.

14 (c) A report shall not be required if the utilization of the trust
15 lands within the immediately preceding five-calendar-year period
16 is identical to the utilization of the trust lands as stated in a
17 previously submitted report. If a new report is not submitted, the
18 trustee shall submit a letter to the commission stating that its
19 utilization of the trust lands has not changed during the immediately
20 preceding five-calendar-year period. The letter required in this
21 section shall also include the name and date of the utilization report
22 that contains the applicable uses of the trust lands.

23 SEC. 6. (a) The trustee shall demonstrate good faith in carrying
24 out the provisions of its trust lands use plan and amending it when
25 necessary in accordance with subdivision (a) of Section 4 of this
26 act.

27 (b) If the commission determines that the trustee has
28 substantially failed to improve, restore, preserve, or maintain the
29 trust lands, as required by the trust lands use plan, or has
30 unreasonably delayed implementation of the trust lands use plan,
31 all rights, title, and interest of the trustee in and to the trust lands
32 and improvements on the trust lands shall revert to the state.

33 SEC. 7. (a) (1) The trustee shall establish and maintain
34 accounting procedures, in accordance with generally accepted
35 accounting principles, providing accurate records of all revenues
36 received from the trust lands and trust assets and of all expenditures
37 of those revenues.

38 (2) All trust revenues received from trust lands and trust assets
39 shall be expended only for those uses and purposes consistent with
40 this act. The trustee shall provide for the segregation of funds

1 derived from the use of the trust lands by the trustee from other
2 city municipal funds, so as to ensure that trust revenues are only
3 expended to enhance or maintain the trust lands in accordance with
4 the uses and purposes for which the trust lands are held.

5 (3) Trust revenues may be expended to acquire appropriate
6 upland properties to benefit and enhance the trust, subject to a
7 determination by the commission that this acquisition is consistent
8 with this act and in the best interests of the state. Property acquired
9 with these trust revenues shall be considered an asset of the trust
10 and subject to the terms and conditions of this act.

11 (b) The trustee shall comply with Section 6306 of the Public
12 Resources Code.

13 (c) (1) Before expending trust revenues for any single capital
14 improvement on the trust lands involving an amount in excess of
15 two hundred fifty thousand dollars (\$250,000) in the aggregate,
16 the trustee shall file with the commission a detailed description of
17 the capital improvement not less than 120 days prior to the time
18 of any disbursement of trust revenues for, or in connection with,
19 that capital improvement.

20 (2) Within 120 days after the time of a filing specified in
21 paragraph (1), the commission shall determine whether the capital
22 improvement is in the statewide interest and benefit and, if the
23 filing is made on or before December 1, 2021, whether it is
24 consistent with subdivision (a) of Section 3 of this act or, if the
25 filing is made on or after January 1, 2022, whether it is consistent
26 with the trust lands use plan. The commission may request the
27 opinion of the Attorney General on the matter, and if the
28 commission makes this request, the Attorney General shall deliver
29 a copy of the opinion to the trustee with the notice of its
30 determination.

31 (3) If the commission notifies the trustee that the capital
32 improvement is not authorized, the trustee shall not disburse any
33 trust revenues for, or in connection with, the capital improvement,
34 unless it is determined to be authorized by a final order or judgment
35 of a court of competent jurisdiction.

36 (4) The trustee may bring suit against the state for the purpose
37 of securing an order or judgment for purposes of paragraph (3),
38 which suit shall have priority over all other civil matters. Service
39 shall be made upon the executive officer of the commission and
40 the Attorney General, and the Attorney General shall defend the

1 state in that suit. If judgment is given against the state in the suit,
2 no costs may be recovered.

3 (d) On June 30, 2021, and at the end of every fiscal year
4 thereafter, 20 percent of all gross revenue generated from the trust
5 lands shall be transmitted to the commission. Of this amount
6 transmitted, the commission shall allocate 80 percent to the
7 Treasurer for deposit in the General Fund and 20 percent to the
8 Treasurer for deposit in the Land Bank Fund for expenditure
9 pursuant to Division 7 (commencing with Section 8600) of the
10 Public Resources Code for management of the commission's
11 granted lands program.

12 (e) The commission may, from time to time, institute a formal
13 inquiry to determine that the terms and conditions of this act, and
14 amendments to this act, have been complied with and that all other
15 applicable provisions of law concerning the trust lands are being
16 complied with in good faith.

17 (f) The commission shall approve in advance of expenditure
18 any reimbursement for expenditures of nontrust revenues for
19 improvements made to the trust or, if not approved, those
20 expenditures shall be deemed a gift to the trust.

21 SEC. 8. (a) If the commission finds that the trustee has violated
22 or is about to violate the terms of its trust grant or any other
23 principle of law relating to its obligation under the public trust
24 doctrine or under this act, the commission shall notify the trustee
25 of the violation.

26 (b) The trustee shall have 30 days from receipt of a notice of
27 violation to conform to the terms of its grant and the principles of
28 law under the public trust doctrine. If the trustee fails or refuses
29 to take those actions, the commission may bring an action to
30 enforce the rights of the state and people as settlor beneficiary of
31 the public trust doctrine.

32 (c) The Attorney General shall represent the state and people
33 in all actions or proceedings taken pursuant to this section. If the
34 judgment is given against the state in the action or proceeding, no
35 costs shall be recovered from the state and people.

36 SEC. 9. (a) On or before January 1, 2019, the commission
37 shall survey, monument, and record a plat and a metes and bounds
38 description of the trust lands in the office of the county recorder
39 in the County of Alameda. Upon recordation, the survey,

1 monuments, plat, and metes and bounds description shall be
2 binding upon the state, the trustee, and its successors in interest.

3 (b) The cost of the survey and recordation shall be paid by the
4 trustee.

5 (c) The requirements of Section 6359 of the Public Resources
6 Code do not apply to the trust lands granted pursuant to this act.

7 SEC. 10. The trust lands granted in Section 3 are three parcels
8 of tide and submerged lands situated in and adjacent to the bed of
9 San Francisco Bay, Alameda County, State of California, more
10 particularly described as follows:
