

## Assembly Bill No. 2196

### CHAPTER 1072

An act to amend Section 8715 of the Family Code, and to add Section 366.29 to, and to amend Sections 16002 and 16501.1 of, the Welfare and Institutions Code, relating to adoption of dependent children.

[Approved by Governor September 30, 1998. Filed  
with Secretary of State September 30, 1998.]

#### LEGISLATIVE COUNSEL'S DIGEST

AB 2196, Washington. Adoption of dependent children: contact with siblings.

Existing law provides that, when a child has been adjudged a dependent of the juvenile court, the juvenile court may, in specified circumstances, permanently terminate the rights of the parent or parents of the child and order that the child be placed for adoption. In those cases, the petition for adoption of the child may be filed, and the adoption hearing may be held, in the juvenile court or in any other court as permitted by law.

This bill would authorize the court, in those adoption proceedings and with the consent of the adoptive parents, to include in the adoption order provisions relating to facilitation of postadoptive sibling contact. The bill would also authorize the adoptive parents or parents to terminate that sibling contact upon written notice to the court that continued contact poses a threat to the health, safety, or well-being of the child.

Existing law requires the State Department of Social Services or licensed county adoption agency to submit a full report of the facts of the case to the court in any adoption proceeding.

This bill would require that report to describe whether specified steps have been taken to facilitate ongoing sibling contact and the plan, if any, for facilitation of postadoptive sibling contact in those cases where the child has been declared a dependent of, and has been freed for adoption by, the juvenile court.

Existing law requires the responsible local agency to complete a case plan for each child receiving child welfare services. When the child has been removed from the home, the case plan must include a recommendation regarding the appropriateness of visitation between the child and the child's siblings. Existing law also requires the responsible local agency to make diligent efforts to maintain sibling contacts for dependent children in foster care unless the court determines that sibling interaction is detrimental to the child.

This bill would require, in cases where parental rights have been terminated and the child is to be placed for adoption, that the recommendation regarding sibling visitation be included in the child's case plan. The bill would also require, in those cases, that the licensed county adoption agency or the State Department of Social Services take specified steps to facilitate ongoing sibling contacts, except where the court determines that contact is detrimental to the child. By imposing these new duties on local agencies, the bill would create a state-mandated local program.

This bill would also incorporate additional changes in Section 16501.1 of the Welfare and Institutions Code proposed by AB 2773 and SB 933, to be operative only if one or more of those bills and this bill are enacted and become effective on or before January 1, 1999, and this bill is enacted last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

*The people of the State of California do enact as follows:*

SECTION 1. Section 8715 of the Family Code is amended to read:

8715. (a) The department or licensed adoption agency, whichever is a party to or joins in the petition, shall submit a full report of the facts of the case to the court.

(b) If the child has been adjudged to be a dependent of the juvenile court pursuant to Section 300 of the Welfare and Institutions Code, and has thereafter been freed for adoption by the juvenile court, the report required by this section shall describe whether the requirements of subdivision (e) of Section 16002 of the Welfare and Institutions Code have been completed and what, if any, plan exists for facilitation of postadoptive contact between the child who is the subject of the adoption petition and his or her siblings and half-siblings.

(c) Where a petition for adoption by a relative has been filed with a kinship adoption agreement pursuant to Section 8714.7, the report shall address whether the kinship adoption agreement is in the best interest of the child who is the subject of the petition. The department may also submit a report in those cases in which a licensed adoption agency is a party or joins in the adoption petition.

SEC. 2. Section 366.29 is added to the Welfare and Institutions Code, to read:

366.29. (a) When a court, pursuant to Section 366.26, orders that a dependent child be placed for adoption, nothing in the adoption laws of this state shall be construed to prevent the prospective adoptive parent or parents of the child from expressing a willingness to facilitate postadoptive sibling contact. With the consent of the adoptive parent or parents, the court may include in the final adoption order provisions for the adoptive parent or parents to facilitate postadoptive sibling contact. In no event shall the continuing validity of the adoption be contingent upon the postadoptive contact, nor shall the ability of the adoptive parent or parents and the child to change residence within or outside the state be impaired by the order for contact.

(b) If, following entry of an order for sibling contact pursuant to subdivision (a), it is determined by the adoptive parent or parents that sibling contact poses a threat to the health, safety, or well-being of the adopted child, the adoptive parent or parents may terminate the sibling contact, provided that the adoptive parent or parents shall submit written notification to the court within 10 days after terminating the contact, which notification shall specify to the court the reasons why the health, safety, or well-being of the adopted child would be threatened by continued sibling contact.

SEC. 3. Section 16002 of the Welfare and Institutions Code is amended to read:

16002. (a) It is the intent of the Legislature to maintain the continuity of the family unit, and ensure the preservation and strengthening of the child's family ties by ensuring that when siblings have been removed from their home, either as a group on one occurrence or individually on separate occurrences, the siblings will be placed in foster care together, unless it has been determined that placement together is not in the best interest of one or more siblings. The Legislature recognizes that in order to ensure the placement of a sibling group in the same foster care placement, placement resources need to be expanded.

(b) The responsible local agency shall make a diligent effort in all out-of-home placements of dependent children, including those with relatives, to maintain sibling togetherness and contact. When maintaining sibling togetherness is not possible, diligent effort shall be made, and a case plan prepared, to provide for ongoing and frequent interaction among siblings until family reunification is achieved, or, if parental rights are terminated, as part of developing the permanent plan for the child. If the court determines by a preponderance of the evidence that sibling interaction is detrimental to a child or children, the reasons for the determination shall be noted in the court order, and interaction shall be suspended.

(c) When there has been a judicial suspension of sibling interaction, the reasons for the suspension shall be reviewed at each periodic review hearing pursuant to Section 366. When the court determines that sibling interaction can be safely resumed, that determination shall be noted in the court order and the case plan shall be revised to provide for sibling interaction.

(d) If the case plan for the child has provisions for sibling interaction, the child, or his or her parent or legal guardian shall have the right to comment on those provisions.

(e) If parental rights are terminated and the court orders a dependent child to be placed for adoption, the licensed county adoption agency or the State Department of Social Services shall take all of the following steps to facilitate ongoing sibling contact, except in those cases provided in subdivision (b) where the court determines by a preponderance of the evidence that sibling interaction is detrimental to the child:

(1) Include in training provided to prospective adoptive parents information about the importance of sibling relationships to the adopted child and counseling on methods for maintaining sibling relationships.

(2) Provide prospective adoptive parents with information about siblings or half-siblings of the child, except the address where the siblings or half-siblings of the children reside. However, this address may be disclosed by court order for good cause shown.

(3) Encourage prospective adoptive parents to make a plan for facilitating postadoptive contact between the child who is the subject of a petition for adoption and any siblings or half-siblings of this child.

(f) For the purpose of placement and visitation “sibling” is defined as sister, brother, half-sister, half-brother, or as appropriate, stepsister or stepbrother.

(g) The court documentation on sibling placements required under this section shall not require the modification of existing court order forms until the Child Welfare Services Case Management System is implemented on a statewide basis.

SEC. 4. Section 16501.1 of the Welfare and Institutions Code is amended to read:

16501.1. (a) The Legislature finds and declares that the foundation and central unifying tool in child welfare services is the case plan.

(b) The Legislature further finds and declares that a case plan ensures that the child receives protection and proper case management, and that services are provided to the parents or other caretakers as appropriate. A case plan shall be based upon the principles of this section and shall document that a preplacement assessment of the service needs of the child and family, and preplacement preventive services, have been provided, and that

reasonable efforts to prevent out-of-home placement have been made.

(c) When out-of-home placement is used to attain case plan goals, the decision regarding choice of placement shall be based upon selection of the least restrictive or most familylike and most appropriate setting and selection of the environment best suited to meet the child's special needs and best interest, or both. The selection shall consider, in order of priority, placement with relatives, tribal members, and foster family, group care, and residential treatment pursuant to Section 7950 of the Family Code.

(d) A written case plan shall be completed within 30 days of the initial removal of the child or of the in-person response required under subdivision (f) of Section 16501 if the child has not been removed from his or her home, or by the date of the dispositional hearing pursuant to Section 358, whichever occurs first. The case plan shall be updated, as the service needs of the child and family dictate. At a minimum, the case plan shall be updated in conjunction with each status review hearing conducted pursuant to Section 366.21, and the hearing conducted pursuant to Section 366.26, but no less frequently than once every six months.

(e) The child welfare services case plan shall be comprehensive enough to meet the juvenile court dependency proceedings requirements pursuant to Article 6 (commencing with Section 300) of Chapter 2 of Part 1 of Division 2.

(f) The case plan shall be developed as follows:

(1) The case plan shall be based upon an assessment of the circumstances that required child welfare services intervention.

(2) The case plan shall identify specific goals and the appropriateness of the planned services in meeting those goals.

(3) The case plan shall identify the original allegations of abuse or neglect, as defined in Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code, or the conditions cited as the basis for declaring the child a dependent of the court pursuant to Section 300, or all of these, and the other precipitating incidents that led to child welfare services intervention.

(4) The case plan shall include a description of the schedule of the social worker contacts with the child and the family or other caretakers. The frequency of these contacts shall be in accordance with regulations adopted by the State Department of Social Services. If the child has been placed in foster care out-of-state, the county social worker or a social worker on the staff of the social service agency in the state in which the child has been placed shall visit the child in the home or institution at least every 12 months and submit a report to the court on each visit.

(5) When out-of-home services are used, the frequency of contact between the natural parents or legal guardians and the child shall be specified in the case plan. The frequency of those contacts shall

reflect overall case goals, and consider other principles outlined in this section.

(6) When out-of-home placement is made, the case plan shall include documentation of the provisions specified in subdivisions (b), (c), and (d) of Section 16002.

(7) When out-of-home placement is made in a foster family home, group home or other child care institution that is either a substantial distance from the home of the child's parent or out-of-state, the case plan shall specify the reasons why that placement is in the best interest of the child.

(8) When out-of-home services are used, or when parental rights have been terminated and the case plan is placement for adoption, the case plan shall include a recommendation regarding the appropriateness of unsupervised visitation between the child and any of the child's siblings. This recommendation shall include a statement regarding the child's and the siblings' willingness to participate in unsupervised visitation. If the case plan includes a recommendation for unsupervised sibling visitation, the plan shall also note that information necessary to accomplish this visitation has been provided to the child or to the child's siblings.

(9) When out-of-home services are used and the goal is reunification, the case plan shall describe the services to be provided to assist in reunification and the services to be provided concurrently to achieve legal permanency if efforts to reunify fail.

(10) (A) Parents and legal guardians shall have an opportunity to review the case plan, sign it whenever possible, and then shall receive a copy of the plan. In any voluntary service or placement agreement, the parents or legal guardians shall be required to review and sign the case plan. Whenever possible, parents and legal guardians shall participate in the development of the case plan.

(B) Parents and legal guardians shall be advised that, pursuant to Section 1228.1 of the Evidence Code, neither their signature on the child welfare services case plan nor their acceptance of any services prescribed in the child welfare services case plan shall constitute an admission of guilt or be used as evidence against the parent or legal guardian in a court of law. However, they shall also be advised that the parent's or guardian's failure to cooperate, except for good cause, in the provision of services specified in the child welfare services case plan may be used in any hearing held pursuant to Section 366.21 or 366.22 as evidence.

(11) The case plan shall be included in the court report and shall be considered by the court at the initial hearing and each review hearing. Modifications to the case plan made during the period between review hearings need not be approved by the court if the casework supervisor for that case determines that the modifications further the goals of the plan.

(g) If the court finds, after considering the case plan, that unsupervised sibling visitation is appropriate and has been consented to, the court shall order that the child or the child's siblings, and the child's prospective adoptive parents, if applicable, be provided with information necessary to accomplish this visitation. Nothing in this section shall be construed to require or prohibit the social worker's facilitation, transportation, or supervision of visits between the child and his or her siblings.

(h) The case plan documentation on sibling placements required under this section shall not require modification of existing case plan forms until the Child Welfare Services Case Management System is implemented on a statewide basis.

(i) The department, in consultation with the County Welfare Directors Association and other advocates, shall develop standards and guidelines for a model relative placement search and assessment process based on the criteria established in Section 361.3. These guidelines shall be incorporated in the training described in Section 16206. These model standards and guidelines shall be developed by January 1, 1999.

SEC. 4.3. Section 16501.1 of the Welfare and Institutions Code is amended to read:

16501.1. (a) The Legislature finds and declares that the foundation and central unifying tool in child welfare services is the case plan.

(b) The Legislature further finds and declares that a case plan ensures that the child receives protection and safe and proper care and case management, and that services are provided to the child and parents or other caretakers as appropriate in order to improve conditions in the parent's home, to facilitate the safe return of the child to a safe home or the permanent placement of the child, and to address the needs of the child while in foster care. A case plan shall be based upon the principles of this section and shall document that a preplacement assessment of the service needs of the child and family, and preplacement preventive services, have been provided, and that reasonable efforts to prevent out-of-home placement have been made. In determining the reasonable services to be offered or provided, the child's health and safety shall be the paramount concerns. Reasonable services shall be offered or provided to make it possible for a child to return to a safe home environment, unless, pursuant to subdivisions (b) and (e) of Section 361.5, the court determines that reunification services shall not be provided. If reasonable services are not ordered, or are terminated, reasonable efforts shall be made to place the child in a timely manner in accordance with the permanent plan and to complete all steps necessary to finalize the permanent placement of the child.

(c) When out-of-home placement is used to attain case plan goals, the decision regarding choice of placement shall be based upon

selection of a safe setting that is the least restrictive or most familylike and the most appropriate setting that is available and in close proximity to the parent's home, consistent with the selection of the environment best suited to meet the child's special needs and best interest, or both. The selection shall consider, in order of priority, placement with relatives, tribal members, and foster family, group care, and residential treatment pursuant to Section 7950 of the Family Code.

(d) A written case plan shall be completed within 30 days of the initial removal of the child or of the in-person response required under subdivision (f) of Section 16501 if the child has not been removed from his or her home, or by the date of the dispositional hearing pursuant to Section 358, whichever occurs first. The case plan shall be updated, as the service needs of the child and family dictate. At a minimum, the case plan shall be updated in conjunction with each status review hearing conducted pursuant to Section 366.21, and the hearing conducted pursuant to Section 366.26, but no less frequently than once every six months. Each updated case plan shall include a description of the services that have been provided to the child under the plan and an evaluation of the appropriateness and effectiveness of those services.

(e) The child welfare services case plan shall be comprehensive enough to meet the juvenile court dependency proceedings requirements pursuant to Article 6 (commencing with Section 300) of Chapter 2 of Part 1 of Division 2.

(f) The case plan shall be developed as follows:

(1) The case plan shall be based upon an assessment of the circumstances that required child welfare services intervention.

(2) The case plan shall identify specific goals and the appropriateness of the planned services in meeting those goals.

(3) The case plan shall identify the original allegations of abuse or neglect, as defined in Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code, or the conditions cited as the basis for declaring the child a dependent of the court pursuant to Section 300, or all of these, and the other precipitating incidents that led to child welfare services intervention.

(4) The case plan shall include a description of the schedule of the social worker contacts with the child and the family or other caretakers. The frequency of these contacts shall be in accordance with regulations adopted by the State Department of Social Services. If the child has been placed in foster care out-of-state, the county social worker or a social worker on the staff of the social service agency in the state in which the child has been placed shall visit the child in the home or institution at least every 12 months and submit a report to the court on each visit.

(5) When out-of-home services are used, the frequency of contact between the natural parents or legal guardians and the child shall be

specified in the case plan. The frequency of those contacts shall reflect overall case goals, and consider other principles outlined in this section.

(6) When out-of-home placement is made, the case plan shall include documentation of the provisions specified in subdivisions (b), (c), and (d) of Section 16002.

(7) When out-of-home placement is made in a foster family home, group home or other child care institution that is either a substantial distance from the home of the child's parent or out-of-state, the case plan shall specify the reasons why that placement is in the best interest of the child.

(8) When out-of-home services are used, or when parental rights have been terminated and the case plan is placement for adoption, the case plan shall include a recommendation regarding the appropriateness of unsupervised visitation between the child and any of the child's siblings. This recommendation shall include a statement regarding the child's and the siblings' willingness to participate in unsupervised visitation. If the case plan includes a recommendation for unsupervised sibling visitation, the plan shall also note that information necessary to accomplish this visitation has been provided to the child or to the child's siblings.

(9) When out-of-home services are used and the goal is reunification, the case plan shall describe the services to be provided to assist in reunification and the services to be provided concurrently to achieve legal permanency if efforts to reunify fail.

(10) When out-of-home services are used, the child's case plan is subject to review at the first 12-month permanency hearing, and if the case plan is not adoptive placement, the case plan shall include documentation of the compelling reason or reasons why termination of parental rights is not in the child's best interest. A determination by the department when it is acting as an adoption agency or by a licensed adoption agency that it is unlikely that the child will be adopted, or that one of the conditions described in paragraph (1) of subdivision (c) of Section 366.26 applies, shall be deemed a compelling reason.

(11) (A) Parents and legal guardians shall have an opportunity to review the case plan, sign it whenever possible, and then shall receive a copy of the plan. In any voluntary service or placement agreement, the parents or legal guardians shall be required to review and sign the case plan. Whenever possible, parents and legal guardians shall participate in the development of the case plan.

(B) Parents and legal guardians shall be advised that, pursuant to Section 1228.1 of the Evidence Code, neither their signature on the child welfare services case plan nor their acceptance of any services prescribed in the child welfare services case plan shall constitute an admission of guilt or be used as evidence against the parent or legal guardian in a court of law. However, they shall also be advised that

the parent's or guardian's failure to cooperate, except for good cause, in the provision of services specified in the child welfare services case plan may be used in any hearing held pursuant to Section 366.21 or 366.22 as evidence.

(12) The case plan shall be included in the court report and shall be considered by the court at the initial hearing and each review hearing. Modifications to the case plan made during the period between review hearings need not be approved by the court if the casework supervisor for that case determines that the modifications further the goals of the plan.

(13) When the case plan has as its goal for the child a permanent plan of adoption or placement in another permanent home, it shall include documentation of the steps the agency is taking to find an adoptive family or other permanent living arrangements for the child; to place the child with an adoptive family, an appropriate and willing relative, a legal guardian, or in another planned permanent living arrangement; and to finalize the adoption or legal guardianship. At a minimum, the documentation shall include child specific recruitment efforts, such as the use of state, regional, and national adoption exchanges, including electronic exchange systems, when the child has been freed for adoption.

(g) If the court finds, after considering the case plan, that unsupervised sibling visitation is appropriate and has been consented to, the court shall order that the child or the child's siblings, and the child's prospective adoptive parents, if applicable, be provided with information necessary to accomplish this visitation. Nothing in this section shall be construed to require or prohibit the social worker's facilitation, transportation, or supervision of visits between the child and his or her siblings.

(h) The case plan documentation on sibling placements required under this section shall not require modification of existing case plan forms until the Child Welfare Services Case Management System is implemented on a statewide basis.

(i) The department, in consultation with the County Welfare Directors Association and other advocates, shall develop standards and guidelines for a model relative placement search and assessment process based on the criteria established in Section 361.3. These guidelines shall be incorporated in the training described in Section 16206. These model standards and guidelines shall be developed by January 1, 1999.

SEC. 4.5. Section 16501.1 of the Welfare and Institutions Code is amended to read:

16501.1. (a) The Legislature finds and declares that the foundation and central unifying tool in child welfare services is the case plan.

(b) The Legislature further finds and declares that a case plan ensures that the child receives protection and proper case

management, and that services are provided to the parents or other caretakers as appropriate. A case plan shall be based upon the principles of this section and shall document that a preplacement assessment of the service needs of the child and family, and preplacement preventive services, have been provided, and that reasonable efforts to prevent out-of-home placement have been made.

(c) When out-of-home placement is used to attain case plan goals, the decision regarding choice of placement shall be based upon selection of the least restrictive or most familylike and most appropriate setting and selection of the environment best suited to meet the child's special needs and best interest, or both. The selection shall consider, in order of priority, placement with relatives, tribal members, and foster family, group care, and residential treatment pursuant to Section 7950 of the Family Code.

(d) A written case plan shall be completed within 30 days of the initial removal of the child or of the in-person response required under subdivision (f) of Section 16501 if the child has not been removed from his or her home, or by the date of the dispositional hearing pursuant to Section 358, whichever occurs first. The case plan shall be updated, as the service needs of the child and family dictate. At a minimum, the case plan shall be updated in conjunction with each status review hearing conducted pursuant to Section 366.21, and the hearing conducted pursuant to Section 366.26, but no less frequently than once every six months.

(e) The child welfare services case plan shall be comprehensive enough to meet the juvenile court dependency proceedings requirements pursuant to Article 6 (commencing with Section 300) of Chapter 2 of Part 1 of Division 2.

(f) The case plan shall be developed as follows:

(1) The case plan shall be based upon an assessment of the circumstances that required child welfare services intervention.

(2) The case plan shall identify specific goals and the appropriateness of the planned services in meeting those goals.

(3) The case plan shall identify the original allegations of abuse or neglect, as defined in Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code, or the conditions cited as the basis for declaring the child a dependent of the court pursuant to Section 300, or all of these, and the other precipitating incidents that led to child welfare services intervention.

(4) The case plan shall include a description of the schedule of the social worker contacts with the child and the family or other caretakers. The frequency of these contacts shall be in accordance with regulations adopted by the State Department of Social Services. If the child has been placed in foster care out-of-state, the county social worker or a social worker on the staff of the social service agency in the state in which the child has been placed shall visit the

child in a foster family home or the home of a relative at least every 12 months and submit a report to the court on each visit. For children in out-of-state group home facilities, visits shall be conducted at least monthly, pursuant to Section 16516.5.

(5) When out-of-home services are used, the frequency of contact between the natural parents or legal guardians and the child shall be specified in the case plan. The frequency of those contacts shall reflect overall case goals, and consider other principles outlined in this section.

(6) When out-of-home placement is made, the case plan shall include documentation of the provisions specified in subdivisions (b), (c), and (d) of Section 16002.

(7) When out-of-home placement is made in a foster family home, group home or other child care institution that is either a substantial distance from the home of the child's parent or out-of-state, the case plan shall specify the reasons why that placement is in the best interest of the child. When an out-of-state group home placement is recommended or made, the case plan shall, in addition, specify compliance with Section 7911.1 of the Family Code.

(8) When out-of-home services are used, or when parental rights have been terminated and the case plan is placement for adoption, the case plan shall include a recommendation regarding the appropriateness of unsupervised visitation between the child and any of the child's siblings. This recommendation shall include a statement regarding the child's and the siblings' willingness to participate in unsupervised visitation. If the case plan includes a recommendation for unsupervised sibling visitation, the plan shall also note that information necessary to accomplish this visitation has been provided to the child or to the child's siblings.

(9) When out-of-home services are used and the goal is reunification, the case plan shall describe the services to be provided to assist in reunification and the services to be provided concurrently to achieve legal permanency if efforts to reunify fail.

(10) (A) Parents and legal guardians shall have an opportunity to review the case plan, sign it whenever possible, and then shall receive a copy of the plan. In any voluntary service or placement agreement, the parents or legal guardians shall be required to review and sign the case plan. Whenever possible, parents and legal guardians shall participate in the development of the case plan.

(B) Parents and legal guardians shall be advised that, pursuant to Section 1228.1 of the Evidence Code, neither their signature on the child welfare services case plan nor their acceptance of any services prescribed in the child welfare services case plan shall constitute an admission of guilt or be used as evidence against the parent or legal guardian in a court of law. However, they shall also be advised that the parent's or guardian's failure to cooperate, except for good cause, in the provision of services specified in the child welfare services case

plan may be used in any hearing held pursuant to Section 366.21 or 366.22 as evidence.

(11) The case plan shall be included in the court report and shall be considered by the court at the initial hearing and each review hearing. Modifications to the case plan made during the period between review hearings need not be approved by the court if the casework supervisor for that case determines that the modifications further the goals of the plan.

(g) If the court finds, after considering the case plan, that unsupervised sibling visitation is appropriate and has been consented to, the court shall order that the child or the child's siblings, and the child's prospective adoptive parents, if applicable, be provided with information necessary to accomplish this visitation. Nothing in this section shall be construed to require or prohibit the social worker's facilitation, transportation, or supervision of visits between the child and his or her siblings.

(h) The case plan documentation on sibling placements required under this section shall not require modification of existing case plan forms until the Child Welfare Services Case Management System is implemented on a statewide basis.

(i) The department, in consultation with the County Welfare Directors Association and other advocates, shall develop standards and guidelines for a model relative placement search and assessment process based on the criteria established in Section 361.3. These guidelines shall be incorporated in the training described in Section 16206. These model standards and guidelines shall be developed by March 1, 1999.

SEC. 4.7. Section 16501.1 of the Welfare and Institutions Code is amended to read:

16501.1. (a) The Legislature finds and declares that the foundation and central unifying tool in child welfare services is the case plan.

(b) The Legislature further finds and declares that a case plan ensures that the child receives protection and safe and proper care and case management, and that services are provided to the child and parents or other caretakers as appropriate in order to improve conditions in the parent's home, to facilitate the safe return of the child to a safe home or the permanent placement of the child, and to address the needs of the child while in foster care. A case plan shall be based upon the principles of this section and shall document that a preplacement assessment of the service needs of the child and family, and preplacement preventive services, have been provided, and that reasonable efforts to prevent out-of-home placement have been made. In determining the reasonable services to be offered or provided, the child's health and safety shall be the paramount concerns. Reasonable services shall be offered or provided to make it possible for a child to return to a safe home environment, unless,

pursuant to subdivisions (b) and (e) of Section 361.5, the court determines that reunification services shall not be provided. If reasonable services are not ordered, or are terminated, reasonable efforts shall be made to place the child in a timely manner in accordance with the permanent plan and to complete all steps necessary to finalize the permanent placement of the child.

(c) When out-of-home placement is used to attain case plan goals, the decision regarding choice of placement shall be based upon selection of a safe setting that is the least restrictive or most familylike and the most appropriate setting that is available and in close proximity to the parent's home, consistent with the selection of the environment best suited to meet the child's special needs and best interest, or both. The selection shall consider, in order of priority, placement with relatives, tribal members, and foster family, group care, and residential treatment pursuant to Section 7950 of the Family Code.

(d) A written case plan shall be completed within 30 days of the initial removal of the child or of the in-person response required under subdivision (f) of Section 16501 if the child has not been removed from his or her home, or by the date of the dispositional hearing pursuant to Section 358, whichever occurs first. The case plan shall be updated, as the service needs of the child and family dictate. At a minimum, the case plan shall be updated in conjunction with each status review hearing conducted pursuant to Section 366.21, and the hearing conducted pursuant to Section 366.26, but no less frequently than once every six months. Each updated case plan shall include a description of the services that have been provided to the child under the plan and an evaluation of the appropriateness and effectiveness of those services.

(e) The child welfare services case plan shall be comprehensive enough to meet the juvenile court dependency proceedings requirements pursuant to Article 6 (commencing with Section 300) of Chapter 2 of Part 1 of Division 2.

(f) The case plan shall be developed as follows:

(1) The case plan shall be based upon an assessment of the circumstances that required child welfare services intervention.

(2) The case plan shall identify specific goals and the appropriateness of the planned services in meeting those goals.

(3) The case plan shall identify the original allegations of abuse or neglect, as defined in Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code, or the conditions cited as the basis for declaring the child a dependent of the court pursuant to Section 300, or all of these, and the other precipitating incidents that led to child welfare services intervention.

(4) The case plan shall include a description of the schedule of the social worker contacts with the child and the family or other caretakers. The frequency of these contacts shall be in accordance

with regulations adopted by the State Department of Social Services. If the child has been placed in foster care out-of-state, the county social worker or a social worker on the staff of the social service agency in the state in which the child has been placed shall visit the child in a foster family home or the home of a relative at least every 12 months and submit a report to the court on each visit. For children in out-of-state group home facilities, visits shall be conducted at least monthly, pursuant to Section 16516.5.

(5) When out-of-home services are used, the frequency of contact between the natural parents or legal guardians and the child shall be specified in the case plan. The frequency of those contacts shall reflect overall case goals, and consider other principles outlined in this section.

(6) When out-of-home placement is made, the case plan shall include documentation of the provisions specified in subdivisions (b), (c), and (d) of Section 16002.

(7) When out-of-home placement is made in a foster family home, group home or other child care institution that is either a substantial distance from the home of the child's parent or out-of-state, the case plan shall specify the reasons why that placement is in the best interest of the child. When an out-of-state group home placement is recommended or made, the case plan shall, in addition, specify compliance with Section 7911.1 of the Family Code.

(8) When out-of-home services are used, or when parental rights have been terminated and the case plan is placement for adoption, the case plan shall include a recommendation regarding the appropriateness of unsupervised visitation between the child and any of the child's siblings. This recommendation shall include a statement regarding the child's and the siblings' willingness to participate in unsupervised visitation. If the case plan includes a recommendation for unsupervised sibling visitation, the plan shall also note that information necessary to accomplish this visitation has been provided to the child or to the child's siblings.

(9) When out-of-home services are used and the goal is reunification, the case plan shall describe the services to be provided to assist in reunification and the services to be provided concurrently to achieve legal permanency if efforts to reunify fail.

(10) When out-of-home services are used, the child's case plan is subject to review at the first 12-month permanency hearing, and if the case plan is not adoptive placement, the case plan shall include documentation of the compelling reason or reasons why termination of parental rights is not in the child's best interest. A determination by the department when it is acting as an adoption agency or by a licensed adoption agency that it is unlikely that the child will be adopted, or that one of the conditions described in paragraph (1) of subdivision (c) of Section 366.26 applies, shall be deemed a compelling reason.

(11) (A) Parents and legal guardians shall have an opportunity to review the case plan, sign it whenever possible, and then shall receive a copy of the plan. In any voluntary service or placement agreement, the parents or legal guardians shall be required to review and sign the case plan. Whenever possible, parents and legal guardians shall participate in the development of the case plan.

(B) Parents and legal guardians shall be advised that, pursuant to Section 1228.1 of the Evidence Code, neither their signature on the child welfare services case plan nor their acceptance of any services prescribed in the child welfare services case plan shall constitute an admission of guilt or be used as evidence against the parent or legal guardian in a court of law. However, they shall also be advised that the parent's or guardian's failure to cooperate, except for good cause, in the provision of services specified in the child welfare services case plan may be used in any hearing held pursuant to Section 366.21 or 366.22 as evidence.

(12) The case plan shall be included in the court report and shall be considered by the court at the initial hearing and each review hearing. Modifications to the case plan made during the period between review hearings need not be approved by the court if the casework supervisor for that case determines that the modifications further the goals of the plan.

(13) When the case plan has as its goal for the child a permanent plan of adoption or placement in another permanent home, it shall include documentation of the steps the agency is taking to find an adoptive family or other permanent living arrangements for the child; to place the child with an adoptive family, an appropriate and willing relative, a legal guardian, or in another planned permanent living arrangement; and to finalize the adoption or legal guardianship. At a minimum, the documentation shall include child specific recruitment efforts, such as the use of state, regional, and national adoption exchanges, including electronic exchange systems, when the child has been freed for adoption.

(g) If the court finds, after considering the case plan, that unsupervised sibling visitation is appropriate and has been consented to, the court shall order that the child or the child's siblings, and the child's prospective adoptive parents, if applicable, be provided with information necessary to accomplish this visitation. Nothing in this section shall be construed to require or prohibit the social worker's facilitation, transportation, or supervision of visits between the child and his or her siblings.

(h) The case plan documentation on sibling placements required under this section shall not require modification of existing case plan forms until the Child Welfare Services Case Management System is implemented on a statewide basis.

(i) The department, in consultation with the County Welfare Directors Association and other advocates, shall develop standards

and guidelines for a model relative placement search and assessment process based on the criteria established in Section 361.3. These guidelines shall be incorporated in the training described in Section 16206. These model standards and guidelines shall be developed by March 1, 1999.

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(c) Section 4.7 of this bill incorporates amendments to Section 16501.1 of the Welfare and Institutions Code proposed by this bill, AB 2773, and SB 933. It shall only become operative if (1) all three bills are enacted and become effective on or before January 1, 1999, (2) all three bills amend Section 16501.1 of the Welfare and Institutions Code, and (3) this bill is enacted after AB 2773 and SB 933, in which case Section 16501.1 of the Welfare and Institutions Code, as amended by SB 933, shall remain operative only until the operative date of this bill, at which time Section 4.7 of this bill shall become

operative, and Sections 4, 4.3, and 4.5 of this bill shall not become operative.
