SENATE BILL

No. 856

Introduced by Senator Thompson
(Principal coauthor: Assembly Member Hauser)

February 23, 1995

An act to add Sections 3060.7 and 14202.2 to the Penal Code, relating to parole.

LEGISLATIVE COUNSEL'S DIGEST

SB 856, as amended, M. Thompson. Parole.

Existing law gives the Board of Prison Terms the power to establish and enforce rules and regulations under which prisoners committed to state prison are paroled. Existing law requires the parole authority to revoke the parole of any prisoner who refuses to sign a parole agreement setting forth the general and any special conditions of parole, who refuses to sign a form that notifies the prisoner of specified registration duties, or who is required by law to provide samples of blood or saliva and refuses.

This bill would require the parole authority to notify any person released on parole *who has been classified by the Department of Corrections as included within a high-control caseload* that he or she shall be required to report to his or her assigned parole officer within 48 hours of release from the

state prison. The bill would require the parole authority to, within 24 hours of a parolee’s failure to report as required by this provision, issue a written order suspending the parole of that parolee, pending a hearing before the parole authority, and a warrant for the parolee’s arrest.

The

With regard to any inmate subject to these provisions, the bill would require the department to release an inmate one or 2 days after his or her scheduled release date if the release date falls on the day before a holiday or weekend. However, if the inmate is sentenced prior to the effective date of this bill, the department would be required to release the inmate one or 2 days before his or her scheduled release date if the inmate’s release date falls on the day before a holiday or weekend.

Existing law authorizes the Attorney General to maintain a computer system, the California Law Enforcement Telecommunications System, that includes files containing information concerning, among other things, missing persons and specified stolen property.

This bill would require the Department of Justice, in conjunction with the Department of Corrections, to update any supervised release file that is available to law enforcement on the California Law Enforcement Telecommunications System every 10 days.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.
