An act to amend Section 4364.5 of the Welfare and Institutions Code, relating to mental health, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

SB 1377, as amended, Nguyen. Cognitively impaired adults: caregiver resource centers.

Existing law requires the Director of Health Care Services to, among other things, maintain or enter into contracts directly with nonprofit caregiver resource centers (CRCs) to provide direct services to caregivers of cognitively impaired adults, as defined, throughout the state. These services include, but are not limited to, specialized information, family consultation, respite care, short-term counseling, and support groups.

This bill would, each fiscal year, commencing with the 2016–17 fiscal year, appropriate ~~an unspecified sum of money~~ \$3,300,000 from the General Fund to the State Department of Health Care Services for allocation to CRCs for the purpose of providing those respite care services. *The bill would also authorize those services to be provided both in-person and through the use of remote technologies.*

Vote: $\frac{2}{3}$. Appropriation: yes. Fiscal committee: yes.
State-mandated local program: no.
