AMENDED IN SENATE APRIL 11, 2016

SENATE BILL

No. 1399

Introduced by Senator Hueso

February 19, 2016

An act to amend Section 4853 of the Vehicle Code, relating to vehicles.

LEGISLATIVE COUNSEL'S DIGEST

SB 1399, as amended, Hueso. Department of Motor Vehicles: license plate alternatives pilot program.

Existing law requires the Department of Motor Vehicles to issue license plates for vehicles, as specified, and authorizes the department to issue one or more stickers, tabs, or other suitable devices in lieu of the license plates, as specified. Existing law also authorizes the department to establish a pilot program, to be completed no later than January 1, 2017, to evaluate the use of alternatives to stickers, tabs, license plates, and registration cards, subject to certain requirements, and to report the results of the pilot program, as specified, to the Legislature no later than July 1, 2018.

This bill would instead require the department to complete any pilot program established pursuant to those provisions no later than January 1, ~~2018~~, 2019, and to report the results of the pilot program to the Legislature by July 1, ~~2019~~: 2020.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 4853 of the Vehicle Code is amended to
2 read:

3 4853. (a) The department may issue one or more stickers, tabs,
4 or other suitable devices in lieu of the license plates provided for
5 under this code. Except where the physical differences between
6 the stickers, tabs, or devices and license plates by their nature
7 render the provisions of this code inapplicable, all provisions of
8 this code relating to license plates may apply to stickers, tabs, or
9 devices.

10 (b) The department may establish a pilot program to evaluate
11 the use of alternatives to the stickers, tabs, license plates, and
12 registration cards authorized by this code, subject to all of the
13 following requirements:

14 (1) The alternative products shall be approved by the Department
15 of the California Highway Patrol.

16 (2) The pilot program shall be limited to no more than 0.5
17 percent of registered vehicles for the purpose of road testing and
18 evaluation.

19 (3) The alternative products to be evaluated shall be provided
20 at no cost to the state.

21 (4) Any pilot program established by the department pursuant
22 to this subdivision shall be completed no later than January 1,
23 ~~2018~~. 2019.

24 (5) Any pilot program established by the department pursuant
25 to this subdivision shall be limited to vehicle owners who have
26 voluntarily chosen to participate in the pilot program.

27 (c) In the conduct of any pilot program pursuant to this section,
28 any data exchanged between the department and any electronic
29 device or the provider of any electronic device shall be limited to
30 ~~that~~ those data necessary to display evidence of registration
31 compliance. The department shall not receive or retain any
32 information generated during the pilot program regarding the
33 movement, location, or use of a vehicle participating in the pilot
34 program.

35 (d) If the department conducts a pilot program authorized in
36 subdivision (b), the department shall, no later than July 1, ~~2019~~,
37 2020, submit a report of the results of the pilot program to the

1 Legislature, in compliance with Section 9795 of the Government
2 Code, to include, but not be limited to, the following:

3 (1) An evaluation of the cost effectiveness of the alternatives
4 used in the pilot program when compared to the department's
5 current use of stickers, tabs, license plates, and registration cards.

6 (2) A review of all products evaluated in the pilot program and
7 of the features of those products. The report shall note if the devices
8 evaluated in the pilot program are available with the ability to
9 transmit and retain information relating to the movement, location,
10 or use of a vehicle, and if a product contains that feature, the report
11 shall also note if the product includes any security features to
12 protect against unauthorized access to information.

13 (3) Recommendations for subsequent actions, if any, that should
14 be taken with regard to alternatives evaluated in the pilot program.
